A. EXECUTIVE SUMMARY

This Information Report, for consideration of the Board, provides an overview of the central K-12 professional development (PD) plan for teachers. The plan outlines the use of Ministry resources to facilitate professional learning in the TCDSB in order to support student achievement and well-being. The initiatives outlined reflect and support the priorities in the Multi-Year Strategic Plan (MYSP) and the Board Learning Improvement Plan (BLIP). The Professional Learning Plans are found in **Appendices F to T**.

The cumulative staff time required to prepare this report was 110 hours

B. PURPOSE

This annual report outlines the central professional development initiatives to support the Board Learning Improvement Plan.

C. BACKGROUND

1. **Spring 2018** – Professional development planning begins for the 2018-2019 school year.
2. **Fall 2018** – Plans are revised based on newly analysed data and Ministry funding announcements.
3. **Consultation** occurs with federation partners at joint professional development committees.
4. The professional learning provided in this plan is paid through Ministry funding.
5. Professional development plans for Literacy and Numeracy are informed by data from EQAO. Literacy and Numeracy strategies are embedded throughout the PD plans where applicable.

D. EVIDENCE/RESEARCH/ANALYSIS

1. Each year, central staff reviews board data with Educational Research staff to determine the progress toward achievement of the priorities outlined in the MYSP and the goals within the BLIP. The professional learning development plan is informed by this analysis of data, incorporating support for key Ministry initiatives.
2. EQAO reports on the following Literacy and Mathematics assessment results as follows:

Literacy:

- **Grade 3 and 6**
Reading Target Skills: *explicit, implicit, making connections*
Writing Question Formats: *multiple-choice, short writing, long writing*
- **Grade 10**
Reading Target Skills: *explicit, implicit, making connections*
Writing Target Skills: *developing a main idea, organizing information and ideas, using conventions, topic development*
- **Question types:** multiple-choice, open response

Mathematics

EQAO results for Math Assessments are reported based on **strands** and **achievement chart categories**

- **Grade 3 and 6 Strands:** *number sense and numeration, measurement, geometry & spatial sense, patterning & algebra, data management & probability*
- **Grade 9 Applied Strands:** *number sense and algebra, linear relations, measurement & geometry*
- **Grade 9 Academic Strands:** *number sense and algebra, linear relations, analytic geometry, measurement & geometry*
- **Achievement chart categories:** *knowledge/understanding, thinking, application; communication is not reported on as an achievement chart category because it is embedded in the other categories.*
- **Question types:** multiple-choice, open response

3. EQAO Item Information Report (IIR) analysis reveals the following:

Grade 3

Reading

- Students performed better on open response items than on multiple-choice questions.
- *Implicit understanding* and *making connections* multiple-choice questions presented the greatest challenge.

Writing

- Students, in general, performed well on this part of the assessment.
- Short writing and long writing portions of the assessment were particularly strong.

Mathematics

- Students performed better on open response questions than on multiple-choice items.
- No strand stood out as particularly strong – performance was quite similar to that of the province.
- Performance on *measurement* multiple-choice and open response questions were particularly weak.
- Performance on *thinking* questions was weaker than on other achievement chart categories.

Grade 6

Reading

- Students performed better on open response items than on multiple-choice questions – however, neither are particularly strong.
- *Making connections* and *implicit* multiple-choice questions presented the greatest challenge.

Writing

- Students performed best on the short writing portions of the assessment.

Mathematics

- No strand stood out as particularly strong – performance was below that of the province on all strands.
- Multiple-choice questions were particularly challenging for students.
- Other than the strand of *number sense and numeration*, student performance was particularly weak on all multiple-choice questions.
- No notable differences among achievement chart categories.

Grade 9

Applied

- Both cohorts of students performed better than the province in most strands.
- Students in both cohorts struggled the most on multiple-choice questions related to *measurement and geometry*.
- No notable differences among achievement chart categories.

Academic

- Spring and winter cohorts of students performed similarly on the assessment.
- Students struggled particularly on *measurement and geometry* questions – both multiple-choice and open response.
- No notable differences among achievement chart categories.

Grade 10 – OSSLT

- Students who were unsuccessful on the assessment experienced greater challenges with multiple-choice questions than with open response questions.
- Students who were unsuccessful struggled particularly with multiple-choice questions that assessed their ability to understand *implicitly* stated information and that required *making connections*.

4. In **Appendix A** : The breakdown of results for students in each of the levels of achievement over 5 years shows the following:

ELEMENTARY

Grade 3

Reading

- Percentage of students at Level 4 has increased
- Percentage of students at Level 3 has remained fairly consistent,
- Percentage of students at Level 2 has increased
- Percentage of students at Level 1 has decreased slightly

Writing

- Percentage of students at Level 4 has decreased
- Percentage of students at Level 3 has decreased
- Percentage of students at Level 2 has increased
- Percentage of students at Level 1 has remained consistent

Math

- Percentage of students at Level 4 was increasing consistently but has decreased in the last year
- Percentage of students at Level 3 has decreased
- Percentage of students at Level 2 has increased
- Percentage of students at Level 1 has increased

Grade 6

Reading

- Percentage of students at Level 4 has remained fairly consistent
- Percentage of students at Level 3 has increased
- Percentage of students at Level 2 has remained fairly consistent
- Percentage of students at Level 1 has decreased

Writing

- Percentage of students at Level 4 has increased
- Percentage of students at Level 3 has decreased
- Percentage of students at Level 2 has remained fairly consistent
- Percentage of students at Level 1 has remained the same

Math

- Percentage of students at Level 4 has remained fairly consistent
- Percentage of students at Level 3 has decreased
- Percentage of students at Level 2 has remained fairly consistent
- Percentage of students at Level 1 has increased

SECONDARY

Grade 9 Applied Math

- Percentage of students at Level 4 has increased
- Percentage of students at Level 3 has remained fairly consistent
- Percentage of students at Level 2 has decreased
- Percentage of students at Level 1 has remained fairly consistent

Grade 9 Academic Math

- Percentage distribution across levels is fairly consistent

Grade 10 OSSLT Applied

- Percentage of students that were successful has decreased

Grade 10 OSSLT Academic

- Percentage of students that were successful has decreased

5. Cohort data is a collection of data for a group of students for which there is data for more than one year of assessment for the purpose of comparison (i.e. Grade 3 and Grade 6 EQAO results for the same group of students). Cohort Data from the last 5 years is available in **Appendix B**.
6. Central staff support local school professional learning. The current delivery model for professional development hinges on the local identification of professional learning needs. This PD model supports the principal as the instructional leader in the school and provides resources for the school improvement team to implement a school improvement plan that establishes ambitious but realistic student performance standards. The principal will include teachers in instructional improvement work and assist them in developing understanding of powerful and precise assessment and instructional strategies for students
7. All schools are required to complete a Professional Learning Form (**Appendix C**) that describes the school's urgent critical student learning need based on school data analysis. The Professional Learning Form includes the school's plan to address the stated urgent student learning need. A key focus for the 2018-2019 school year will be numeracy across the curriculum, while embedding literacy skills.
8. Code days (release days for teacher professional learning by providing an occasional teacher) will be differentiated based on need, to support the schools in attaining their student learning goals for the 2018-2019 school year (**Appendix D**). Professional learning related to improving teaching practice to address student learning needs will be conducted at each school under the leadership of the principal. Networks based on similar student needs may be formed to allow for greater collaboration among staff. Resource staff will be available to support these schools and any established learning network of schools.
9. Schools will be responsible for submitting a reconciliation form to outline the learning goals and the agenda for the usage of these allocated code days (**Appendix E**). Area Superintendents will monitor the achievement of the learning goals. Schools will provide evidence of student improvement to the Superintendent during their school learning improvement plan discussion sessions, at a midpoint check and at a year-end check.

