D'Amico  
Kennedy  
Martino  
Poplawski  
Rizzo

Tanuan

The Motion was declared

CARRIED

## 11. Notices of Motion

- 11a) **From Trustee Rizzo regarding Public Disclosure and Future Plans for the Property at 25 Good Shepherd Court** will be considered at the March 1, 2018 Student Achievement and Wellbeing, Catholic Education and Human Resources Committee meeting.
- 11b) **Trustee Rizzo regarding Public Disclosure of the Agreement of Purchase and Sale with TCDSB and VCI(Intergenerational Community Hub)** will be considered at the March 1, 2018 Student Achievement and Wellbeing, Catholic Education and Human Resources Committee meeting.

## 15. Staff Reports

MOVED by Trustee Tanuan, seconded by Trustee Poplawski, that Item 15b) be adopted as follows:

- 15b) **Toronto Catholic District School Board (TCDSB) Pastoral Plan 2018-2021** that the Pastoral Plan to include our TCDSB Nurturing Our Catholic Community (NCC) team working closely with the various Toronto Archdiocese Lay Ministry groups headed by Bishop Kasun and the creation of the *Congregation for the Defense of the Faith and Pastoral Care Program* for administrators, chaplaincy, faculty, and staff sub-committees.

Other points for addition are:

1. Catholic Missions in Canada (CMIC) service trips; and
2. Components of:
  - a. Mercy and forgiveness, and Sacrament of Reconciliation;
  - b. The sacrament of Holy Communion (there is certainly plenty on Eucharist i.e. Mass itself); and
  - c. Helping each person to form and develop their own relationship with God, or as it is often described, ongoing encounter with Jesus, to ensure the growth of faith.

MOVED in AMENDMENT by Trustee Kennedy, seconded by Trustee Poplawski, that communication of the Pastoral Plan 2018-2021 be expanded to reach out to City Councillors, Members of Parliament (MPs), Members of Provincial Parliament (MPPs) and local newspapers.

Results of the Vote taken on the Amendment, as follows:

**In Favour**

Trustees Crawford  
D'Amico  
Kennedy  
Poplawski  
Tanuan

**Opposed**

Andrachuk  
Martino  
Rizzo

The Amendment was declared

CARRIED

MOVED by Trustee Rizzo, seconded by Trustee Martino, that this be referred to staff to do exploratory work and come back with a report to include a plan and budget.

Results of the Vote taken, as follows:

**In Favour**

**Opposed**

Trustees Andrachuk  
Crawford  
D'Amico  
Kennedy  
Martino  
Poplawski  
Rizzo  
Tanuan

The Motion was declared

CARRIED

MOVED by Trustee Andrachuk, seconded by Trustee Martino, that Item 15a) be adopted as follows:

**15a) Imposition of International Student Caps received.**

Results of the Vote taken, as follows:

**In Favour**

**Opposed**

Trustees Andrachuk  
Crawford  
D'Amico  
Kennedy

Martino  
Poplawski  
Rizzo  
Tanuan

The Motion was declared

CARRIED

MOVED by Trustee Andrachuk, seconded by Trustee Tanuan, that Item 15c) be adopted as follows:

- 15c) External Research Conducted in the Toronto Catholic District School Board, Policy S.19 - February 2018 Update** received.

Results of the Vote taken, as follows:

**In Favour**

**Opposed**

Trustees Andrachuk  
Crawford  
D'Amico  
Kennedy  
Martino  
Poplawski  
Rizzo  
Tanuan

The Motion was declared

CARRIED

Trustee Kennedy left the meeting at 8:36 pm due to a Declaration of Interest in Item 15d), as earlier indicated.

MOVED by Trustee Andrachuk, seconded by Trustee Tanuan, that Item 15d) be adopted as follows:

**15d) Employees Absenteeism Report** received.

Trustee Martino left the meeting (by teleconference) at 8:40 pm.

The Chair declared a 10-minute recess.

The meeting resumed with Trustee Crawford in the Chair.

