# Land Acknowledgement

Out of our deep respect for Indigenous peoples in Canada, we acknowledge that all Toronto Catholic District School Board properties are situated upon traditional territories of the Anishinabek (a-ni-shna-bek), the Haudenosaunee (hoh-Dee-noh-Shoh-nee) Confederacy, and the Wendat peoples. We also acknowledge the land covered by Treaty 13 is held by the Mississaugas of the Credit First Nation and Toronto is subject to The Dish with One Spoon covenant. We also recognize the contributions and enduring presence of all First Nations, Métis, and Inuit people in Ontario and the rest of Canada.

#### La Reconnaissance du Territoire

Nous témoignons du plus grand respect pour les Peuples autochtones au Canada et nous avons à cœur de souligner que tous les immeubles du Toronto Catholic District School Board sont situés sur les terres traditionnelles de la Nation Anishinabek, de la Confédération de Haudenosaunees et des Wendats. Il est également important de noter que le territoire visé par le Traité 13 est celui des Mississaugas de la Première Nation Credit et que celui de Toronto est protégé par l'accord d'« un plat à une cuillère ». Nous tenons également à rappeler la présence pérenne et l'importance des contributions des Premières Nations, des Metis et des Inuits en Ontario, et dans tout le Canada.

The Toronto Catholic District School Board is an inclusive learning community uniting home, parish and school and rooted in the love of Christ.

We educate students to grow in grace and knowledge to lead lives of faith, hope and charity.

#### **OUR VISION**

At Toronto Catholic we transform the world through witness, faith, innovation and action.

# ELEMENTARY CATHOLIC STUDENT LEADERSHIP IMPACT TEAM REPORT 2022

"Act Justly, Love Tenderly, Walk Humbly with God." (Micah 6:8)

### Drafted Meeting Date

Adrian Della Mora

Associate Director of Academic Affairs & Chief Operating Officer

Derek Boyce

Associate Director of Corporate Services and Chief Commercial Officer

Ryan Putnam

Chief Financial Officer and Treasurer

#### A. EXECUTIVE SUMMARY

On Wednesday, October 5, 2022, the Catholic Student Leadership Impact Team (CSLIT) Directors of Elementary Affairs collected information from a representation of students from elementary schools across the Board. To capture student voice, all students were asked to review the 5 Pillars of Focus developed by CSLIT and rank them in order of importance to identify local and global issues that they believe should be a focus for the 2022-2023 school year. The Elementary Catholic Student Leadership Impact Team (ECSLIT) wishes to implement actions that address each issue.

The cumulative staff time required to prepare this report was 40 hours.

#### B. PURPOSE

- 1. This information report is on the order paper of the Student Achievement and Well-Being, Catholic Education and Human Resources Committee through an approved motion requesting an annual report for information on the initiatives and activities of the Elementary Catholic Student Leadership Impact Team.
- 2. The report includes practical activities that elementary schools can perform to support initiatives that would address the recommendations made by elementary students.
- 3. Initiatives and activities of the Elementary Catholic Student Leadership Impact Team reflect the goals of the Ontario Catholic School Graduate Expectations as developed by the Institute for Catholic Education:
  - a. A Discerning Believer
  - b. An Effective Communicator
  - c. A Reflective, Creative and Holistic Thinker
  - d. A Self-directed, Responsible, Lifelong Learner
  - e. A Collaborative Contributor
  - f. A Caring Family Member
  - g. A Responsible Citizen

#### C. BACKGROUND

- 1. Through a survey, elementary students were given the opportunity to voice their opinions and rank what they believe are the most important topics on which to focus. The input from elementary student leaders have given the CSLIT Directors of Elementary Affairs guidance to develop the Pillars of Focus for ECSLIT in the 2022-2023 school year.
- 2. This report includes practical action plans that elementary schools and ECSLIT can perform to support initiatives that would convey the recommendations made by elementary student leaders.

# D. EVIDENCE/RESEARCH/ANALYSIS

- 1. A summary of ECSLIT's 2021-2022 recommended actions, achievements and events based on the Pillars of Focus from 2021 can be found in the Appendix.
- 2. During the previous academic year, CSLIT's annual *Voices that Challenge* conference was held in-person, at the Ontario Science Centre on Earth Day on April 22, 2022, with 392 TCDSB students in attendance. This conference featured innovative content on Environmental Stewardship and Indigenous Education. During this event, students were given the opportunity to advocate for social justice issues. However, the elementary student voice was not directly captured within that process. To best serve the needs of our elementary community, students were asked to complete a short survey so that the CSLIT Directors of Elementary Affairs could compile ideas directly from elementary students. The survey was conducted during our first general assembly of the 2022-2023 academic year.
- 3. Based on the recommendations made by elementary students, ECSLIT will be focusing on the following three pillars for the 2022-2023 school year:
  - (1) Mental Health & Well-Being
  - (2) Cultural Appreciation and Diversity
  - (3) Equity and Accessibility

#### **ECSLIT 2022-2023 Recommended Actions**

# Pillar of Focus #1: Mental Health and Well-Being

Where two or three are gathered together in my name, there am I in the midst of them.

#### -Matthew 18:20

In collaboration with the TCDSB Mental Health Department, the Directors of Elementary Affairs aspire to ensure mental health resources are available to all students to create a Catholic community of living examples of the Ontario Catholic School Graduate Expectations. We can achieve this by offering mentoring opportunities from TCDSB secondary students. During our ESCLIT monthly general assemblies, students will interact with secondary students directly, to receive information about high school with the opportunity to ask questions.

Furthermore, we hope to consult with the TCDSB Mental Health Department to host guest speakers who can demonstrate practical activities for students.

## Pillar of Focus #2: Cultural Appreciation and Diversity

"Therefore encourage one another and build one another up, just as you are doing."

-1 Thessalonians 5:11

In collaboration with the Equity, Diversity, Indigenous Education and Community Relations department, this year, we plan to celebrate culture and diversity as a unified student body. We aspire to encourage multicultural diversity during all elementary events of the Catholic Student Leadership department where students can celebrate their culture.

Further, we will integrate diverse keynote speakers into our General Assemblies and other events including the Intermediate Leaders In Training Event (ILITE) and the Camp Olympia Catholic Student Leadership Program days. These motivational speakers will inspire and educate our student leaders to support our Catholic community through connection and compassion for all members of our TCDSB community.