10. Student Success Learning Networks (SSLN) will promote collaboration between secondary and elementary panels and improve teacher efficacy through cross-panel (grade 7-10 teachers). SSLNs will focus on addressing the group's urgent critical needs in the area of Literacy and Numeracy.
11. To ensure equity of outcomes, Culturally Responsive Teaching and Learning continues to be a focus of all centrally delivered professional learning. It is important to improve student engagement by ensuring that all resources used in our schools and work reflect the identities of our diverse population of students.
12. Assessment for Learning strategies will be reinforced through all centrally provided professional learning to continue to ensure that all student needs are met. Gathered information from these assessment strategies will be used to inform next steps in instruction.
13. Based on our most recent analysis of data, we have identified areas of focus. Outlined below are the key initiatives for **Elementary Literacy**:
 - Fifth Block Primary Literacy Intervention Program: (42 schools - increased significantly from last year) This program was re-written in 2017 to include text and vocabulary to assist with understanding of mathematics and numeracy.
 - Primary Literacy (37 schools that were too small to receive a Fifth Block Allocation): These schools receive the support of resource teachers to introduce strategies from the Fifth Block program into primary classrooms for students who require literacy and numeracy intervention.
 - In-School Support will build teacher capacity through responsive co-planning and co-teaching based on student data.
 - New to K/Primary/Junior Literacy is to assist teachers new to each division with a review of the literacy framework, assessment for learning and small group instruction and to promote Board and Ministry documents and resources that support effective teacher practice (French teachers will also be included)

- New Teacher Induction Plan Literacy Workshop will introduce new teachers to Language expectations, the literacy framework, assessment and strategies for student success

New this year:

- Elementary Literacy Symposium is a one-day symposium that will provide the literacy rep from each school with information about board literacy data, unpacking school data and review of various literacy resources and skills, that will lead to in-school support (French teachers will also be included)
- K-12 Innovation Camp will promote innovative literacy practices in reading, writing, and media literacy; foster collaboration and spark creativity through design thinking and real world connections; share promising practices
- Assessment & Small Group Instruction Workshop (3 days) for Gr 3 & 6 teachers from 30 underperforming schools (based on EQAO results) with a focus on assessment for learning and the use of data to inform small group instruction around EQAO practice questions. Emphasis will be on multiple-choice questions, implicit and connection reading questions, thinking & application math questions.
- In-School Support for Elementary Schools for Grades 6, 7, 8: Central Resource Staff to support schools in the implementation of their School Professional Learning Plan by providing schools with release days for resource building, co-planning and co-teaching.
- Teachers New to the Intermediate Division: Central Resource Staff to provide professional learning sessions for teachers new to Grade 7 & 8 that focus on - curriculum expectations, the literacy framework, assessment for learning strategies, and essential literacy resources to inform practice and support student learning.

14. Based on our most recent analysis of data, we have identified areas of focus. Outlined below are the key initiatives for **Elementary Numeracy**:

- Schools identified as requiring intensive support (9) receive the support of a Math Facilitator to assist in identifying learning needs and to work with teachers to implement evidence-based strategies

- Schools identified as requiring increased support (31) and intensive support (9) have of a Numeracy and Literacy Coach assigned to work in Grade 6-8 classes to assist with focused intervention strategies in math and literacy
- Principal Math Instructional Coach to assist Principals in identifying areas of need in mathematics and to plan strategies and professional learning sessions for the staff.
- JUMP math professional learning sessions will be planned for Gr 3 and 6 teachers, Principals and Superintendents from the former JUMP math pilot schools (14) to unpack EQAO data and identify gaps that need to be addressed in the area of thinking and application mathematics questions.
- French Immersion teachers will be receiving Mathologie resources to use in K-2 classes as necessary. Professional learning sessions will be offered to support the implementation of these resources.

New this year:

- MathUP School supports principals in leading measurable and sustainable whole school improvement in math. Principal professional development is focused on gathering, analysing and quantifying data using a step-by-step process based on evidence and insights drawn from their own students' learning, to inform whole school professional learning. (16 Pilot Schools)
- What to Look For Early Numeracy Development (Alex Lawson): Teachers will focus on understanding fundamental math concepts, including how numbers behave in operations. (24 schools involved in Collaborative Inquiry)
- Focus on Fundamentals Additive and Multiplicative Thinking: Workshops for Grade 3 & 6 teachers. A review of all resources available in schools
- In-School Support for Elementary Schools for Grades 6, 7, 8: Numeracy and Literacy Coaches to support intensive and increased support schools in the implementation of their School Professional Learning Plan by providing schools with release days for resource building, co-planning and co-teaching.

- Assessment Pilot with Grades 6, 7, 8: Using data collected through formative assessment as a tool to learn and inform/refine instruction to meet student needs.

15. Based on our most recent analysis of data, we have identified areas of focus. Outlined below are the key initiatives for **Student Success Secondary (Literacy and Numeracy)**:

Fall Regional Professional Development Sessions: Together with their Area Superintendent, School Improvement Teams (principals, student success teachers, guidance counsellors, special education teachers, numeracy leads, literacy leads, geography teachers, technological education teachers) focus on using data analysis from Literacy and Numeracy sessions to develop their school Professional Learning Plan.

Support for Student Success Learning Networks (SSLN): Central staff will support SSLNs in the area of Literacy and Numeracy.

Student Success Conference: The focus will be on Assessment for Learning in a Culturally Responsive Classroom. Central Literacy and Numeracy staff will provide follow up support in their respective professional learning sessions.

16. Outlined below are the initiatives for **Secondary Literacy**:

Skill Focus: Reading (Implicit Understanding, Inferencing, Making Connections)

- Literacy Data Session: Central Resource staff to support school teams in analysing Data and identifying Urgent Critical Need.
- In-School Support: Central Resource staff to support school teams in developing and implementing their School Professional Learning Plans in the area of Literacy.
- OSSLT Preparation: A focus with targeted Collaborative Inquiry schools; embedded in all Literacy PD.
- Literacy Leads and English Heads' Professional Learning Sessions

- The Spoken Word Project: Focusing on social justice issues through oral communication.
- Reading for the Love of It: Conference for Teachers

New this Year:

- All secondary schools will take part in a centrally supported Collaborative Inquiry focused on skills to reach the Applied Level Learner (3 days per school, working in groups based on identified strategy).
- Central staff to work with 10 targeted schools that, through an analysis of trend data, require additional support. Teachers will take part in a 5 day Collaborative Inquiry based on local needs with a focus on developing Literacy Skills (3 days of central support in groups, 2 days of in-school support specific to school-based needs).
- Closing the Gap in Literacy: Support above-mentioned targeted schools with a focus on helping students develop literacy skills and strategies to be successful on the OSSLT.