**PRESENT:**

<b>Trustees:</b>	N. Crawford, Chair

CHAIR

**Consideration of Motion: From Trustee Maria Rizzo**  
**Re: Public Disclosure of the Agreement and Purchase of Sale with TCDSB and Villa Charities (Intergenerational Community Hub)**

**Whereas** on December 19, 2012 a memorandum of understanding was signed between the TCDSB and Villa Charities to enter into a joint venture intergenerational community hub to replace Dante Alighieri Academy; and

**Whereas** the Provincial government has approved \$32.8 million to replace Dante Alighieri Academy Catholic School; and

**Whereas** the province approved a community hub between Villa Charities and the TCDSB in the Lawrence and Dufferin neighbourhood; and

**Whereas** the TCDSB has an agreement with Villa Charities to purchase approximately 3.467 acres of land at the western portion of 901 Lawrence Avenue West; and

**Whereas** the land purchase will be funded through Education Development Charges (EDC's) and the sole purpose of EDC funds is to provide for the present/future educational needs of students; and

**Whereas** EDC funds can only be used to purchase land in residential growth areas across the city and the Dufferin/Lawrence area is experiencing significant residential development and is an eligible growth area; and

**Whereas** neither taxpayers' money nor provincial grants for education will be used to purchase land from Villa Charities; and

**Whereas** TCDSB and Villa Charities board members and staff have been accused of 'secret deals', and wrong doing by members of the public, local politicians and in various articles/letters published in the Corriere Canadese; and

**Whereas** Villa Charities has consented to public disclosure of the land transaction; and

**Whereas** the TCDSB has historically conducted land transactions in camera as required by legislation; and

**Whereas** contrary to criticism TCDSB has nothing to “hide” from public scrutiny; and

**Whereas** public accountability demands transparency of financial information.

**Therefore be it resolved** that the agreement of purchase and sale be disclosed and made public; and

**Further be it resolved** that the TCDSB disclose all financial information publicly (except for information in the public realm: e.g. community consultation fees that are on the TCDSB website). All costs related to this project including consultants, architects, planners, engineers etc. be included and disclosed publicly.

**Consideration of Motion from Trustee Rizzo**

**Re: Public Disclosure and Future Plans for the Property at 25 Good Shepherd Court (formerly owned by the Sisters of the Good Shepherd)**

**WHEREAS:** the TCDSB purchased approximately three acres of land at the municipal address known as 25 Good Shepherd Court from the Sisters of the Good Shepherd and the transaction closed in November 2017; and

**WHEREAS:** The Sisters of the Good Shepherd were planning to remain on the property for a minimum of ten years but decided to vacate early (November 2017); and

**WHEREAS:** this land was not included in the joint venture with the intergenerational community hub with Villa Charities and the Toronto Catholic District School Board as the board did not anticipate the early departure of the Sisters of the Good Shepherd; and

**WHEREAS:** the land purchase of 25 Good Shepherd Court was funded through Education Development Charges (EDC's) and the sole purpose of EDC funds is to provide for the present/future educational needs of students; and

**WHEREAS:** EDC funds can only be used to purchase land in residential growth areas across the city and the Dufferin/Lawrence area is experiencing significant residential development and is an eligible growth area; and

**WHEREAS:** neither tax payers' money nor provincial grants for education were used to purchase 25 Good Shepherd Court; and

**WHEREAS:** the TCDSB has been accused of keeping the purchase of land from the Sisters of the Good Shepherd "secret" and the property has since closed; and

**WHEREAS:** the TCDSB is accountable to the public and must be open and transparent while abiding by legislation in the Education Act; and

**WHEREAS:** local politicians and the public want an explanation as to the purpose of purchasing the land at 25 Good Shepherd Court and disclose what it will be used for; and

**WHEREAS:** there is a house as well as the main building on this site; and

**WHEREAS:** there has been no community consultation regarding the short or long term plans and use of the building(s)/site; and

**WHEREAS:** the community has been informed that the plans and use of 25 Good Shepherd Court will provide for community consultation; and

**WHEREAS:** the site has been used for Board business and functions without community consultation or board approval; and

**BE IT RESOLVED THAT:** the costs by the TCDSB for the consultants Maximum City and Dillon Consulting (independent facilitators for community consultation of the joint use facility with Columbus Centre Dante Alighieri Catholic Academy) be publicly disclosed and reported on the TCDSB website.

**FURTHER BE IT RESOLVED** that the Director of Education report to Board on the following:

- (A) Purpose of purchasing 25 Good Shepherd Court;
- (B) Options for short and long term uses of the property at 25 Good Shepherd Court

**FURTHER BE IT RESOLVED** that upon completion of the Director's report to Board that a community advisory committee be established that will include the local trustee, MPP and Councillor; members of the school communities; and nearby residents to review, advise and recommend short and long term plans for the site located at 25 Good Shepherd Court.