# Pillar of Focus #3: Equity and Accessibility

Therefore, as we have opportunity, let us do good to all people, especially to those who belong to the family of believers.
-Galatians 6. 10

Equitable and accessible education allows students to thrive with equal opportunities regardless of socioeconomic status, cultural background, or level of exceptionality. Working together with Board staff, external organizations, and

school communities, we will endeavor to provide additional financial resources to schools. This will involve the selling of gently used uniforms within school communities to generate funds to purchase school supplies, athletic equipment and technological devices that can enhance student learning.

Finally, the Catholic Student Leadership Department in collaboration with the Safe Schools and Physical Education department will implement a recess mentorship program where Junior and Intermediate grade students and teachers will be trained in games and activities to encourage active play during all recess times. Training and knowledge from this program will be integrated into all elementary Catholic Student Leadership initiatives to embody walking with Christ with hearts of kindness and love.

### **Additional Topics of Focus**

Every month attendance numbers will be provided to our Student Trustees for monthly reporting purposes. Our hope is for all Trustees and area superintendents to get more schools involved in all initiatives brought forth by CSLIT, ECSLIT and the Catholic Student Leadership Department.

#### E. METRICS AND ACCOUNTABILITY

- 1. Students should be motivated to affect positive change in our world. Students feel a calling to actively live out their faith through involvement in social justice initiatives. The current Student Trustees will support ECSLIT to implement their specific recommendations addressing current global and local social justice issues.
- 2. Student Trustees and ECSLIT report to the Board on the impact of their initiatives in their annual report to the Board of Trustees.

#### F. CONCLUDING STATEMENT

This report is for the information of the Board of Trustees.

#### SUMMARY OF 2021-2022 ECSLIT INITIATIVES & EVENTS

ECSLIT monthly general assemblies typically occurred on the first Thursday of the month to nurture faith development and leadership skills. Virtual monthly ECSLIT meetings occurred from October 2021 to April 2022. Although the efforts of ECSLIT student leaders and teachers/staff were challenged by both a global pandemic and labour-related matters (work-to-rule sanctions), many events were celebrated and successful in building a Catholic community of elementary student leaders.

#### Pillars of Focus

During the October 2021 general assembly, ECSLIT students were asked to fortify their student voice and select 3 pillars on which to focus. These pillars were derived from the Catholic Student Leadership Impact Teams' (CSLIT) original 5 Pillars of Focus for the academic year. The pillars represent the collective voice of students across the Board; during the general assembly students completed a survey to present their 3 most-pressing concerns at the Board level, to promote dialogue regarding relevant issues that directly impact TCDSB students.

# Pillar #1: Enhancing Equity

Each month at ECSLIT general assemblies, all invited guest speakers were selected from various cultures and traditions to reflect those of the students. For instance, during the general assembly in October, the guest speakers were members of the CSLIT Executive Team, 6 student leaders representing 6 different cultural backgrounds.

# Pillar #2: Mental Health & Well-Being

ECSLIT student leaders developed a "Mental Health Toolbox" over the course of the academic year to incorporate activities during assemblies to improve mental health and wellness, including Christian Meditation.

# Pillar #3: Indigenous Education and Immersion

Que Rock, an Indigenous knowledge keeper was invited as a guest speaker during our June general assembly. He also participated in a number of other Catholic Student Leadership initiatives including the development and launch of the Welcome Bench.

### Additional Exemplary Catholic Student Leadership Initiatives

- Intermediate Leaders in Training Event (ILITE) on Thursday January 27, 2022, the annual ILITE elementary Catholic student leadership symposium was attended by over 6000 intermediate students in grades 6-8 from 113 different TCDSB elementary schools. During the event, the guest speaker challenged all students to show kindness to one another. The theme of the conference scaffolded the Ontario Catholic School Graduate Expectation of a Caring Family Member where all students will "live their lives like Jesus because they care about the families at home, at school, at Church, in the community and the world."
- From June 10-12, 2022, the Camp Olympia Catholic Student Leadership Camp took place. During this camp, students travelled to Huntsville, Ontario to grow in faith and knowledge through experiential learning and kinaesthetic activities reflecting themes in our Pastoral Plan (With Eyes of Faith and Hope).

#### A. EXECUTIVE SUMMARY

This report provides information on the achievement of students on assessments issued by the Education Quality Assessment Office (EQAO) and administered during the 2021-2022 academic year. The Primary (Gr. 3) and Junior (Gr. 6) assessments focused on the learning areas of Reading, Writing and Mathematics. Grade nine students were assessed on their learning in Mathematics. Due to the cancellation of the OSSLT assessment in 2020-2021, students in grades ten and eleven wrote the Ontario Secondary School Literacy Test in 2021-2022.

The cumulative staff time required to prepare this report was 25 hours

#### B. PURPOSE

This annual report provides updated information on student achievement on EQAO assessments written in 2021-2022. Board level results were released on November 3, 2022.

#### C. BACKGROUND

#### 1. Administration of Elementary Assessments:

- a. The Assessments of Reading, Writing and Mathematics, Primary Division (Grades 1–3) and Junior Division (Grades 4–6) are administered in May and June to:
  - all Ontario students at the end of the primary division (Grade 3) and, at the end of the junior division (Grade 6).

# 2. Administration of Secondary Assessments:

- a. The Grade 9 **Assessment of Mathematics** is administered to all Ontario students who are working toward their Grade 9 mathematics credit.
  - Grade 9 students in the first-semester mathematics courses take the test in January.
  - Students in the second-semester or full-year mathematics courses take the test in June.
- b. The **Ontario Secondary School Literacy Test** (OSSLT) is administered to all Grade 10 Ontario students working towards an Ontario Secondary School Diploma (OSSD)
  - Successful completion of the OSSLT is a requirement for the Ontario Secondary School Graduation Diploma (OSSGD).

• In 2021-2022, all Grade 10 and 11 (and non-graduating) students were encouraged to take the OSSLT to allow for maximum flexibility in acquiring the literacy graduation requirement. Students were able to enrol in the Ontario Literacy Course (OLC) without requiring that they attempt and not be successful on the OSSLT first.

#### 3. What is measured?

All assessments measure cumulative knowledge and skills and are based on the Ontario Curriculum.

