WELCOME BACK CEREMONY

On Wednesday, August 31st, 2016 all the Special Education Chiefs met with the Psychologists, Social Workers, Speech Language Pathologists and some teaching staff to kick off the year. The focus of the day was on welcoming new staff and providing them a vision for working with students and schools.

It was a great pleasure to have Sam Forbes, grade 12 student from Marshall McLuhan, who attended and engaged staff with a thought provoking and inspirational talk. Sam Forbes also appeared as a guest on the Ellen DeGeneres show this past spring and was dubbed the “Dancing Barista”.

ASSISTIVE TECHNOLOGY TEAM

This year we have hired three secondary teachers to assist in delivering training for students, teachers and parents with respect to technology acquired through SEA claims. These teachers will work in coordination with our existing trainers to support students and staff.

This team will work towards building capacity amongst staff to access and use technology in a fluent manner within the classrooms.

### Name of the Director of Education

Angela Gauthier

Signature of the Director of Education

Date

_____
Ms. Angela Kennedy
Chair of the Board
Toronto Catholic District School Board
80 Sheppard Avenue East
Toronto ON M2N 6E8

Dear Ms. Kennedy,

Thank you for your letter of June 8, 2016, originally addressed to my predecessor, the Honourable Liz Sandals, on behalf of the Toronto Catholic District School Board about special education funding. Please know that your sincere commitment to students with special education needs is appreciated, and I am pleased to respond.

Our government is committed to ensuring that every student has access to the supports they need to succeed in school, including students with special education needs. We are making changes to be more responsive to the needs of all students and to increase our focus on supporting their achievement and well-being.

The Ministry of Education provides Ontario's 72 publicly-funded district school boards with additional funding through the Special Education Grant (SEG) for students with special education needs to support the incremental costs of the additional programs, services, and equipment required to meet their educational needs and to support positive outcomes. This enables equity for all students with special education needs.

Special Education Grant funding is incremental to the Foundation Grants and other special purpose grants of our ministry's education funding model, the Grants for Student Needs (GSN). School boards have the authority and flexibility to use other GSN funding, as well as the Special Education Grant SEG, to meet their responsibility to support students with special education needs.

The SEG is projected to increase to approximately $2.76 billion in 2016-17. This represents an increase of approximately $43.2 million or 1.6 per cent over 2015-16; and $1.14 billion or 70 per cent since 2002-03.

In the case of Toronto Catholic-District School Board, its total Special Education Grant funding allocation is projected to be nearly $121.2 million in 2016-17. This represents an increase of nearly $42.4 million or 53.8 per cent since 2002-03.
As you know, the new DSENA allocation (formerly the High Needs Amount) was introduced in 2014-15 to better reflect the variation among boards with respect to students with special education needs, and boards' ability to meet these needs, thus making the DSENA allocation more fair and equitable.

The new DSENA allocation uses three components to reflect this variation: the Measures of Variability, the Special Education Statistical Prediction Model and a Base Amount for Collaboration and Integration. Similar to the geographic adjustment factor that accounts for variations in need for capital construction, the Special Education Statistical Prediction Model estimates the likelihood of students in a school board needing special education programs and/or services. The model does this by taking into account neighbourhood profiles for students across Ontario in each school board, and considering long form census factors, such as parent level of education, family income, unemployment and recent immigration to Canada.

Ministry staff have been consulting with stakeholders on the evolution of the DSENA allocation, including meeting with the Special Education Funding Working Group since 2008, and we will continue to work with stakeholders on the evolution of the DSENA funding allocation over the 2016-17 school year.

While this transition to a more fair and equitable DSENA model is provincially fiscally neutral, it will have redistributive impacts among boards, such as the Toronto Catholic District School Board. To mitigate this impact the new DSENA model is being phased in over four years (2014-15 to 2017-18), and despite projected enrolment declines the ministry is holding the provincial DSENA total allocation at $1.05 billion over the four year transition.

Thank you for writing to share your concerns and recommendations with me. Please be assured that I understand your concerns, and will keep them in mind as we move forward. I trust this information is helpful to you.

Sincerely,

Mitzie Hunter, MBA
Minister
MEMORANDUM TO: Directors of Education
Secretary/Treasurers of School Authorities
FROM: Gabriel F. Sékaly
Assistant Deputy Minister
Financial Policy and Business Division
DATE: August 12, 2016

I am writing to inform you of the in-year amendments to education funding regulations that have been made by the Lieutenant Governor in Council. These amendments make changes to the Grants for Student Needs (GSN) funding regulations for the 2011-12, 2012-13, 2013-14, 2014-15, 2015-16 and 2016-17 school years, and are effective immediately.

These amendments will:

- Provide school boards with recently announced School Renewal Allocations, School Condition Improvement, Capital Priorities Grants, School Consolidation Capital, Child Care Capital, Full Day Kindergarten and Capital Priorities Land funding to allow school boards to build new schools to address growth; to consolidate schools through renovations, retrofits and new additions; repair and maintain schools; build new child care spaces in new schools; address full day kindergarten capital funding needs; and support land purchases.
• Make other technical amendments which correct language or tabled amounts in the existing regulations to ensure they are up to date with the existing policy direction. This includes updates to capital funding tables to reflect additional approvals to allow previously approved projects to proceed to construction completion as applicable.

School Renewal Investment and School Condition Improvement

In July 2016, the Government announced an additional $1.1 billion in renewal funding to school boards for the 2015-16 and 2016-17 school years to keep schools in a state of good repair. This additional renewal funding responds to the school renewal backlog identified through the Ministry’s Condition Assessment Program and the ongoing need to conduct regular maintenance and repairs in schools. This funding is intended to allow boards the opportunity to supplement their existing school renewal activities this summer and address critical building needs that may have otherwise been deferred.

An amendment to the 2015-16 GSN regulation updates School Renewal Investment funding provided under Table 24.1 – Amount for School Renewal Amounts. This update reflects the approved capital spending authority for boards for School Renewal Amounts, and corresponding language to introduce the new table. Also, an amendment to the 2015-16 GSN regulation updates School Condition Improvement (SCI) funding provided under Table 29 – Amount for School Condition Improvement. This update reflects the approved capital spending authority for boards for SCI.

Entitlement for Consolidated Capital, Capital Priorities Grants and Capital Priority Land

Entitlement for Consolidated Capital, Capital Priorities Grants (CPG/SCC) and Capital Priorities Land funding updates reflect newly approved capital priorities, school consolidation capital and capital land funding projects. These amendments reflect previous funding approvals and will enable school boards to begin planning and construction of approved school consolidation capital priorities projects, including building or purchasing schools, building additions, undertaking major retrofits/renovations to existing schools, and/or purchasing land.

Full Day Kindergarten

Amendments to the 2015-16 and 2016-16 GSN regulations updates FDK capital funding provided under Tables 31 and 35 – Full Day Junior Kindergarten and Kindergarten Accommodation Maximum Amount. This update reflects the approved capital spending authority for boards for Full Day Kindergarten.
New Child Care Capital

These amendments include new funding for each approved project under the 2015: B11 memoranda, “Capital Funding for New Construction of Child Care” released on May 26, 2015. These amendments ensure that the 2015-16 GSN funding regulation fully reflects the new funding allocations by projects and includes the expected number of child care rooms and spaces to be achieved.

Amendments