**Maria Rizzo,  
Trustee Ward 5**

## **A. EXECUTIVE SUMMARY**

An accountability framework was established for the annual review of special education programs and services in order that student achievement and well-being be reported and that programs and services could be continually renewed and improved. This report is composed of the following sections:

**Part A** -Overview of student achievement for students with special needs.

**Part B** - Reporting on Overall achievement by exceptionality where feasible/ appropriate.

**Part C** - Reporting on Safe Schools information for 2016-17

**Part D** - Reporting on the ongoing work of the accountability framework committees as listed below:

- a. Autism
- b. Behaviour
- c. Blind/Low Vision (BLV)
- d. Deaf/ Hard of Hearing (DHH)
- e. Gifted
- f. Language Impairment (LI)
- g. Learning Disability (LD)
- h. Mild Intellectual Disability (MID)
- i. Multiple Exceptionalities/Developmental Delays (ME/DD)

**Part E** - Update on implementation of specific Special Education Programs

*The cumulative staff time required to prepare this report was 90 hours.*

## **B. PURPOSE**

1. This report is an annual standing report on the rolling calendar for the Student Achievement Committee. The 2016-17 report (Part One) went to the Board of Trustees last on April 6, 2017.
2. This report provides an overall review of student achievement for 2016-17 on the EQAO assessments where available, with a broad strokes overview of achievement of students with special needs and comparisons over the last few years as well as an outline of the work of the accountability frameworks for different exceptionalities.

## C. BACKGROUND

1. Beginning in 2010, TCDSB began to measure student achievement of Special Education students on an annual basis through the establishment of an Accountability Framework for Special Education (AFSE).
2. The purpose of the Accountability Framework is to conduct an annual review of Special Education services and programs through the lens of student achievement. As such, programs and services are reviewed for effectiveness to ensure ongoing continued improvement across the different exceptionalities.
3. The Accountability Framework for Special Education, as applied to each of the Ministry recognized exceptionalities and placements, consists of two distinct parts: a **descriptive overview** of the department's program *and* a corresponding **measure or goal for improvement**. The goals are an integral part of the TCDSB Board Learning Improvement Plan and along with the program description, they can be found on the TCDSB public website.
4. The work of the Accountability Framework Committee is shared through the context of each exceptionality's goal setting and their analysis of student achievement results.
5. An analysis is provided on student achievement by exceptionality, where appropriate.
6. This report examines the EQAO results for students with Special Education support and their achievement results and trends over the last three years where possible.
7. The Accountability Framework committees set and implement strategies that are exceptionality-specific with the intent of improving student outcomes through the listed goals and strategies.

## D. EVIDENCE/RESEARCH/ANALYSIS

Understanding the scope of students serviced to Special Services is paramount to understanding the diversity of students needs being serviced. Below is a chart identifying students by the predominant exceptionality. It important to note that a number of students have more than one exceptionality.

Special Education Needs (based on predominant exceptionality)	Number of Students	Percent of Total Group
Autism	1763	10.4
Behaviour	188	1.10
Blind and Low Vision	15	0.09
Deaf and Hard-of-Hearing	97	0.57
Developmental Disability	141	0.83
Giftedness	2408	14.15
Language Impairment	840	4.94
Learning Disability	2920	17.16
Mild Intellectual Disability	373	2.19
Multiple Exceptionalities	182	1.07
N/A	8016	47.10
Physical Disability	73	0.43
Speech Impairment	2	0.01
	17018	100.0

### Part A -An overview of student achievement as it pertains to students with special needs.

1. This section of the report will provide an analysis of each part of the report as outlined in the Executive Summary. EQAO results only affect students in grades 3, 6, 9 and 10 who have exceptionalities. As such, within some exceptionalities the low numbers in each grade will not be reported. Please refer to **Appendix A** for detailed information on Grade 3 and 6 Reading, Writing and Mathematics scores as well as Grade 9 Math and Grade 10 OSSLT. Provincial comparisons of results reported below are for students with exceptionalities.
2. Summary of results for exceptional students achieving level 3 and 4 on the provincial assessments (excluding Gifted):