#### 4. Reporting on Assessments:

- a. Primary, Junior and Grade 9 assessment results are reported using four levels of achievement. Level 3 is the provincial standard of achievement and corresponds to a range of 70 to 79 percent.
- b. The OSSLT assessment results are reported as "successful" or "unsuccessful".
- c. The EQAO assessments help to identify trends in student learning at the school, board, and provincial levels; inform improvement planning; and strengthen accountability.
- 5. Prior to issuing the 2021-2022 reports, EQAO had not published any public reports (e.g., the provincial report, board report) since 2018-2019. As a result, EQAO has established the 2021-2022 school year as a **new baseline** for all assessments.
- 6. The 2021-2022 results cannot be compared to the 2018-2019 results given the following:
  - COVID-19 pandemic from 2019-present
  - The introduction of a new elementary math curriculum in 2020.
  - The transition to a new secondary de-streamed Grade 9 math curriculum (previously academic and applied).
  - The creation of new EQAO assessment frameworks.
  - The introduction of a new online adaptive platform to administer the EQAO assessments.
  - The introduction of new participation criteria (only students learning in-person are able to participate).\*
    - \*Students who were learning remotely and wished to participate in the assessments could, at the discretion of the school board, attend in-

person on the days of the assessment(s) solely for the purpose of participating in the assessment so long as all applicable health and safety measures could be met.

# D. EVIDENCE/RESEARCH/ANALYSIS

- 1. After three years of not writing the EQAO assessments, this report provides the results of the assessments for the 2021-2022 school year. While this section provides an overview of the results, Appendix A provides a more comprehensive outline of the results for each of the assessments, including English Language Learners and students receiving special education supports.
- 2. Table 1 provides a summary of elementary student performance within the TCDSB and compared to the province at the end of the primary years (Gr. 3) and at the end of the junior years (Gr. 6).
  - TCDSB Primary and Junior students outperformed the province in Reading and Writing assessments.
  - In Mathematics, both Grade 3 and grade 6 students scored below the provincial level by 1% and 3% respectively.

Table 1									
EQAO Assessment Summary (Percent at Levels 3 & 4)									
Subject	Rea	ding	Wr	iting	Mathematics				
	TCDSB	Province TCDSB Province		TCDSB	Province				
Primary (Gr.3)	75%	73%	70%	65%	58%	59%			
Junior (Gr.6) 86% 85% 87% 84% 44% 47%									

3. Table 2 provides information on the Grade 9 Mathematics Assessment. TCDSB Grade 9 students scored below the provincial standard by 3%. Students assessed are Grade 9 students who participated in a de-streamed program in 2021-2022 for the first time.

Table 2							
EQAO Grade 9 Math Assessment							
Summary (Percent at Levels 3 & 4)							
TCDSB	Province						
49%	52%						

4. Table 3 provides the results of students who wrote the OSSLT in 2021-2022. This group included students in Grade 10 and students in Grade 11 who had not previously written the assessment. These students performed at 80%, two percent lower than the province.

Table 3						
OSSLT Assessment (Percent						
Succe	essful)					
TCDSB	Province					
80%	82%					

- 5. Appendix A provides additional information for English Language Learners (ELL) and students receiving special education services. In both groups of learners, these students scored lower on all EQAO measures as compared to TCDSB students not receiving additional supports.
  - TCDSB Grade 3 students receiving special education services achieved the same or greater scores than students in the province receiving similar supports in all areas assessed.
  - TCDSB Grade 6 students receiving special education services outperformed students in the province receiving similar supports in Reading (+4%), Writing (+7%) and Mathematics (+5%).
  - TCDSB ELL students in grades three and six scored slightly below similar ELL students in the province, with the greatest difference in junior math.

#### E. METRICS AND ACCOUNTABILITY

#### 1. Overview of Results

- Overall, TCDSB Grades 3 and 6 literacy results remain above the provincial level with scores at or above 70%. The TCDSB Junior assessment of literacy continued to demonstrate high scores (86% reading and 87% writing).
- Primary reading and writing and Junior reading and writing continue to be above the provincial results.
- Primary, Junior and Grade 9 mathematics results remain low both at the board and provincially.

- OSSLT results for first time writers were at two percent points below the province.
- The EQAO results continue to demonstrate mathematics as an area of focus.

### 2. Learning and Improvement Planning

- Deeper analysis of the 2021-2022 EQAO results at the system, school and individual student level is underway and will inform the revision of learning plans for our school communities and for the board.
- Two main areas of focus for the TCDSB are early literacy to build literacy skills in the primary division and mathematics across all grade levels.
- The analysis of data has informed the creation and delivery of Professional Learning Plans that are presented annually to the Board. These plans will focus on supporting areas identified as areas for growth.
- EQAO scores are one source of data that combined with other data (e.g., credit accumulation, report card data, etc.) will support the implementation of strategies to support student achievement and wellbeing as part of the Board Improvement and Equity Plan (BIEP).
- Academic achievement continues to be supported through other pillars of the BIEP including Equity, Mental Health and Well Being, and Pathways and Transitions to support students in their overall success.
- Each school community completes the School Improvement and Equity Plan (SIEP) to address the local needs of their students by creating goals and implementing strategies to support student learning, engagement and well-being.
- Both the BIEP and the SIEP plans align with and inform reporting back on the pillars of the Multi-Year Strategic Plan (MYSP).
- 3. Based on various data sets, Table 4 on the next pages includes a summary of identified areas of focus for the TCDSB and some ongoing interventions that are being actioned.

Implementation of evidence-based numeracy program (EQUALS) for students with intellectual disabilities attending Intensive Support Programs

Delivery of destreamed math for Grade 9 students

De-streaming of other subject areas (English, Social Studies, Science and French) Develop awareness of and implement *High Impact Instructional Practices in Mathematics* 

Professional learning for teachers and principals that supports the implementation of the new Grade 9 curriculum

Strategic deployment of central resources to support schools including math facilitators, math leads and resource teachers to support Intense and Increased support schools

Implementation of the *Building Thinking Classrooms in Mathematics* (Liljedahl, 2021) resources to support instructional approaches and learning in de-streamed classrooms

Implement collaborative learning sessions for Mathematics Department Heads and a math teacher to co-construct and align curriculum and assessment in the secondary grades

Alignment of resources to underserved school communities

Provision of tutoring supports to small groups of students demonstrating significant needs in math 4. The K-12 Professional Learning Plan which is also being presented to Board will outline in greater detail the steps being taken to address the areas of need identified by the EQAO assessments.

# F. CONCLUDING STATEMENT

This report is for the information of the Board of Trustees.

#### 2021-2022 Summary of Provincial and Board EQAO Results

#### INTRODUCTION

This report summarizes the provincial and board results of student achievement on the 2021-2022 EQAO Assessments of Reading, Writing and Mathematics - Primary Division and Junior Division, the Grade 9 Assessment of Mathematics and the Ontario Secondary School Literacy Test (OSSLT). School and Board results from all assessments were released on November 3, 2022.