17. Outlined below are the initiatives for **Secondary Numeracy**:

Strand of Focus: Measurement & Geometry

- Numeracy Data Session: Central Resource staff to support school teams in analysing Data and identifying Urgent Critical Need.
- In-School Support: Central Resource staff to support school teams in developing and implementing their Professional Learning Plans in the area of Numeracy
- EQAO Grade 9 Applied Assessment Preparation: A focus with all targeted schools and Collaborative Inquiry schools; embedded in all Numeracy PD.
- Numeracy Leads and Math Department Heads professional Learning Sessions
- Monitoring Student Achievement in Applied Level Math Classes: Release days for the Implementation of the Learning Cycle.

- Incorporating Technology in the Classroom: Use technology to engage and support student learning; embedded in Numeracy PD

New this year:

- Secondary schools will take part in a centrally supported Collaborative Inquiry focused on locally identified areas of need in terms of strands and processes to reach the Applied Level Learner (3 days per school working in groups based on identified strategies; 2 days of in-school support in Applied Level classrooms).
- Areas of Focus for Collaborative Inquiry:
 - Spiralling Strategy in Math: Using assessment and instructional strategies that allow for Math strands and curriculum expectations to be interwoven and revisited on multiple occasions during the course of the year. This promotes deeper student understanding of mathematics by allowing them to see relations between strands and to make connections to real world examples.
 - Pre-Applied to Applied Pathway: Students have the option to enrol in MAT1L (Locally Developed Math Course) in Semester One and then MFM1P (Applied Level Math Course) in Semester Two, thereby having Math all year round.
- EquatIO Pilot - Focused Learning Series: Using an assistive technology tool to support students with special needs in Grade 9 Applied classrooms.
- Working with Targeted Schools: Central staff to work with targeted schools that, through an analysis of trend data, require additional support; in-class support via co-planning and co-teaching.

18. The K-12 PD plan for 2017-18 is multi-faceted and has the following components:
 - a) PD for Teachers K-8 Numeracy (**Appendix F**) and K-6 Literacy (**Appendix G**).
 - b) PD for Teacher 7-12 Numeracy (**Appendix H**) and 7-12 Literacy (**Appendix I**).
 - c) PD to support student and staff well-being (i.e. Stop the Stigma, Mental Health Strategy through our Catholicity, Community, Culture and Caring (CCCC) program, (7-12) (**Appendix J**).

- d) PD for Teachers in the Early Years Program (**Appendix K**).
- e) PD for Teachers in the English Language Learner Program (ELL) (**Appendix L**).
- f) PD for Teachers French (**Appendix M**).
- g) PD for Teachers Outdoor/Health/Physical Education (**Appendix N**).
- h) PD for Teachers in Indigenous Education (**Appendix O**).
- i) PD for Teachers in Music (**Appendix P**).
- j) PD for Pathways Planning (**Appendix Q**).
- k) PD for Safe School (**Appendix R**).
- l) PD for 21st Century Learning (**Appendix S**).
- m) PD for Library Teachers and Technicians K-12 (**Appendix T**).

E. METRICS AND ACCOUNTABILITY

1. The development of a new Common Professional Learning Feedback form will allow for the collection of data to determine impact of PD on teacher learning and student achievement (**APPENDIX U**)
2. This year a new School Learning Improvement Plan process has been implemented for all schools:
 - May / June: review school progress and begin goal setting process for 2018-2019
 - September: continue to review school data, determine an urgent critical learning need, set a SMART goal related to their urgent critical learning need and develop a Professional Learning Form
 - September: Regional PD for Secondary Schools to review data
 - October – January: professional learning occurs related to the school's urgent critical learning need and the professional learning need
 - January: Midpoint Check – all Principals will present to a team of reviewers information related to their school plans and progress to date. The reviewers will provide each Principal with feedback to inform next steps.

- February – June: professional learning occurs related to the school’s urgent critical learning need and the professional learning need
 - June: End of Year Check – all Principals will present to a team of reviewers information related to their school plans and progress to date. The reviewers will provide each Principal with feedback to inform next steps and begin goal setting for next year.
3. This year a new School Improvement Learning Plan monitoring process will be implemented and supported by Central Superintendents, Associate Director and Director:
- September: Field Superintendents will engage in data analysis and goal setting process with school staff.
 - October: Field Superintendents will review all school plans. School plans will be posted on the school website.
 - October – January: Field Superintendents will participate in professional learning with each staff to ensure that sessions are addressing student needs and school goals
 - January: All academic senior staff, all principals, Coordinators and Ministry Student Achievement Officers will participate in the Midpoint Check by providing feedback to each principal related to their School Learning Improvement Plan, progress to date in addressing student learning needs and next steps
 - February: Principal Instructional Math Coach, Ministry Student Achievement Officers and Field Superintendents will meet with Principals to determine next steps
 - February – June: Field Superintendents will participate in professional learning with each staff to ensure that sessions are addressing student needs and school goals
 - June: All academic senior staff, all principals, coordinators and Ministry Student Achievement Officers will participate in the End of Year Check by providing feedback to each principal related to their School Learning Improvement Plan, progress to date in addressing student learning needs and next steps

F. CONCLUDING STATEMENT

<p>A. CONSIDER ALL DATA With your School Improvement Team review feedback from June IGNITE presentation and all achievement data. NOTE: Field Superintendents will be notifying schools with whom they would like to be present when discussing these steps.</p>
<p>B. DATA RELEVANT TO NEEDS After reviewing all of your school student achievement data, ONLY list the data that points to areas of focus for learning needs for students in the boxes below:</p>

Student Achievement Data: (EQAO, CAT4, pass rates, credit accumulation, attendance, etc.)	Perceptual Data: (Survey data, School Climate, etc.)	Demographic Data: (N tiles, etc)	Program Data: (Empower, 5 th Block, Taking Stock, SSI, etc.)	Other: (SSLN, EDI, etc.)