**a. Areas of Relative Strength**

- i. Gr.3 Reading – 6% increase from 39% to 45% and above province (43%)
- ii. Gr.3 Writing – 1% decrease from 56% to 55% but above the province (54%)
- iii. Gr.6 Reading – increase from 44% to 48% and slightly below province (51%)
- iv. Gr.6 Writing – increase from 48% to 53% and above province (51%)

**b. Areas for Growth:**

- i. Gr.3 Mathematics – decrease from 33% two years ago to 30% but above province (29%)
- ii. Gr.6 Math – maintained at 15% from two years ago and below province (18%)
- iii. Gr.9 Academic Math– increase from 66% to 67% but below province (71%)
- iv. Gr.9 Applied Math– decrease from 35% to 32% but below province at 37%

**c. Grade 10 Ontario Secondary School Literacy Test (OSSLT)**  
(Reported by percent of students successful)

- i. Full Time – decrease from 56% successful to 53% and above province at 52%
- ii. Part Time – increase from 27% to 32% but below province (34%)
- iii. Students completing Ontario Secondary School Literacy Course (OSSLC) is 38%, increase of 5%; the provincial level is 42%

**d. Next Steps:**

- i. As part of the Renewed Math Strategy, continue to provide release days for special education teachers to work with grade level teachers to develop and implement strategies to support mathematics. (all grades)

## **Part B – EQAO Overall Achievement of Students receiving Special Education support(s) by Exceptionality (Autism, LI, LD)**

1. A large proportion of students with Special Education supports participate in the Grades 3, 6 and 9 EQAO assessments and the Grade 10 OSSLT. Given the wide range of performance on these assessments and considerable differences in the prevalence of certain exceptionalities, **it would not be appropriate or feasible to report on some exceptionalities.**
2. **Appendix B** charts EQAO and OSSLT achievement results over 3 years for the following exceptionality: **Autism**  
Some highlights are described below:

### **a. Areas of Relative Strength:**

- i. Gr.3
  - increase in number of students with Autism that wrote the assessment (from 91 to 132)
  - 6% more students wrote the assessment (less exemptions)
- ii. Gr.3 Writing – maintained steady at 39%
- iii. Gr. 6 Reading – increase from 28% to 33%
- iv. Gr. 6 Writing – increase from 38% to 43%
- v. Gr. 9 Applied Math – increase from 41% to 47% and above province at 37%

### **b. Areas for Growth:**

- a. Grade 3 reading - decrease from 33% to 29% in student achievement at level 3 and 4
- b. Gr. 3 Mathematics – decrease from 39% two years ago to 23%
- c. Gr. 6 Math – slight decrease from 20% two years ago to 19%
- d. Academic – decrease from 100% to 86% (due to very small sample size)

### **c. Grade 10 OSSLT (Reported by percent of students successful)**

- i. Full Time – decrease from 54% successful to 52% and at the same level as province (52%)
- ii. Part Time – decrease from 35% to 34% but at same level as province (34%)

- iii. Students with Autism completing OSSLC is 42%, increase of 3%; same as provincial level (42%)
- iv. Deferred students have decreased by 1% to 11% for Full Time students and maintained at 10% for Part Time students

**d. Next Steps:**

- i. As part of the Renewed Math Strategy, continue to provide release days for special education teachers to work with grade level teachers to develop and implement strategies to support mathematics. (all grades)
- ii. Use newly purchased resources to support ongoing work with this student population. (See Appendix F).

**3. Appendix C charts EQAO and OSSLT achievement results over 3 years for the following exceptionality: Learning Disability (LD)**

**a. Areas of Relative Strength:**

- i. Gr. 3 Writing – increase from 71% two years ago to 75%, well above the province at 54%
- ii. Gr. 6 Reading – increase from 50% to 56% and above province (51%)
- iii. Gr. 6 Writing – increase from 48% to 53% and above province (51%)
- iv. Grade 9 Academic Math – increase from 69% to 72% and above province (71%)

**b. Areas for Growth:**

- i. Gr. 3 Reading – decrease from 44% to 42%
- ii. Gr. 3 Mathematics – decrease from 46% to 31%
- iii. Gr. 6 Math – decreased from 17% to 13%
- iv. Grade 9 Applied Math– decrease from 37% to 32%

**c. Grade 10 OSSLT (Reported by percent of students successful)**

- i. Full Time – decrease from 55% two years ago to 52% successful (same level as special needs in province at 52%)
- ii. Part Time – decrease from 38% to 35% but above province (34%)
- iii. Students completing OSSLC is 39%, increase of 9%; the provincial level is 42%

