Public Session
 Private Session
 Three (3) Minutes

Name	Sandra Mastronardi
Committee	Corporate Affairs Strategic Planning and Property
Date of Presentation	9/12/2019
Topic of Presentation	Critical need for a replacement school for the Bishop Allen Academy community
Topic or Issue	Ontario Ministry of Education is committed to providing capital funding for the top ten schools in need of replacement/renovation. Bishop Allen is 222% overcapacity with a steady projected increase in enrollment in the upcoming years. The Facilities Condition Index (FCI) assessed at 54% in 2011 is deemed "critical". Healthy spaces lead to healthy students that can grow to their potential. This is not a healthy environment. The school has 24 portables and there isn't room for any more. We need a new and bigger school.
Details	<ul style="list-style-type: none"> -school original capacity was 717 and is now over 1500 students - potential safety concerns -students are sharing lockers -washrooms are often fully occupied or out of order -portables are not accessible -heating and cooling in portables doesn't always work -no quiet space for mental health breaks, silent study, self-regulation/de-escalation -staff is triple parked in parking lot since a large portion of original parking is used by portables -no visitor parking available for parents attending school based support meetings during the day
Action Requested	Move Bishop Allen Academy up in priority for a replacement school and correct the FCI rating in Appendix C to 54% which is the last assessed rating by the ministry.

Subject: Notice of Motion – Access to Free Menstrual Products

MOVED BY: Norm Di Pasquale, Toronto Catholic District School Board

Access to Free Menstrual Products

WHEREAS: lack of access due to economic factors - often referred to as “period poverty” - impacts girls and women around the world and can be especially damaging at puberty, when school interactions are crucial to a girl’s development; and

WHEREAS: nearly one in seven Canadian girls have either left school early or missed school entirely because they did not have access to the feminine care products they needed to manage their periods; and

WHEREAS: menstrual hygiene products are not optional and are necessary and essential to women's and girls' health, comfort and participation in work, school and society; and

WHEREAS: other Ontario school boards, municipal, provincial, and federal governments have already taken steps to provide free menstrual hygiene products to students and staff;

WHEREAS: there are organizations that exist that provide no cost access to menstrual products and associated educational materials;

BE IT RESOLVED THAT: the Director be authorized to enter into a partnership with an appropriate organization to secure access to menstrual products and education materials at no cost to the Board;

BE IT RESOLVED THAT: should a partnership be found, that free menstrual products be provided in all secondary schools where females attend beginning in the 2020-21 school year.