DIGGING DEEPER	Professional Learning Planning to support and help achieve the UCLN and Smart goal
C. EQUITY OF OUTCOMES - CHALLENGES What challenges do you face to ensure equity of outcomes for all students (refer to your demographic data, cultural makeup of school, languages spoken, wellness concerns, etc)	J. CULTURALLY RELEVANT AND RESPONSIVE TEACHING AND LEARNING What will you do in order to address the culturally relevant pedagogy needs of your community, outlined in C. and D. above? List strategies
D. EQUITY OF OUTCOMES - LEARNING NEEDS Consider your responses in A-C above; explain what this data tells you about your student's learning needs ie (Our students struggle with we know this because (be specific)...)	
E. EQUITY OF OUTCOMES - GAP ANALYSIS List any notable achievement gaps (ie students with IEP not performing as well as students with no IEP ... give examples that show the gap scores IEP 42%, non-IEP 75%). Other examples of gaps include ELL students compared to non-ELL, gender gaps, credit accumulation rates, etc.	
F. FOCUS GROUPS <ul style="list-style-type: none"> Identify groups of students you will monitor – “we will focus on moving students who....” Eg (scoring 2.5-2.9, scoring 2.0-2.9, ELL, IEP, boys, students in poverty, poor attendance....) Identify how many students are in this focus group. <p>Keep in mind: what's necessary for some is good for all Keep in mind: that focus groups should not be too narrow (eg. There are 20 students in grade 6 and only 1 student is between 2.5 and 2.9, thus Students achieving between 2.5 and 2.9 would be too narrow of a focus) Keep in mind: that focus groups do not name individuals</p>	
G. URGENT CRITICAL LEARNING NEED Using no more than 140 characters – based on info in A-G above – list your school's <u>greatest</u> urgent critical student learning need. Please be as specific as possible.	K. NECESSARY CHANGES TO BE ADDRESSED THROUGH PD Based on G. and H. above: What needs to change in order for you to meet your goal

H. SMART GOAL

Write a SMART goal to address your school's UCLN --- we will move the focus group from 52% to 72%....

Keep in mind: goal should not be too narrow (eg. There are 20 students in grade 6 and your goal is to move 2% of the students, yet 1 student moving from 2.5 to above 3 would result in a 5% increase to the score. Not only is a 2% increase not representative of your community - it means you are effectively only working to move 1 student, not a group)

Keep in mind: Specific, Measurable, Attainable, Relevant, Timely

<https://www.smartsheet.com/blog/essential-guide-writing-smart-goals>

and address the UCLN? What needs to be done differently in the classroom?

Eg. more emphasis on assessment for learning in the classroom

REQUIRED PROFESSIONAL LEARNING

L. STAFF PD CRITICAL NEED

Using your responses to J. and K., Think of this as the Urgent Critical Learning Need for Staff in order to achieve the Urgent Critical Learning Need for Students.

What professional learning is required in order to support G. and H. above— be specific, list classroom, instructional and assessment strategies...

Eg. a day of PD focused on assessment strategies within a professional learning cycle for all teachers

M. PROFESSIONAL DEVELOPMENT PLAN FOR USE OF YOUR ASSIGNED CODE DAYS

What is your PD plan? When will you do PD? What PD will you do? Who will support your PD? What other professional learning is occurring outside of CODE days?

Eg. On Nov 4, staff will begin a professional learning cycle focused on assessment addressing UCLN, with support from central staff

Monitoring Professional Learning and Student Achievement**N. MONITORING STUDENT PROGRESS AND PROFESSIONAL DEVELOPMENT**

How will you monitor student learning and achievement?

How will you monitor the effectiveness of professional learning?

What will you monitored?

How often will you monitoring?

Who will you monitor?

Professional Learning Cycles: <https://goo.gl/aJ57nz>

O. HOW WILL YOU KNOW? ARTEFACT COLLECTION

What evidence will you collect to show progress in Student Achievement?

What evidence will you collect to show that PD is effective / aligned with goals?

Department: LITERACY K-8

Based on trends identified in EQAO scores in Reading and Writing, we will focus on reasoning skills for inferring and making connections. Our work will be grounded in assessment for and as learning to inform targeted instruction in small groups. As a team, we will use targeted, small group instruction to improve student achievement in identified areas of need through intentionally building capacity of effective teacher practice in literacy.

A. EXECUTIVE SUMMARY

This report outlines the number and type of requests for Religious Accommodation within Toronto Catholic District School Board schools in the school year from September 2017 to June 2018. Data for this report is collected through the use of a survey and interviews with school principals. Since 2012, there have been relatively few formal requests for religious accommodation, including exemptions, and this pattern continues for this school year.

The cumulative staff time required to prepare this report was 20 hours

B. PURPOSE

1. This report fulfils the obligation articulated in the TCDSB Religious Accommodation Policy S.22 that ‘the consistent application of religious accommodation requests will be monitored and reported in an annual report to the board of trustees’. (**Appendix A**)
2. The obligation for honouring requests for religious accommodation is also articulated in the TCDSB Opening and Closing Exercises Policy S.S.02. (**Appendix B**)

C. BACKGROUND

1. **September 2018** – All principals provided input regarding religious accommodation requests for the previous school year.
2. Recently, arising from an Ontario Human Rights Tribunal case, the Simcoe Muskoka Catholic District School Board published its Practice and Procedure around Religious Education Exemptions. The TCDSB received this document on October 16, 2017 and, as recommended by the Ontario Catholic School Trustees’ Association, the TCDSB reviewed the document and confirms that its own policies and procedures meet all statutory requirements.

D. EVIDENCE/RESEARCH/ANALYSIS

1. Despite its population of approximately 91,000 students, the board has consistently had very few requests for religious accommodation in the past. There were 12 schools that reported requests for religious accommodation in the 2017-18 school year.
2. A summary of all requests is provided in **Appendix C**. Accommodations have been made in accordance with the *TCDSB Religious Accommodation Policy S.22* and within the provisions of the Education Act, Section 42(11) and 42(13) (**Appendix D**).
3. When requests for religious accommodation are made, principals engage in discussions with students and parents/guardians. In addition, principals consult with their area superintendent as well as the Superintendent of Student Success.

E. METRICS AND ACCOUNTABILITY

1. Principals will dialogue with their area superintendents and, when necessary, consult with the Superintendent of Student Success regarding requests for religious accommodation arise.
2. In June, principals will be asked to provide data on religious accommodation requests received in the current school year.
3. Senior Staff will report to board annually in the early part of the next school year, regarding the June data collected regarding religious accommodation requests.

F. CONCLUDING STATEMENT

This report is for the consideration of the Board.

Cross Reference: <ul style="list-style-type: none"> · Catholic Equity and Inclusive Education Policy H.M. 24 · Ontario Ministry of Education Policy/Program Memorandum 119, <i>Developing and Implementing Equity and Inclusive Education Policies in Ontario Schools</i> Attachment(s):		

Purpose:

This Policy recognizes that religious accommodation provisions are designed to promote a respectful learning environment for all members of the Toronto Catholic District School Board (TCDSB) consistent with the exercise of the Board's denominational rights under section 93 of the Constitution Act, 1867, and as recognized in section 19 of the Ontario Human Rights Code. The policy identifies the types of accommodations schools can reasonably provide to students and outlines the conditions under which a student's religious beliefs would be accommodated.

Scope and Responsibility:

The policy extends to staff members, students and their families while in attendance at school or engaged at other TCDSB events. The Director of Education, with the assistance of Supervisory Officers and Principals, are responsible for this policy.

Alignment with MYSP:

Living Our Catholic Values
Fostering Student Achievement and Well-being
Strengthening Public Confidence

Financial Impact:

Generally, there is no significant financial impact.