- iv. Students deferred were 4% which is a decrease of 3%, thus more students are writing the assessment

**e. Next Steps:**

- a. As part of the Renewed Math Strategy, continue to provide release days for special education teachers to work with grade level teachers to develop and implement strategies to support mathematics. (all grades)
- b. Continue implementation of Empower and Lexia programs as strategies that support decoding and comprehension for students in primary

4. **Appendix D** charts EQAO and OSSLT achievement results over 3 years for the following exceptionalities: **Language Impaired (LI)**

**a. Areas of Relative Strength:**

- i. Gr. 3 Reading – increase from 31% to 43% and above province (43%)
- ii. Gr. 6 Reading – maintained at 30%
- iii. Gr. 6 Writing – increase from 47% to 51%
- iv. Gr. 6 Math – increased from 9% to 13%
- v. Gr. 9 Academic Math – increase from 100% to 83% (low sample size)

**b. Areas for Growth:**

- i. Writing – decrease from 57% to 49%
- ii. Mathematics – decrease from 40% two years ago to 20%
- iii. Gr. 9 Applied Math – decrease from 25% to 37% and same as special needs in province at 37%

**c. Grade 10 OSSLT (Reported by percent of students successful)**

- i. Full Time – increase from 39% successful to 50%
- ii. Part Time – decrease from 25% to 14%
- iii. Students completing OSSLC is 28%

**d. Next Steps:**

- i. As part of the Renewed Math Strategy, continue to provide release days for special education teachers to work with grade

level teachers to develop and implement strategies to support mathematics. (all grades)

## **Part C: Safe Schools Information for Students with Special Needs**

Please refer to **Appendix E** for further information, including a 5-year trend for Students with an Individual Education Plan (IEP).

### **1. Elementary Schools 2016-2017 [Comparison with 2015-2016 data]**

Some comparisons with the previous year (2015-2016) indicate:

- Decrease in the number of males with an Individual Education Plan (IEP) who were suspended (-21)
- Decrease in the number of females with an Individual Education Plan (IEP) who were suspended (-11)

### **2. Secondary Schools 2016-2017 [Comparison with 2015-16 data]**

At the Secondary level, the data indicate that fewer students overall are receiving suspension as a progressive discipline consequence with a slight increase in female suspensions

Some comparisons with the previous year (2015-2016) indicate:

- Decrease in the number of males with an Individual Education Plan (IEP) who were suspended (-29).
- Slight increase in the number of females with an Individual Education Plan (IEP) who were suspended (+8). However, there is a decrease in suspensions of female students with an IEP over the last 3 years (-28).

Although there is a slight increase in suspensions of female students with an IEP and continued decrease in suspension of male students with an IEP, a three year trend data confirms a downward trend of suspension of students with IEP (-78).

## **Part D: Reporting on the ongoing work of the Accountability Framework for Special Education committees.**

1. Each AFSE (Accountability Framework for Special Education) Committee meets several times a year to review set goals and works to implement these goals over the timeline of goal implementation.
2. The following section highlights of the work of each committee. Factors that impact the work of these committees are the number of students with the identified exceptionality that are impacted in the work of the committee and the longevity of the committee.
3. The following section of the report attempts to highlight some of the work of the committee and/or some of the findings by exceptionality. For specific details, please refer to the corresponding appendices.
4. Each appendix template outlines the work of the committee for 2016-17 and the plan for this current year.

### **a) Autism (Appendix F)**

- Initially Stuart Shankar's 5 domain model of self-regulation, biological; emotional; social; prosocial; cognitive was discussed as a resource to help develop strategies that could be shared across the system;
- Classroom strategies for self-regulation focusing on rigidity and flexibility were investigated
- The two-year PD plan delivering a 3-day Autism workshop focusing on ABA principals, educational practices, communication, sensory and understanding behaviour will be completed 2017/18. The focus of the PD has been on Kindergarten and Special Education elementary schools and one teacher in every elementary school in Kindergarten and Special Education have been invited to attend this PD. The expectation is that the information from the workshop be shared with the staff at the school in order to build capacity.