#### **Overview of the Administration of Assessments**

- The Assessments of Reading, Writing and Mathematics Primary Division (Grades 1–3) and Junior Division (Grades 4–6) are administered to all Ontario students at the end of the primary division (Grade 3) and, at the end of the junior division (Grade 6).
- The Grade 9 Assessment of Mathematics is administered to all Ontario students who are working toward their Grade 9 mathematics credit.
- The OSSLT is administered to all Grade 10 Ontario students working towards an Ontario Secondary School Diploma (OSSD). Successful completion of the OSSLT is a requirement for the OSSD.

#### Administration over the past two years

In 2019-2020 all EQAO assessments were cancelled due to the COVID-19 pandemic.

In 2020-2021, no primary and junior EQAO assessments took place as they were paused while EQAO aligned assessments with the new elementary math curriculum and transitioned to a new online adaptive platform.

Also in 2020-2021, EQAO field tested a new online and adaptive assessment for students enrolled in Grade 9 academic and applied mathematics attending learning in-person. The TCDSB planned to administer the field test in the third quad; however, students could not participate as learning was not in-person at the time.

EQAO planned to administer an online OSSLT field test in the spring of 2021 for students attending learning in-person. However, students could not participate as learning was not in-person at the time.

#### Administration in 2021-2022

In 2021-2022, regular EQAO assessments resumed with several changes:

- All students in Grade 3 and 6 attending in-person learning participated in the online primary/junior EQAO math, reading, and writing assessments. The administration took place between May 4 and June 24, 2022.
- All students enrolled in Grade 9 mathematics attending learning in-person wrote the Grade 9 mathematics assessment. Results of this assessment may count towards up to 10% of the student's final mark. The administration took place between October 1, 2021 and June 24, 2022.
- EQAO provided two opportunities for students to write the OSSLT:
  - o Fall 2021 administration of the OSSLT (between October 13 and December 1, 2021) and
  - o Spring 2022 administration (between March 23 and May 18, 2022).
  - All Grade 10 and 11 (and non-graduating) students were encouraged to take the OSSLT to allow for maximum flexibility in acquiring the literacy graduation requirement.
  - Students could enrol in the Ontario Literacy Course (OLC) without requiring that they attempt and fail the OSSLT first.
  - o Students could write both the fall and spring administrations of the OSSLT, with the overall results considered as their best score.

#### What is measured?

All assessments measure cumulative knowledge and skills and are based on the Ontario Curriculum.

#### Reporting

EQAO reports achievement as follows:

- Primary, Junior and Grade 9 Assessments
  - o the province's four levels of achievement
  - o the provincial standard is Level 3, which corresponds to a 70 to 79 per cent.
- OSSLT
  - o reported as "successful" or "unsuccessful".

The EQAO assessments help to identify trends in student learning at the school, board and provincial levels, inform improvement planning, and strengthen accountability.

EQAO has not published any public reports (e.g., the provincial report, board report) since 2018-2019. The 2021-2022 results cannot be compared to the 2018-2019 results given the following differences in the context of the 2018-2019 school year:

- New elementary math curriculum
- New secondary de-streamed Grade 9 math curriculum and delivery (previously academic and applied)

- New EQAO assessment frameworks
- New mode of delivery of EQAO administration (from paper to online)
- New participation criteria (only students learning in-person are able to participate)
  - students who are learning remotely and wish to participate in the assessments can, at the discretion of the school board, attend in-person on the days of the assessment(s) solely for the purpose of participating in the assessment so long as all applicable health and safety measures can be met
- COVID-19 pandemic from 2019-present

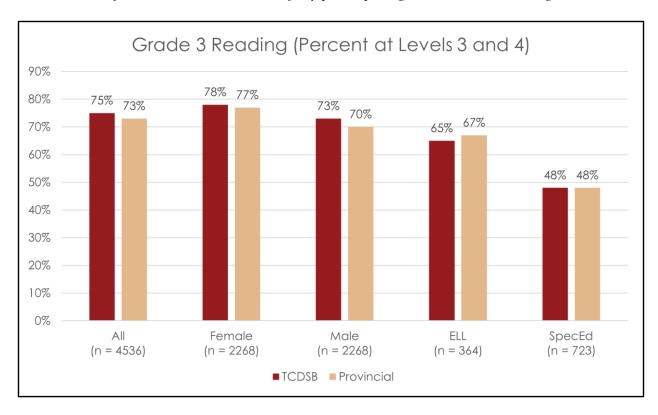

As a result, EQAO has established the 2021-2022 school year as a new baseline for all assessments.

#### **RESULTS**

#### PRIMARY DIVISION RESULTS for TCDSB and ONTARIO

#### Percentage at or above the provincial standard

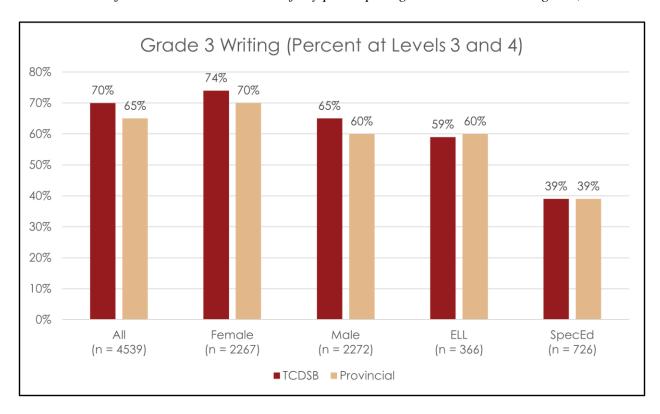

*Total number of TCDSB Grade 3 students fully participating in 2021-2022 Reading = 4,536* 

- 75% of Grade 3 students in the board performed at or above the provincial standard in reading, compared to 73% of students in the province.
- Grade 3 Female students outperformed male students in reading in both the board and province.

- About an equal percentage (78%) of Grade 3 female students performed at or above the provincial standard in reading in both the TCDSB and Ontario.
- A higher percentage (73%) of Grade 3 male TCDSB students performed at or above the provincial standard in reading, compared to 70% in the province.
- 65% of Grade 3 TCDSB students who identify as English-language learners (ELL) performed at or above the provincial standard in reading, compared to 67% of those students in the province.
- An equal percentage (48%) of Grade 3 students who identified as having special education needs (excluding gifted) in both the TCDSB and Ontario performed at or above the provincial standard in reading.