Legal Impact:

Policy/Program Memorandum 119 requires school boards to develop an equity and inclusive education policy which, among other things, includes a guideline on religious accommodation in accordance with the Ontario Human Rights Code.

Policy:

The TCDSB is committed to the values of freedom of religion and freedom from discriminatory or harassing behaviours based on religion, and will take reasonable steps to provide religious accommodations within the legal and denominational rights afforded the Catholic school system as per Section 93 of the Constitution Act of 1867. Such accommodations will be provided to staff members, students and their families.

Regulations:

- 1 The TCDSB supports freedom of religion and an individual's right to manifest his or her religious beliefs and observances. The right to freedom is not absolute, and religious accommodation in TCDSB is carried out in the larger context of the Catholic education system and denominational rights of Catholic schools.
- 2 The TCDSB will, at all times, seek to accommodate an individual's right to freedom of religion in a manner that not only respects the individual's beliefs, but the principles of the Catholic Church.
- 3 It is understood that all students registered in TCDSB schools acknowledge that the school community proclaims, celebrates and cherishes its Catholic

identity and traditions and that staff will teach the curriculum from a Catholic perspective. At the same time, the school is enriched and is committed to providing an environment that is inclusive, safe and free of barriers based on religion.

- 4 In respect of religious accommodation, TCDSB acknowledges that all students, in accordance with what the Catholic Church offers in its social teachings and reflective practice, are entitled to their rights and responsibilities under the Ontario Human Rights Code.
- 5 TCDSB will work cooperatively and take all reasonable steps to provide accommodation to individual requests from students to facilitate his/her religious beliefs and practices.
- 6 Areas of religious accommodation include, but are not limited to:
 - a) school opening and closing exercises;
 - b) leave of absence for Religious Holy Days;
 - c) prayer;
 - d) dietary requirements;
 - e) fasting;
 - f) religious dress;
 - g) modesty requirements in physical education; and
 - h) participation in daily activities and curriculum.
- 7 Chapels in Catholic schools are specifically designed and furnished in the Catholic tradition for prayer and liturgy, and are not to be considered multi-faith chapels. The chapel is open to all people for individual silent prayer or meditation, but it is not appropriate for non-Catholic liturgies or group prayer to be held in the chapel. In following the general custom of the Roman Catholic Church, non-Catholics are welcome to join in prayers services and liturgical celebrations of the Catholic Church community, while honouring restrictions, such as sharing Holy Communion.
- 8 Should the need arise, the principal, in consultation with the Chaplaincy team leader, will designate another appropriate space within the school other than a chapel for religious celebrations held by other Christian denominations or faith traditions.

- 9 Religious Accommodation with respect to elementary students will be made so that it applies to elementary schools consistent with the Admission Policy.

Definitions:

Constitution Act, 1867, Section 93

The general Act created the Dominion of Canada in 1867, and provided powers to the provinces to exclusively make laws for education. Those denominational rights granted to separate (Catholic) schools prior to the Constitution Act would be guaranteed.

Ontario Human Rights Code, Section 19

While the Human Rights Code prohibits discrimination and provides equal treatment for all people in Ontario with respect to a number of categories, Section 19 recognizes that the Code will not be construed to adversely affect any right or privilege respecting separate schools enjoyed by separate school boards or their supporters under the constitution Act, 1867 and the Education Act.

Evaluation and Metrics:

1. Implementation of the religious accommodation policy is the responsibility of the school principal in consultation with the Area Superintendent.
2. The consistent application of religious accommodation requests will be monitored and reported in an annual report to the Board of Trustees.
3. TCDSB staff will consult with other Catholic school boards in Ontario with respect to their implementation of religious accommodation policies.

Policy

The Toronto Catholic District School Board is committed to living the values of our Catholic faith and to supporting the development of school communities formed by Catholic beliefs and traditions, while also fostering national pride. Each principal of a school within the Toronto Catholic District School Board will ensure that daily opening and closing exercises include public prayer and the singing of O Canada.

Regulations:

1. The principal shall, in annual consultation with the Catholic School Parent Council, establish procedures for opening and closing exercises. These procedures will be reviewed at the beginning of each school year.
2. In respect of the national anthem, students will sing O Canada a cappella or with musical accompaniment, as deemed appropriate.

9. In respect of religious accommodation, TCDSB acknowledges that all students, in accordance with what the Catholic Church offers in its teachings and reflective practice, are entitled to their rights and responsibilities under the Ontario Human Rights Code.
10. The TCDSB stands in solidarity with Indigenous peoples of Canada and acknowledges that all stakeholders live, work, play and learn on Indigenous lands. The following daily acknowledgement will be incorporated into each school's Opening Exercises:
Out of our deep respect for Indigenous peoples in Canada, we acknowledge that all Toronto Catholic District School Board properties are situated upon traditional territories. The territories include the Wendat, the Anishinabek (a-ni-shna-bek) Nation, the Haudenosaunee (hoh-Dee-noh-Shoh-nee) Confederacy, and the Mississaugas of the New Credit First Nations. A. EXECUTIVE SUMMARY

The TCDSB guidelines regarding scheduling combined classes are consistent with the Ministry of Education document “Combined Grades – Strategies to Reach a Range of Learners (2007)”. This annual policy metric report summarizes considerations for combined grade classes in the Ontario context and recommended scheduling practices in the TCDSB.

The cumulative staff time required to prepare this report was 5 hours.

B. PURPOSE

This annual policy metric report identifies procedures for schools to follow when organizing combined grade classes which inform the re-organization of school models in September.

At the October 4, 2018 Student Achievement and Well-Being, Catholic Education and Human Resources Committee Meeting, a Trustee inquiry was submitted to the Student Achievement Committee requesting additional information outlining the September re-organization process.

C. BACKGROUND

1. In October 2013 the Board approved Policy S.24 which addressed the issue of combined grade classes for elementary schools.
2. The TCDSB continues to apply this policy to its annual scheduling/staffing processes. At the request of the Board of Trustees, Human Resources staff provide an annual policy metric update on the status of combined elementary classes.

D. EVIDENCE AND RESEARCH

1. In Ontario, the topic of combined grades is dealt with in the Education Act S. 265(1) (e) under the *Duties of principal (timetable)*. Although the duties in this section include “to assign classes and subjects to teachers,” there is no specific mention of combined grades. Additionally, in the Ministry Assessment and Evaluation document *Growing Success*, there is no reference to combined grades. The Ministry direction on evaluation in

combined grades is that the students must be evaluated on the expectations for their particular grade level.

Decisions regarding the organization of classes and assignment of students to classes at the TCDSB are locally determined based on enrollment, student need(s), funding formulas and the school staffing model initially generated by Human Resources staff to ensure Ministry class size compliance.

2. The Ministry of Education published several documents on the topic of combined grades in 2007; these included a research monograph, a strategy document and a brochure. A key message from these documents includes the following:

“In all classrooms, no matter how they are organized, teachers need to provide for the individual needs of students. To achieve this, they use a variety of methods on a daily basis to assess the needs of each student and then adjust the focus of instruction for skill development accordingly. In all classrooms, there is a range of students, and a teacher’s goal to meet the needs of all learners remains the same regardless of the classroom organization”. (p. 3, Combined grades: Strategies to reach a range of learners in kindergarten to grade 6, 2007, Ministry of Education)

A curriculum pamphlet relating to combined grade classes is available on the TCDSB portal for Principals to distribute.