- The following PD opportunities were offered to support staff throughout the year: ABA Training for Students with Autism Spectrum Disorders (ASD); Communication and Autism: Effective Communication Strategies for the Classroom Setting; Understanding & Addressing Challenging Behaviours of Students with ASD. This was well received and will continue in 2017/18.
- Ministry sponsored Autism certificate courses for educators through the Geneva Centre was offered. Interest in this certification continues to be high, as a result this will continue in 2017/18.

#### **b) Behaviour (Appendix G)**

- Staff who provide support in all 19 Behavioural Intensive Support Programs (ISPs) have been trained in *Stop Now And Plan (SNAP)*. Implementation has been monitored by the Behaviour ISP Assessment and Programing teacher and supported through the Child Development Institute. CDI has indicated that the programs are operating with fidelity. Four additional trainings were provided four Behavioural ISP staff (2 for teachers and 2 for CYWs).
- The number of students who utilize SNAP skills has increased as indicated in report cards.
- JUMP Math, the Lexia Reading Programme and Assistive technology are being used in each of the 19 Behaviour ISPs. EQUAO scores are insufficient to measure progress but report cards and IPRC reports indicate academic progress for most students.
- Levels of integration for students have increased which could lead to increased demission rates.

#### **c) Blind/Low Vision (BLV) (Appendix H)**

- Classroom teachers are able to deliver the regular curriculum with accommodations for the learner who is visually impaired.

- Classroom teachers are able to engage the learner who is visually impaired using the strategies and materials provided by Vision Program personnel.
- Students have developed greater confidence in their daily classroom interactions.

**d) Deaf/ Hard of Hearing (D/HH) (Appendix I)**

- D/HH teachers participated in an online survey to explore and examine usage of Hearing Assistance Technology.
- D/HH students participated in a survey to explore and examine usage of Hearing Assistance Technology.
- Provided appropriate professional development for parents and teachers who work with D/HH students in regular and ISP classes, and other Board staff.
- Establish a pilot program at one elementary school and two high schools that encourages use of Hearing Assistance Technology in elementary to track student usage in secondary

**e) Giftedness (Appendix J)**

- PD presentation on *Supporting the emotional health of students with Giftedness: How to recognize depression/anxiety and how to help* in December 2016; Supporting regular classroom teachers by offering a bank of IEP Accommodation comments for Gifted students.
- Organization and self-regulation skills are have shown a slight increase.
- Increase the percentage of students with Giftedness whose Self-Regulation and Organizational skills are rated as “excellent” on their Provincial Report Card.

#### **f) Language Impairment (LI) (Appendix K)**

- Speech and Language staff presented 4 modules of *ABC and Beyond* to 5 kindergarten teacher and Early Childhood Educator teams. Attendees rated the usefulness of each session on a 5 point scale with 1 being “not useful” and 5 being “very useful”, as follows, *Turn Book Reading into a Conversation*, - 4.6; *Make New Words Sparkle*, - 4.75; *Foster the Development of Print Knowledge* - 4.8; and *Build Phonological Awareness*, 5.
- Thirty-six students participated in SKIPPA (Senior Kindergarten intervention program for phonemic awareness). On pre- and post-testing, students increased by 22% their knowledge of the number of phonemes and 100% in number of words on the SKIPPA Word Assessment Tool.
- Goal for 2017-18: Administer functional speaking and listening measure in Fall 2017 and Spring of 2018 to LI- ISP teachers and classroom teachers of the LI students to explore the progress and the learning needs of students with LI so that teachers can increase their capacity to understand and refine instruction to improve student learning and achievement. Progress will be measured by perceptual data (e.g., surveys, interviews) and behavioural data (e.g., work samples, classroom observations). Survey results will inform goal setting for 2018/2019.

#### **g) Learning Disability (LD) (Appendix L)**

- Empower Reading Intervention (Decoding/Spelling Grade 2-5 and 6-8; Comprehension/ Vocabulary Grade 2-5): offered in 71 TCDSB elementary schools.
- Lexia Reading Intervention to support the learning of Decoding, Comprehension and Vocabulary: offered in 65 schools (73 Teachers and 5 APTs attended the October 2016 Lexia training).

- Teacher survey conducted in March 2017: Most teachers report that the program effectively supports learning decoding and comprehension, and student's self confidence in students with LD.