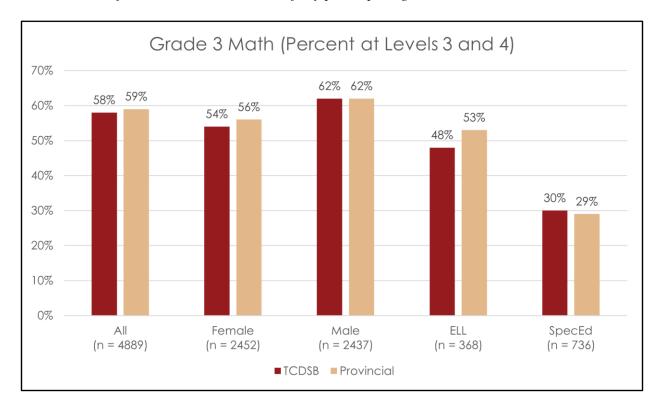

Total number of TCDSB Grade 3 students fully participating in 2021-2022 Writing = 4,539

- 70% of Grade 3 students in the board performed at or above the provincial standard in writing, compared to 65% of students in the province.
- Performance in writing by Grade 3 female students was better than male students in both the board and province.
- A higher percentage (74%) of TCDSB female Grade 3 students performed at or above the provincial standard in writing, compared to females in Ontario (70%).
- A higher percentage (65%) of male Grade 3 students in the board performed at or above the provincial standard in writing, compared to (60% of) male in the province.

- About an equal percentage (59%) of Grade 3 students who identify as English-language learners (ELL) performed at or above the provincial standard in writing in both the board and the province.
- An equal percentage (39%) of Grade 3 students who identified as having special education needs (excluding gifted) performed at or above the provincial standard in writing, in both the TCDSB and Ontario.

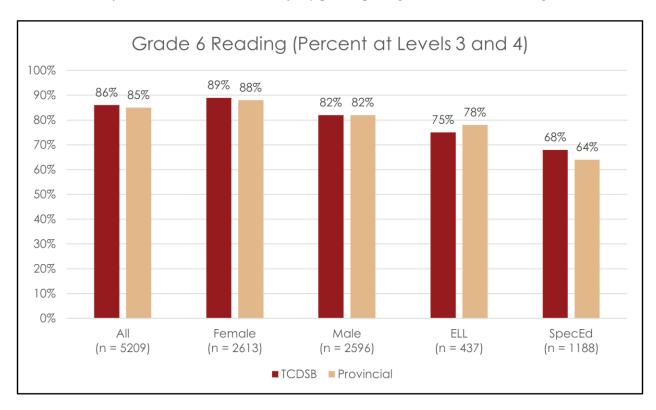

- About an equal percentage (58%) of Grade 3 students performed at or above the provincial standard in math in both the board and the province.
- Grade 3 male students outperformed female students in math in both the TCDSB and Ontario.
- 54% of TCDSB Grade 3 female students performed at or above the provincial standard in math, compared to 56% of female students in Ontario
- An equal percentage (62%) of Grade 3 male students performed at or above the provincial standard in both the board and province.
- 48% of Grade 3 students who identify as English-language learners (ELL) performed at or above the provincial standard in math, compared to 53% in the province.
- About an equal percentage (30%) of Grade 3 students performed at or above the provincial standard in math in both the TCDSB and Ontario.

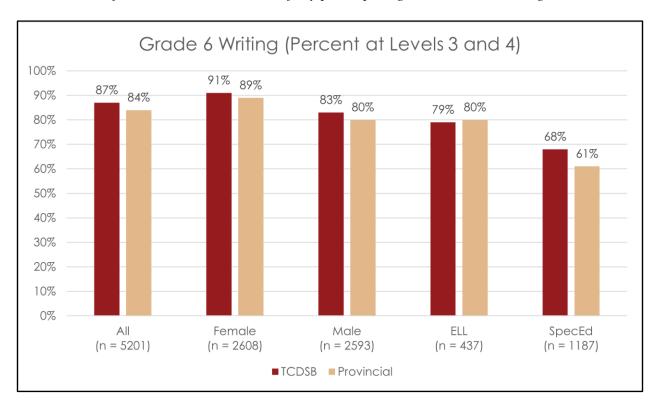

#### JUNIOR DIVISION RESULTS for TCDSB and ONTARIO

#### Percentage at or above the provincial standard

*Total number of TCDSB Grade 6 students fully participating in 2021-2022 reading = 5,209* 

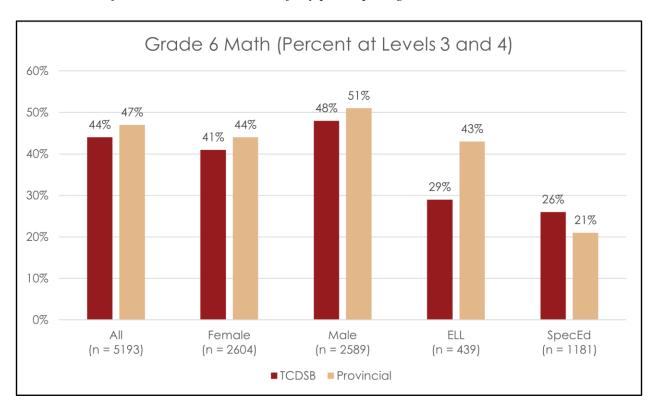

- About an equal percentage (86%) of Grade 6 students performed at or above the provincial standard in reading in the TCDSB and Ontario.
- Performance of Grade 6 female students was better than male students in reading in both the board and province.
- In both the TCDSB and in Ontario, about an equal percentage (89%) of Grade 6 female students and equal percentage (82%) of Grade 6 male students performed at or above the provincial standard in reading.
- 75% of TCDSB Grade 6 students who identify as English-language learners (ELL) performed at or above the provincial standard in reading, compared to 78% of ELLs in the province.
- 68% of Grade 6 students who identified as having special education needs (excluding gifted) in the board performed at or above the provincial standard in reading, compared to 64% in the province.

Total number of TCDSB Grade 6 students fully participating in 2021-2022 writing = 5,201

- 87% of Grade 6 students in the board performed at or above the provincial standard in writing, compared to 84% of students in the province.
- Performance in writing by female Grade 6 students was better than male Grade 6 students in both the board and province.
- Writing performance by Grade 6 female students was very strong, with 91% performing at or above the provincial standard in the board and 89% in the province.
- 83% of Grade 6 male students in the board performed at or above the provincial standard in writing, compared to 80% of male students in the province.
- About an equal percentage (79%) of Grade 6 students who identify as English-language learners (ELL) performed at or above the provincial standard in writing in both the board and the province.
- 68% of Grade 6 students who identified as having special education needs (excluding gifted) performed at or above the provincial standard in writing, compared to 61% in Ontario.