3. There are several considerations in addition to student achievement and well-being, which impact how elementary classroom models are created. These include Ministry-mandated cap sizes for classrooms, Collective Agreement(s) parameters, and differing overall expectations related to across-grade curricula.

Ministry regulations to govern practices in schools around classroom allocation include:

- i) Primary Class Size (PCS) parameters (as of September 30) which mandate the following class sizes:

- 100% of JK-Grade 3 classes have a maximum of 23 students
 - 90% of JK-Grade 3 classes to have a maximum of 20 students
- ii) Ontario Regulation 132/12 (2012) stipulates that the “average size in each school year of a board’s mandatory kindergarten classes shall be 26”;
 - iii) For the 2018-2019 school year, the average size for Grade 4-8 classes shall not exceed 24.97 students. The overall average of 24.97 students also meets the contractual obligations with our teacher federation. If a combined grade class includes one or more students enrolled in the primary division, the class shall have a maximum of 23 students.
 - iv) Failure to meet Ministry compliance targets results in a penalty to the Board equal to 1% of the Board’s total budget.
 - v) The requirements related to Ministry class sizes and contractual class sizes along with the preference for single grade classrooms restricts the ability to have equal class loadings in a combined grade classroom.
 - vi) Table 1 below displays the distribution, by area (1 through 8), of these combined classes for the 2018-2019 school year. Please note that the distribution is relatively consistent throughout the Board.
 - vii) September re-organizations of Class Staffing Models are a direct result of actual September enrollment, contractual commitments, and Ministry mandated ratios.
 - a. The aggregate distribution of schools re-organized during September 2018 is found on the following page below (Table 1):

TABLE 1

Area	Number of Schools
Area 01	11
Area 02	11
Area 03	13
Area 04	15
Area 05	14
Area 06	8
Area 07	13
Area 08	13
Total	98

- b. Re-organization during the September 2018 occurred during three distinct iterations:
- i. September 5, 2018 – these changes occurred due to a significantly increased enrolment variance from our projected versus our actual enrolment metrics. Four schools implemented a reorganization on this noted date. (impacted 4 schools)
 - ii. September 21, 2018 – as a response to the TCDSB’s requirement to meet Ministry Compliance targets for ELP class size, Primary Class Class, and Junior/Intermediate targets. (impacted 73 schools)
 - iii. September 25, 2018 – due to a further increase in enrolment additional infusion of Junior/Intermediate allocations was required in order for us to achieve our 24.97 aggregate total. (impacted 21 schools)

Combined grade classes are not new to TCDSB or any other Board in the province. For the 2018-2019 school year, TCDSB has 734.5 combined grade classes representing 27.85% of all elementary classes. Regardless of school size, 166 elementary schools have at least some combined grade classes. A review of the data indicates that combined grade classes exist for all grade combinations. Table 2 on the next page presents a four-year summary of combined grade classes.

TABLE 2

SCHOOL YEAR	TOTAL NUMBER OF COMBINED GRADE CLASSES
2015 - 2016	791
2016 - 2017	748
2017 - 2018	764.5
2018 - 2019	734.5

E. METRICS AND ACCOUNTABILITY

The Human Resources Department will monitor the implementation of Policy S.24 in order to ensure that the optimum number of combined grade classes are created as the Board honors its prescriptive Ministry of Education staffing requirements.

F. CONCLUDING STATEMENT

This report is for the consideration of the Board of Trustees.

TCDSB Policy Register

Combined (Split) Grade Classes for Elementary Schools S.24

<i>Date Approved:</i> <i>October 2013 – Board</i>	<i>Review Cycle:</i> <i>Date – October 2016</i>	<i>Dates of Amendment:</i>
<i>Cross Reference:</i> <i>A.33 – Guidelines for Trustees, Parents and Staff in Addressing School Related Concerns</i> <i>S.05 – School Organization Change</i> <i>S.A.02 – Placement of Pupils</i> <i>S.P. 13 Student And Program Assessment</i> <i>Collective Agreement between Toronto Catholic District School Board and Toronto Elementary Catholic Teachers of the Ontario English Catholic Teachers’ Association 2008/2012</i> <i>Ministry Primary Class Size (PCS) Framework</i> <i>Education Act S.265 (1) (e) Duties of a principal</i> <i>Education Act, Ontario Regulation 132/12: Class Size</i> <i>Attachments(s):</i>		

Purpose:

The purpose of this Policy is to ensure that all decisions regarding combined (split) grade classes within the Board are guided by professional standards, considering student and well-being and achievement.

Scope and Responsibility:

This Policy extends to all elementary schools within the Toronto Catholic District School Board (TCDSB). The Director of Education is responsible for this Policy

Alignment with MYSP:

Fostering Student Achievement and Well Being

Providing Stewardship of Resources

Financial Impact:

There would be significant financial and facility impact on the TCDSB if the Board provided for only single grade classes within their elementary schools.

Legal Impact:

The Toronto Catholic District School Board is obligated to meet all Ministry requirements in regards to class size. The board also has contractual obligations that restrict the number of students in any particular class.

Policy:

The Toronto Catholic District School Board promotes single grade classes where feasible. All combined (split) grade classes must meet the Ministry and contractual guidelines in regards to a total number of students assigned. When single grade classes cannot be achieved, the Principal shall adhere to the following regulations:

Regulations:

1. Consistent with the Education Act S.265 (1) (e), under *Duties of a principal (timetable)*, school principals are expected “to assign classes and subjects to teachers.”
2. There shall be no ‘double’ combined classes. This refers to regular classroom teachers who cannot be assigned to teach two combined grade

classes on their daily timetable. The Board will respect negotiated class sizes.

3. Assignment of students to individual classes is to be determined by a school team in June of the proceeding year. The team includes principal/vice principal, special education staff when necessary, in conjunction with the current and projected classroom teachers.
4. Principals will be responsible for the final assignments of all classes within the school.
5. They will consider avoiding cross-divisional splits when determining staff allocations as well as Ministry and contractual obligations.

Classes will be balanced and functional with consideration for the following:

- Student academic needs, age, behaviour, development, gender, group dynamics, learning style, physical maturity, social-emotional and special education needs
 - The continuity of the curriculum in regards to the overall expectations
 - Students, wherever possible, will not be subject to combined grade placement after two consecutive years
 - Number of students in each of the grades selected for a combined grade class
6. Principals will be responsible for informing the local school parent community regarding the projected class assignments and the associated

size of each class. A parent pamphlet outlining the procedures and policies related to combined grades will be provided to those particular parents whose child is placed in a combined grade. Principals will also present at the October Catholic Parent School Committee (CPSC) meeting the final overall class organization for the school and the rationale for the assignment of students in various classes.

