Name	Heather Farragher	
Committee	Corporate Services Committee	
Date of Presentation	5/9/2019	
Topic of Presentation	The Necessity of Continued Funding for Library Learning Commons and Teacher-Librarians	
Topic or Issue	In light of the preliminary budget information discussed at the public consultation on May 1, 2019 and any proposed cuts to Teacher-Librarians or our Library Learning Commons, it is crucial that the Board recognize the roles of Teacher-Librarians and the importance of funding for our Library Learning Commons.	
Details	I will speak to the roles that both plan in supporting students' achievement and wellness. Teacher-Librarians and up-to-date Library Learning Commons are imperative to student success and staff support.	
Action Requested	I request that the Board adequately staff o r Library Learning Commons with qualified Teacher-Librarians, not Library Technicians, at both the secondary and elementary level in accordance with the recommendations provided by the Ministry of Education. I request that the board increase financial investments to meet the needs of our diverse 21st century learners and address the current underfunding of our Library Learning Commons.

Topic of Presentation	Future Success of Students from 5th Block
Topic or Issue	I am a Grade 9 student at Monsignor Percy Johnson Catholic High School. I was a 5th Block student at St. Benedict School. When I finished Grade 8, I was the Valedictorian of my graduating class. I would like to express my concern regarding the possibility that 5th Block may not continue next year.
Details	I can't imagine where I'd be today academically without the help of 5th Block. One of my first memories when I started the program in Gr. 1 was the feeling of not wanting to speak up as the other kids seemed far more articulate than me. By the end of year I was comfortable with reading out loud and gained the confidence to raise my hand in class to answer a question. And as a result of the help I received in 5th Block I am currently doing very well in my Gr.9 AP English class, participating in numerous sports teams and I also do the morning announcements for Johnson's Athletic Council. I am forever grateful that my Gr.1 teachers recognized that I needed extra help with my literacy skills and that I was chosen for the program. And it is very important that this program continues so that other children can benefit from this valuable opportunity like I did.
Action Requested	Please maintain funding for 5th Block at the current levels so it can help students in the future just like it helped me.

Topic of Presentation	5th Block at St. Nicholas	
Topic or Issue	5th Block is definitely a program identifies children in grades one and two, who are having difficulty or need to boost their confidence with reading. By helping kids at early age, children can and will be on their way to achieve academic success.	
Details	My daughter who is in grade 2, attended 5th Block program at St. Nicholas from September 2018 to January 2019. She's always enjoyed reading but she expressed a concern to her teacher that she felt, she as unable to read "big" words and read chapter books. 5th block definitely taught my daughter the tools, she needed to achieve her goals. She looked forward to her daily classes, the activities, homework and tests from 5th Block. She hared with us at home, the sound pronunciations, practised words with those sounds and her love of reading increased. She was asking to go to the library to take out books and she downloaded the Libby app to borrow ebooks.	
Action Requested	Please maintain funding for this program in order to continue to support students who will greatly benefit from this program.