*Total number of TCDSB Grade 6 students fully participating in 2021-2022 math = 5,193* 

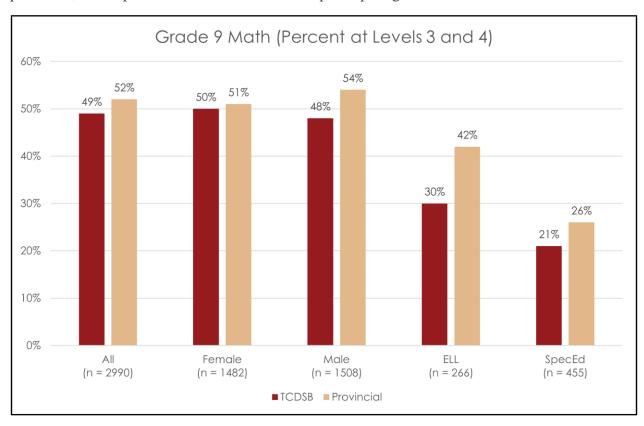

- 44% of Grade 6 students performed at or above the provincial standard in math, compared to 47% in the province.
- Grade 6 male students outperformed Grade 6 female students in math in both the TCDSB and Ontario.
- 41% of TCDSB female students performed at or above the provincial standard in math, compared to 44% of female students in Ontario.
- 48% of Grade 6 male students performed at or above the provincial standard in math, compared to 51% in the province.
- 29% of Grade 6 students who identify as English-language learners (ELL) performed at or above the provincial standard in math, compared to 43% of Grade 6 students the province.
- A higher percentage (26%) of TCDSB Grade 6 students who identified as having special education needs (excluding gifted) performed at or above the provincial standard in math, compared to those students in Ontario (21%).

#### GRADE 9 MATHEMATICS RESULTS for TCDSB and ONTARIO

#### Percentage at or above the provincial standard

*Total number of fully participating TCDSB Grade 9 students in 2021-2022 = 2,990* 

It should be noted that the number of participating students in the 2021–2022 Grade 9 cohort is smaller than in previous years due to unforeseen circumstances related to the COVID-19 pandemic, which prevented some students from participating.

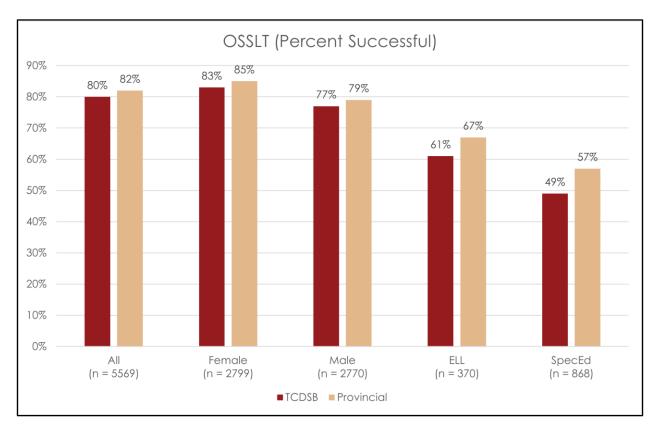

- 49% of Grade 9 TCDSB students performed at or above the provincial standard in math, compared to 52% of students in Ontario.
- Grade 9 female students slightly outperformed male students in math in the board, however male students outperformed female students in the province.
- About an equal percentage (50%) of Grade 9 female students performed at or above the provincial standard in math in the board and province.
- A lower percentage of Grade 9 male students (48%) performed at or above the provincial standard in math in the board compared to the province (54%).

- 30% of Grade 9 students who identified as English-language learners (ELL) performed at or above the provincial standard in math, compared to 42% of those students in the province.
- 21% of Grade 9 students who identified as having special education needs (excluding gifted) performed at or above the provincial standard in math, compared to 26% of those students in the province.

# THE ONTARIO SECONDARY SCHOOL LITERACY TEST RESULTS for TCDSB and ONTARIO

Percentage of First-time Eligible students successful

Total number of First-time eligible TCDSB students writing the test in 2021-2022 = 5,569

- 80% of first-time eligible students in the board were successful on the OSSLT, compared to 82% of students in the province.
- In both the board and the province, female students outperformed male students on the OSSLT.
- 83% of first-time eligible TCDSB female students were successful on the OSSLT, compared to 85% of students in Ontario.
- 77% of first-time eligible TCDSB male students were successful on the OSSLT, compared to 79% of students in Ontario.

- 61% of first-time eligible students in the board who identified as English-language learners (ELL) were successful on the test, compared to 67% of ELLs in the province
- 49% of first-time eligible TCDSB students who identified as having special needs (excluding gifted) were successful, compared to 57% of those students in Ontario.

#### **Summary**

Overall, literacy results (Primary/Junior reading and writing, OSSLT) in the board are strong with scores at or above 70%.

Primary reading, Primary writing and Junior writing results for the board are above provincial results.

In mathematics, Primary, Junior and Grade 9 results are low in both the board and province.

The EQAO results continue to point to mathematics as an area of focus. Other areas of focus that EQAO results also point to are the results for:

- students who identify as ELL in Primary reading, writing and mathematics; Junior mathematics, Grade 9 mathematics and OSSLT, and
- students who identify as special needs across all assessments.

#### A. EXECUTIVE SUMMARY

This information report provides an overview of the central K-12 professional learning plan for teachers. The plan outlines the use of Ministry and Board financial resources to facilitate professional learning in TCDSB schools in order to support student achievement and well-being. This plan assists schools in the implementation of their School Improvement and Equity Plans (SIEP). The professional learning plan also supports the implementation of the Board Improvement and Equity Plan (BIEP) and the Multi-Year Strategic Plan (MYSP). The Professional Learning plans are found in Appendices A to N.

The cumulative staff time required to prepare this report was 125 hours.

#### B. PURPOSE

This annual report outlines the central professional learning initiatives for teacher professional learning that support the Board Learning and Equity Plan (BIEP) 2022-2023, as metrics continue to be collected.