7. Parents shall be notified before a decision is made so that their input could be considered before any changes are made to a child's placement.
8. The Board will ensure that it provides students with required materials, differentiated learning opportunities and adequate training for teachers with respect to combined (split) grade classes.

Definitions:

Combined Grade Classes

Combined grade classes group students from two consecutive grades into one classroom.

Divisional Splits

Combined grade classes that are created and cross over from primary to junior or junior to intermediate grades (i.e. Grade 3 / 4, Grade 6 / 7).

A. EXECUTIVE SUMMARY

The Toronto Catholic District School Board offers elementary students an opportunity to learn an International Language in an Integrated Day or After Hours delivery model. The International Languages Elementary (ILE) Program enriches a child's education through third language instruction, cultural awareness and a celebration of traditions. This report provides an overview of the ILE Program delivery models for the 2017-2018 academic year, including a statistical and financial overview.

The cumulative staff time required to prepare this report was 14 hours

B. PURPOSE

This report complies with the Action After request made on October 6, 2016 that an Annual Information Report on the International Languages Elementary (ILE) Program be added to the rolling calendar.

Staff is to report on the general statistics on enrolment and cost considerations.

C. BACKGROUND

1. The International Languages Elementary Program operated by the Toronto Catholic District School Board continues with its history of providing children with a valuable opportunity to learn a third language and culture. When the Ministry of Education established Ontario's Heritage Languages Program in July 1977, the TCDSB already had considerable experience in the field. As early as 1973, the Board, in collaboration with several community organizations, was piloting "Heritage Languages" classes for some 5,700 children in 14 schools.
2. The ILE Integrated Day and After Hours Program is governed by the International Languages Elementary Program S.P.05 policy.

International Languages Elementary (ILE) Program: Integrated Delivery Model

- A. In the ILE Integrated Day Program delivery model, students in JK to Grade 8, received 30 minutes of instruction per day, in the target language, during the regular school day. This model extended the school day by 30 minutes.

TCDSB offered the following International Languages: Italian, Portuguese, Spanish, Ukrainian, Pilipino and Mandarin.

IL instructors were an integral part of the school community. In addition to teaching and reporting on student achievement, they also participated in extracurricular activities, as for example, chess club, sports, spelling bee contests, and literary contests. In addition, instructors in the ILE Integrated Program, in collaboration with the Community Relations Department, prepared students in the target language for all TCDSB Heritage Month Celebrations.

B. Statistical Information for ILE Program Integrated Delivery Model for 2017/2018:

Language	Number of Schools
Italian	23
Portuguese	7
Spanish	1
Ukrainian	3
Italian/Spanish	6
Italian/Portuguese	3
Pilipino/Mandarin	1

Total Number of Schools	44
Total Number of Classes	779
Total Number of Staff	84
Total Number of Students	19 599
Average Class Size	25.16
Total Number of Hours	72 837

International Languages Elementary (ILE) Program: After Hours Delivery Model

- A. In the After Hours deliver model, students were offered the opportunity to maintain their heritage language or learn an additional International Language outside of the regular school day. In this model, the majority of classes were offered on Saturdays mornings, with the exception of one centre that is operating on Sundays and one operating on Tuesdays. Classes commenced on the third weekend of September and ended on the second weekend of June. There were 30 sessions in total for the academic year. Each session was 2 ½ hour in length.

In addition to language and cultural learning, these programs had strong community ties and parental involvement. Throughout the academic year, these programs had many community building activities and cultural celebrations, closely tied to the local parish or community.

- B. Statistical Information for the ILE Program, After Hours Delivery Model for 2017/2018:

Total Number of Instructors	229
Total Number of Students	5273
Average Class Size	21.63
Number of Hours of Instruction	17 100

D. EVIDENCE/RESEARCH/ANALYSIS

In line with the Catholic Graduate Expectations, learning an international language further enhanced the opportunity for TCDSB students to become: effective communicators; reflective, creative and holistic thinkers; lifelong learners who demonstrate flexibility and adaptability; caring family members and responsible citizens who respect and affirm the diversity and interdependency of the world's peoples and cultures.

In addition to generally agreed upon cognitive benefits of learning additional languages (e.g., enhanced executive control; improved flexibility; greater higher order thinking; improved attention span), students use language to connect with others and identify with the world around them. The more words students have to translate what they see, the better their perception and understanding of the world will be.

By developing a deeper understanding of the role of language and culture in society, students have a unique opportunity to cultivate an appreciation and sensitivity to the cultural diversity within Canada, while developing a solid foundation to prepare them to be integrated and inclusive citizens of an increasingly interconnected, multicultural and diverse global village.

PROGRAM RESOURCES

- Over the years, TCDSB International Languages Elementary (ILE) Department developed curriculum for the following ILE target languages: Italian, Spanish, Portuguese, Filipino and Mandarin. These ILE Curriculum documents follow the Ontario Ministry Language Overall and Specific Expectations for JK to Grade 8, with accompanying teaching strategies and resources.
- ILE Department developed a TCDSB International Languages Elementary (ILE) Assessment Resource Guide to align ILE assessment practices and tools with Ontario Ministry assessment practices in Growing Success.
- Over the years, the ILE Department created TCDSB ILE student books for following languages: Italian, Spanish, and Portuguese.
- ILE instructors had access to dual language books, with accompanying student activities.
- ILE instructors had access to an International Languages SharePoint on the TCDSB Intranet Portal where a collection of activities and best practices were shared and posted.
- To facilitate 21st Century learning strategies all integrated day ILE instructors were provided with a designated laptop and projector. All ILE After Hours centres were assigned one laptop and one projector.
- The Ministry of Education of Portugal, through the Instituto de Camões, and Centro Scuola, contributed yearly financial support to the ILE Program, as well as, afterhours professional development to all Portuguese and Italian instructors.
- ILE instructors were provided with a variety of resource materials, including textbooks from various Government Educational Ministries, as for example, the Italian, Portuguese, Ukrainian, Spanish and Polish Ministries.

E. METRICS AND ACCOUNTABILITY

Appendix A shows a detailed budget analysis of the Revenues and Expenditures in delivering the International Languages Program (Elementary) in the Integrated Day and After Hours delivery models.

The International Languages budget analysis for 2017-2018 contained within Appendix A – *International Languages Elementary (ILE) Program Budget* illustrates the ILE Integrated Day delivery model had a material loss of \$487, 080, while the After Hours delivery model had a material loss of \$175 372.

A. EXECUTIVE SUMMARY

The report provides the Board of Trustees with an action plan and communication plan for the purchase, deployment and parent communication of life saving Automated External Defibrillators (AEDs) for 108 TCDSB schools who currently do not have an AED.

Staff consulted with a parent whose oldest daughter died of a rare genetic heart disease. The parent's youngest daughter has the same genetic heart disease and attends a TCDSB elementary school. The parent had difficulty obtaining information on how to get an AED for her daughter's elementary school. The elementary school received an AED in October 2018.

The Student Equity Reserve approved by the Board of Trustees as part of the 2018-2019 Budget Estimates contains funding for the one-time estimated cost of \$0.21M to purchase an AED for 108 schools.