#### **h) Mild Intellectual Disability (MID) (Appendix M)**

- Collect resources and strategies to assist in supporting teachers who support students with this exceptionality.
- Identify best practices to support the MID population at the elementary and secondary school levels
- Develop a communication plan to disseminate information to staff working with MID populations.
- Committee is reviewing alternative learning skills and reporting mechanisms for this student population

#### **i) Multiple Exceptionalities and Developmental Delays (ME/DD) (Appendix N)**

- Feedback from a teacher collaborative inquiry suggests the focus should continue to be on functional literacy for students identified with DD-ME in ISP and having alignment across the system when developing the literacy skills for students in a DD-ME ISP.
- Two days of professional development for one DD-ME ISP teacher in every secondary school with an ISP class took place. Day one focused on functional literacy and day two focused on understanding challenging behaviours. Strategies presented were encouraged to be used in the classroom.
- 83% of the secondary schools attended the two days of professional development. All secondary schools with ISP classes have received the resource **Enhance: Functional Literacy Resource**.

## **Part E: Update on Implementation of Specific Special Education Programs**

### **1. Empower Update for 2016-17 (Appendix O)**

Empower Reading™ is an evidence-based reading intervention program, which was developed by the Learning Disabilities Research Program at the Hospital for Sick Children. This program is based on 25 years of research in Canada and the United States.

The TCDSB has continued to offer Empower as an intervention for students in grades 2-5 who have demonstrated significant difficulties in decoding and spelling. Since 2013-14, TCDSB has also offered both a decoding and spelling program for students in grades 6-8, as well as a program focused on comprehension and vocabulary for students in grades 2-5. In 2016-17, 470 students participated in the Gr. 2-5 decoding/spelling program, 47 students participated in the Gr.6-8 decoding/spelling program, and 125 students in the Gr.2-5 comprehension/vocabulary program. Currently (2017-18) TCDSB has 64 active locations/schools providing Empower with many locations offering multiple programs.

Results for students in 2-5 DS indicate that they made significant gains in decoding and word recognition (80%), blending and segmenting (90% correct by June).

The Running Record (TCDSB measure) demonstrated an increase from 1% at the beginning of the year to 47% of grade 2 students reading at grade level.

While most students improve on the Board and provincial measures, there is a proportion of students who will need further Special Education interventions; Empower teachers suggest that these students are often identified as LI, sometimes as LD. Most students need reinforcement after Empower.

### **2. Lexia Update for 2016-17 (Appendix P)**

Lexia Reading is a web-based reading intervention, which focuses on:

- Foundational reading development for students pre-K to Grade 5, and
- Reading development for struggling readers in Grades 5-12.

This evidence-based individualized reading intervention provides explicit, systematic, structured practice on the essential reading skills of:

- Phonological Awareness,
- Phonics,
- Structural Analysis,
- Automaticity/Fluency,
- Vocabulary, and
- Comprehension

Students practice and learn these skills by interacting with the online program, as well as by receiving teacher-led Lexia lessons and paper-based practice activities. Students can access Lexia Reading from school, home, public library, etc.

TCDSB implements Lexia as a Tier 2 and Tier 3 intervention to facilitate the development of reading skills for students. Through SBSLT endorsement, students are eligible for Lexia implementation if they are significantly below grade level in their reading skills, **AND** who are:

- identified as Exceptional (primarily LD or LI), **OR**
- assessed as LD or LI or referred for assessment, **OR**
- discussed by SBSLT and have an IEP

The Lexia Reading software also delivers norm-referenced performance data and analysis for each individual student, through the software application. Teachers use the data to track achievement and tailor instruction. See Appendix P for further details.

## **E. CONCLUDING STATEMENT**

This report is for the consideration of the Board.

### All Students with Special Education Needs (Excluding Gifted) Achievement over 3 Years

**NOTE:** NP = "Non-participating" indicates that due to exceptional circumstances, some or all of the school's or board's students did not participate  
EC = Due to exceptional circumstances in 2015, provincial data are unavailable to report provincial results.

#### Reading Grade 3

**NOTES:**

- For OSSLT, Successful and Not Successful percentages are based on those who are Fully Participating. Identified exceptional students who are not working towards the OSSD may be exempted from the Literacy requirement. Schools may choose to defer for a student to write the assessment in a later year.
- OSSLC indicates the percentage of student who would be fulfilling the Literacy requirement through the Ontario Secondary School Literacy Course (OSSLC).
- Not Reported (N/R) indicates the number of participating students are fewer than 10 in a group.