#### C. BACKGROUND

- 1. Fall 2022 Central Staff have been engaged in the development and refinement of the professional learning plans to align with ministry direction, as prescribed by the BIEP expectations provided by the Ministry of Education.
- 2. Consultation occurs annually with federation partners at Joint Professional Development Committee meetings.
- 3. Funding to support this professional learning, is provided by the Ministry of Education, mainly through the Math Strategy and the Student Success Budgets.
- 4. Professional Learning Plans for Numeracy and Literacy are informed by EQAO assessment data. EQAO test results for the 2021-2022 academic year serve as a new baseline given the various issues that prevent a trend analysis to previous years (as outlined in the EQAO Annual Report presented at the December 1, 2022 Student Achievement and Well-Being Committee of the Board meeting).

- 5. Numeracy and literacy strategies intentionally target the following three areas of focus as identified in the EQAO Annual Report:
  - primary reading (use of screening tools) with a particular focus on special needs and English language learners;
  - grade 3, 6 and 9 math instruction ensuring resource awareness and an equitable access to resources and central supports; and
  - explicit professional learning and central supports to enhance student performance in grade 9 de-streamed courses, with a heightened focus on grade 9 math.
- 6. Numeracy and literacy strategies are intentionally embedded throughout the professional learning plans of all areas, where applicable.

# D. EVIDENCE/RESEARCH/ANALYSIS

1. The professional learning plans are aligned with the Ministry of Education BIEP priorities and each initiative this year (see appendices) is identified with a BIEP goal, from the following:

Goal	Priority Focus
Achievement	Improve math achievement
	Improve literacy achievement
	Improve conditions for learning
Human Rights and Equity	Support the implementation of de-
	streaming
	Promote culturally responsive pedagogy
	and instructional equity
Mental Health, Well-Being	Improve student mental health and well-
and Engagement	being
	• Improve student, parent and community
	engagement
Pathways and Transitions	Improve graduation rates
	Improve student readiness for future
	success

2. Central Staff, together with Educational Research staff, review board data to determine the progress toward achievement of priorities identified through the goals and action plans outlined in the BIEP and the MYSP. The TCDSB

professional learning plan is informed by a revised Data Plan, and incorporates key Ministry initiatives.

- 3. The analysis of EQAO assessment data collected in 2021- 2022, and as outlined in the EQAO Annual Report is being used to:
  - refocus professional learning efforts on targeted interventions;
  - re-engage students and staff in focused and differentiated high impact instructional practices;
  - encourage teachers to actively participate in the design of the local SIEP and to disaggregate student EQAO results to inform local planning;
  - inform the plans for Professional Learning in this report; and
  - include parent and student voice in offering focused tutoring interventions.
- 4. Given the reduced availability of Occasional Teachers, the professional learning plan from September to December will be comprised of the following:
  - co-planning/co-teaching with central resource staff upon request;
  - professional learning support for teachers in their class;
  - professional learning sessions in small groups; and
  - self-directed Professional Learning Modules that teachers can access anytime. Availability of Occasional Teachers and the impact on professional learning will be reassessed in January.
- 5. Equitable assignment of resources and support for Numeracy and Literacy professional learning will be differentiated according to the needs of the school, the school's exposure to socio-economic stressors and as identified using current achievement data, based on the following:
  - "Intensive Support" schools receive the highest level of support;
  - "Increased Support" schools will receive some support;
  - "Other" schools will receive a lower level of support.
- 6. Central Staff and Field Superintendents will focus on supporting schools with instructional equity for **mathematics** through continued learning as outlined below:
  - A. Principals continued professional networking and learning in mathematics:
    - with and based on the work of Marian Small (Grades K-12);
    - based on the work of Peter Liljedahl, using the research-based strategies from *The Thinking Classroom* (Grades K-12);
    - informed by the work of Shane Safir & Jamila Dugan and equitable leadership practices in *Street Data*; and

- through the support of a team of centrally trained school Principals who will lead learning in their areas to develop and align capacity in instructional leadership.
- B. Principals and Teachers continued professional learning in math through:
  - the implementation of the research-based strategies from *The Thinking Classroom* (Peter Liljedahl) (Grade 9 De-streamed);
  - the implementation of high impact instructional practices in grade 9 destreamed classes in the areas of Math, Science, Social Studies, French and English;
  - cross-curricular professional dialogue to share promising instructional practices to support the needs of students in de-streamed classes;
  - the direct engagement of the Principal in co-designed success criteria, goal setting and the analysis of student work.
- C. Principals, Teachers and Students continued learning in math:
  - Knowledgehook: An Instructional Guidance System for Math (Gr 4-12)
  - Zorbits Math Adventure (Gr K-3)
  - Edwin Digital Learning Environment (Gr 9 De-streamed Math and Science)
- D. Teachers and Students continued learning in mathematics:
  - MathUp Classroom (Grades 1-8);
  - Mathology (Gr 1-2);
  - Intensive utilization of online and community tutoring supports
- 7. The K-12 Professional Learning Plans for teachers 2022-2023 is multi-faceted and has the following components:
  - a. Mathematics (Appendix A)
  - b. Literacy (Appendix B)
  - c. Nurturing our Catholic Community (Appendix C)
  - d. Indigenous Education (Appendix D)
  - e. Equity and Diversity (Appendix E)

- Social Studies, Science and Eco Schools (Appendix L)
- m. Student Success and Guidance (Appendix M)
- n. Early Years K-2 (Appendix N)

o. Health and Physical Education (Appendix O)

#### E. METRICS AND ACCOUNTABILITY

- 1. The BIEP establishes provincial education priorities, goals and performance indicators to support continuous quality improvement, especially in underserved communities.
- 2. With the use of a Common Professional Learning Feedback Form at all professional learning sessions, we will collect data on teacher learning. This collected information is shared with the research department and is used to:
  - inform the need for further professional learning;
  - inform the need to adjust workshop content / focus;
  - determine impact of the professional learning
- 3. Data for student achievement will be collected from report cards and standardized test results and informed by the triangulation of data (observations, conversations, and student work).
- 4. Schools have developed their SIEP to guide the learning focus in their communities. Most schools will continue to focus on numeracy and literacy goals in alignment with the achievement of their students on large scale and local assessments. School SIEP goals will be supported with professional learning as outlined in this plan.
- 5. The Board Central Team and School teams will continue to be engaged in collecting and analyzing data as per the direction of the Ministry BIEP.
- 6. Due to the ongoing need to reserve Occasional Teachers (OT) to cover for absent staff, we will continue to monitor the availability of OTs for the purpose of teacher professional learning.
- 7. Under the direction of the principal and with the oversight of the Field Superintendent, school teams will follow the annual process described below for the SIEP process in 2022-2023:
  - Fall 2022: Identify areas for learning recovery and renewal as students return to the classroom. TCDSB has taken an asset approach, whereby teachers

determine, through regular diagnostics, where the students are and how to build on their strengths. Schools will also use results from students participating in the EQAO assessment to inform the implementation of strategies to support their learning as appropriate.