The cumulative staff time required to prepare this report was 12 hours.

B. PURPOSE

1. **November 1, 2018** - arising from a parent delegation at the Student Achievement and Well Being Committee meeting, staff were directed to provide a report outlining a plan to address the need for AEDs in TCDSB schools. The parent's oldest daughter died of a rare genetic heart disease. The parent's youngest daughter, a student in a TCDSB elementary school, has been diagnosed with the same genetic heart disease.
2. In consultation with the parent, staff were also directed to create a communication plan for schools on how to acquire an AED to meet the needs of medically fragile students who have been diagnosed with a heart disease that makes them vulnerable to sudden cardiac arrest.

C. BACKGROUND

1. An AED is a life-saving electrical device that gives an electric shock to the heart through the chest wall to someone who is in sudden cardiac arrest, a condition that occurs when the heart suddenly stops pumping blood to the rest

of the body. An AED is easy to use, lightweight and portable. The combination of cardiopulmonary resuscitation (CPR) and an AED raises the survival rate of sudden cardiac arrest by upwards of 75%.

2. **1997** - Advanced Coronary Treatment (ACT) Foundation, a national charitable organization, established a CPR training program for secondary school students. The ACT Foundation began to train secondary school teachers at no cost on CPR and in turn, these teachers taught their students. Since 1997, over 3.6 million students across Canada have been trained on CPR by secondary school teachers. The program continues to be implemented through our HPE Department.
3. **1999** - Ontario Ministry of Education made CPR part of the Grade 9 physical education curriculum as part of the Healthy Active Living course. Since 1999, TCDSB Health and Physical Education (HPE) teachers have taught Grade 9 students the lifesaving CPR skills. This annual training takes place towards the end of January in all TCDSB secondary schools. TCDSB students also learn how to use an AED.
4. **June 2011** - Ontario Provincial Government announced a \$10 million fund to deploy 2500 AEDs in Ontario, with the priority on placing AEDs in public access settings such as hockey arenas, recreational centres, community centres, libraries and schools with high community and sports use. The Heart and Stroke Foundation of Ontario was tasked to lead this initiative.
5. **September 2011** - ZOLL Medical Corporation in partnership with the City of Toronto's Emergency Medical Services (EMS), and the Heart and Stroke Foundation donated AEDs to TCDSB and TDSB secondary schools. The TCDSB received 38 AEDs for 33 secondary schools. Schools are responsible for the monthly check of the AED and for funding the maintenance costs (PAD and battery replacement). The money to support this program ended in 2012.
6. **2012 to 2014** - 55 TCDSB elementary schools received an AED through a special grant from the Province.
7. **2015 to October 2018** - TCDSB Occupational Health and Safety (OHS) Department purchased five (5) additional AEDs to meet the needs of

medically fragile students with heart disease. **There are 108 TCDSB schools that do not have an AED.**

8. The **Student Equity Reserve** is a new strategic reserve to set aside monies for various equity related initiatives across the Board. Student Safety equity can be achieved by ensuring all schools have an AED, i.e. purchase an AED for 108 schools that currently require this life saving device, and thus ensuring equity of access to AEDS among all schools.

D. ACTION PLAN

1. The cost of an AED in the Materials Management Health Supplies preprint is \$1,775.50. The total cost to purchase 108 AEDs excluding HST and shipping is \$0.19M. Adding a 10% contingency to this initial project budget brings the cost to \$0.21M. Staff will issue a Request for Quotation to obtain a competitive price.
2. Staff has identified the **Student Equity Reserve** as a possible funding source. Pending Board approval, the plan is to immediately purchase all 108 AEDs.
3. **AED MAINTENANCE PROGRAM:** The maintenance costs for the AEDs will be funded through the TCDSB OHS Department's operating budget, not the school's bloc budget. The PADS and lithium battery pack have an expiration life of 5 years. The total cost to replace the PADS and battery pack is \$315.00 per AED. The 108 schools who will receive an AED in 2019 will receive PAD and battery pack replacement in 2024 at an approximate cost of \$34K. The TCDSB OHS Department will fund the maintenance costs for schools that currently have an AED. The next maintenance cycle for most of these schools begins in 2021.
4. **AED LIFECYCLE:** The manufacturer's warranty for an AED is 7 years and the average lifespan for an AED is 10 years. School staff conduct a monthly online safety check of the AED to ensure it is in proper working order. The OHS Department will monitor the results of the monthly safety checks, particularly once the AED reaches the 10-year service mark to determine if replacement is necessary.
5. The TCDSB OHS Department has arranged to have all 700 custodians and maintenance staff trained in CPR and AEDs during March break 2019.

Custodians are assigned to operate the school for permit holders after school hours. Custodians will be trained to use an AED in the event of an emergency.

6. The TCDSB OHS Department has also arranged ten (10) first aid courses during the 2018/2019 school year so that a minimum of two (2) staff members per school are trained in standard first aid, CPR and AED. Most schools already have more than two (2) certified first aiders. Additional training can be arranged at the school during lunch and learn and professional activity days.
7. The Good Samaritan Act (2001) protects people who provide CPR or first aid assistance in an emergency. The Chase McEachern Act (Heart Civil Liability Act, 2006), protects users of AEDs from liability for damages.
8. **COMMUNICATION PLAN:** The deployment of the AEDs will be communicated to the 108 schools through a letter to the parent community and through school newsletters. The topic of AEDs will also be discussed at a CSAC meeting.
9. In the letter, parents will be reminded to update their child's medical information that is provided to the school annually and to report immediately if their child suffers from a heart disease that makes them vulnerable to sudden cardiac arrest. Any school with medically fragile students suffering from heart disease will receive an AED as soon as possible once the units have been received by the Health and Safety Department.
10. **PARENT CONSULTATION:** The TCDSB OHS Department consulted with the parent who has a child with a genetic heart disease in a TCDSB elementary school. The parent supports the action plan and made the following additional recommendations on the proposed communications plan:
 - a. That the letter that is sent to the parent community on the deployment of the AED be translated in different languages since English is a second language for many parents. The school Principal would be consulted to provide feedback on what other languages would best serve the parent community.
 - b. That the letter be posted on the TCDSB web site and on the schools' websites.

- c. That the letter include information from the Canadian Sudden Arrhythmia Death Syndrome (SADS) Foundation, a registered Canadian charity that supports patients and their families affected by inherited cardiac rhythmic disorder. If the school is interested, the parent would welcome the opportunity to speak to school staff on this genetic disorder and how it has impacted her family.

E. METRICS AND ACCOUNTABILITY

A status report will be submitted to Board early in the 2019-2020 school year and once all AEDs have been deployed in the 108 schools. Trustees will receive a copy of the parent letter regarding the deployment of the AED at their respective schools.

F. STAFF RECOMMENDATIONS

1. That the Board of Trustees approve the allocation of up to \$0.21M from the Student Equity Reserve to fund the purchase of an AED for 108 TCDSB schools, within the 2018-2019 school year.
2. That the Board of Trustees adopt the parent's recommendations regarding the communication that will be sent to the parent community on the deployment of AEDs.