- By November 2022: School teams will develop a SIEP related to their urgent critical learning need and will submit a Professional Learning Form (PLF) in consultation with their Supervisory Officer. Plans will be posted on school websites.
- Ongoing throughout the year: Professional learning will occur to support implementation of the SIEP.
- January 2023: Midpoint Check all Principals will meet with their Supervisory Officer to review progress to date for their school plans. Principals will be provided with feedback to inform next steps.
- June 2023: End of Year Check all Principals will report back on the implementation of their school plan and will begin planning for the coming year using feedback received.

NOTE: In addition to the school plan listed above, regular professional learning continues to be offered by central staff to support teachers in the implementation of the curriculum and in learning how to effectively use available resources and tools.

- 8. Below is the process used by senior staff to monitor SIEP implementation:
  - Fall 2022: engage in data analysis, goal setting process, and the establishment of a professional learning plan with school staff while taking an asset approach to building on student strengths. Engage in school visits.
  - January 2023: Mid-Point Check review all school professional learning plans and provide feedback for next steps.
  - February to May 2023: participate in professional learning with each staff to ensure that sessions are addressing student needs and school goals.
  - June 2023: Principals report on progress to date and next steps as related to their school plan to their Field Supervisory Office, and begin planning for the upcoming year.
  - June (end): Field Superintendents will present a summary of final progress for the schools in their area at Education Council.

# A. EXECUTIVE SUMMARY

This report provides metrics on the activities and valued contributions of the Toronto Catholic District School Board (TCDSB) Catholic School Parent Councils (CSPCs) for the 2021-2022 academic year.

This report also includes a summary of the engagement and learning opportunities provided by staff to parents and to Catholic School Parent Councils.

The cumulative staff time required to prepare this report was 10 hours.

## B. PURPOSE

1. The purpose of this report is to comply with the TCDSB Catholic School Parent Council Policy, S. 10, metrics requirement that the "annual report of CSPC activities will serve as an assessment of the Council's work to support student achievement and well-being at the school."

# C. BACKGROUND

- 1. Consistent with Ontario Regulation 612 on *School Councils and Parent Involvement Committees*, the purpose of [Catholic] school councils is to improve pupil achievement and to enhance the accountability of the education system to parents.
- 2. The TCDSB's Parent Engagement and Communications Departments play a guiding and supportive role to Catholic School Parent Councils and staff in the promotion and enhancement of effective parent engagement.
- 3. At the system level, staff from these and other departments worked closely with TCDSB's Catholic Parent Involvement Committee (CPIC) and the Ontario Association for Parents in Catholic Education Toronto (OAPCE-Toronto) to maximize support to the local Catholic School Parent Councils.

# **D.** EVIDENCE

# Catholic School Parent Council (CSPC) Annual Activity and Financial Report

- In 2021-2022 all TCDSB schools had a Catholic School Parent Council.
- Consistent with Ontario Regulation 612, s.24 (1) and (2) that every school council submit an annual report on its activities, including a financial report, for 2021-2022 academic year, 157 school councils complied with the regulatory and Policy S. 10 requirements by submitting a CSPC annual report to the board. Appendix A provides highlights from the reports submitted.
- Information from these reports will inform local and central planning to further support school councils and parent engagement across the system.

# Parent Reaching Out (PRO) Grant

- In 2021-2022 the Ministry allocated \$95,334.96 in PRO grant funding to the TCDSB to support initiatives that addressed local parent needs and/or remove barriers that prevent parents from participating and engaging fully in their children's learning and educational progress.
- The Parent Engagement Department in collaboration with the Catholic Parent Involvement Committee, developed a streamlined application and reporting process open to all schools.
- In 2021-2022, 80 school councils applied for, and completed, a PRO grant to support a local parent engagement initiative.
- The remainder of the PRO grants funds, that were not used by schools, were used to purchase additional books to enhance all schools' parent lending libraries.
- Appendix B provides examples of local school initiatives that were sponsored with PRO grant funds.

# Parent Involvement Committee (PIC) Grant

- The Ministry of Education provides an annual allocation of funds to each school board to be allocated to local CSPCs to support school-based parent engagement initiatives.
- These funds are earmarked to fund local initiatives that enhance parent engagement and strengthen parent involvement, with the goal of equity of outcomes for all students.
- In September, each school was allocated the annual PIC grant of \$500.00.
- Appendix C provides a breakdown, by school, of the utilization and/or accumulated available balances for the 2021-2022 academic year.

# System Activities Supporting and Promoting Parent Leadership

- Virtual training was offered to all council members and administration on the following topics:
  - The CSPC Executive The role of the Chair/Co-Chairs, Treasurer and Secretary;
  - Strategic use of the Parent Involvement Committee (PIC)
     Grant & Parent Reaching Out (PRO) Grant; and
  - Annual CSPC Activity & Financial Report The Role & Responsibilities of the CSPC Executive Members.
- Speaker and resource lists were created to support local schools in planning for PRO and PIC grant initiatives.
- Outreach and collaboration between the Parent Engagement Department, CSPC, CPIC and OAPCE resulted in continued increased two-way communication with parents.
- The CSPC SharePoint site was regularly updated to provide CSPC Chairs with resources.

- All newly elected CSPC Chairs were provided with a TCDSB, CSPC designed email and credentials, allowing for greater access to Board communication and support, as well as access to internal CSPC sites (e.g., CSPC Share Point; Grants 4 You).
- All CSPC Chairs had access to IT support by using assigned credentials.
- The Coordinator of the Parent Engagement Department provided resources/reminders via email with regards to the operation requirements and timelines of CSPCs.
- The topic of parent engagement remained as a standing item on monthly K-12 Principal meetings.

# E. METRICS AND ACCOUNTABILITY

- 1. The metrics and accountability framework as outlined in Catholic School Parent Council, Policy S. 10, will be the basis for this report and for assessing parent engagement impact.
- 2. The data in this report will continue to serve as the benchmark for strategy improvement to enhance and support continued parent engagement, and partnership enhancement.

### F. CONCLUDING STATEMENT

This report is for the information of the Board.