**NOTES**

- For OSSLT, Successful and Not Successful percentages are based on those who are Fully Participating. Identified exceptional students who are not working towards the OSSD may be exempted from the Literacy requirement. Schools may choose to defer for a student to write the assessment in a later year.
- OSSLC indicates the percentage of student who would be fulfilling the Literacy requirement through the Ontario Secondary School Literacy Course (OSSLC).
- Not Reported (N/R) indicates the number of participating students are fewer than 10 in a group.
- NP = "Non-participating" indicates that due to exceptional circumstances, some or all of the school's or board's students did not participate

Note: Successful and Not Successful percentages are based on those Fully Participating.

**NOTES:**

- For OSSLT, Successful and Not Successful percentages are based on those who are Fully Participating. Identified exceptional students who are not working towards the OSSD may be exempted from the Literacy requirement. Schools may choose to defer for a student to write the assessment in a later year.
- OSSLC indicates the percentage of student who would be fulfilling the Literacy requirement through the Ontario Secondary School Literacy Course (OSSLC).
- Not Reported (N/R) indicates the number of participating students are fewer than 10 in a group.
- NP = "Non-participating" indicates that due to exceptional circumstances, some or all of the school's or board's students did not participate

Accountability Framework Committee Plan 2016-17	
Exceptionality: Autism	Number of students (K-12) with this exceptionality: 1763 K – 8 Regular Class: 918 K – 8 Special Education Class: 348 Gr. 9 – 12 Regular Class: 280 Gr. 9 – 12 Special Education Class: 217
Subgroup targeted: Students in Year 1 of the Program to Assist Social Thinking (PAST)	
Goal(s) (2016-17): For 2016/17 a sub-committee was struck to prepare information focusing on classroom strategies for self-regulation and to develop a tool to track student improvement with self-regulation.	Goal Timeline: 2016/17 2017/18- Targeted students in PAST Program and tracking students 2018/19
Instructional Strategy: <ul style="list-style-type: none"> <li>Initially Stuart Shankar's 5 domain model of self-regulation, biological; emotional; social; prosocial; cognitive was discussed as a resource to help develop strategies that could be shared across the system;</li> <li>Classroom strategies for self-regulation focusing on rigidity and flexibility were investigated</li> </ul>	
Data supporting Observations: Stuart Shankar's book, <b>Calm, Alert and Learning: Classroom Strategies for Self-Regulation</b> was shared with various resource teachers to aid with their work with classroom teachers and students. In reviewing this approach, it was determined that we needed to gather better data to help inform our practice in supporting students with Autism with self-regulation in the classroom.	
Outcomes/Observations/Learning: <ul style="list-style-type: none"> <li>Sub-committee discussions led to the goal being refined. In looking at the successful strategies used in the PAST program, it was determined a case study would be a better way of obtaining measurable data.</li> <li>Building capacity in the system through targeted Professional Development (PD) has continued in 2017/18.</li> <li>The two-year PD plan delivering a 3-day Autism workshop focusing on ABA principals, educational practices, communication, sensory and understanding behaviour will be completed 2017/18. The focus of the PD has been on Kindergarten and Special Education elementary schools and one teacher in every elementary school in Kindergarten and Special Education have been invited to attend this PD. The</li> </ul>	

expectation is that the information from the workshop be shared with the staff at the school in order to build capacity.

- The following PD opportunities were offered to support staff throughout the year: ABA Training for Students with Autism Spectrum Disorders (ASD); Communication and Autism: Effective Communication Strategies for the Classroom Setting; Understanding & Addressing Challenging Behaviours of Students with ASD. This was well received and will continue in 2017/18.
- Ministry sponsored Autism certificate courses for educators through the Geneva Centre was offered. Interest in this certification continues to be high, as a result this will continue in 2017/18.
- The team developed intake kits for all Autism Support Teachers in elementary to help understand the skills of students that are new to school or the board.

### Accountability Framework Committee Plan 2017-18

#### Goal for 2017-18:

The self-regulation of students in the PAST program will be tracked. By the end of the school year, more students in the PAST program will be able to identify their emotions independently, identify a reason for their emotion and identify a strategy addressing the emotion.

The focus is to track the progress of the students in identifying and using strategies to address their emotions to demonstrate overall improvement in self-regulation. The most effective strategies used to teach this curriculum where students are successful will be recorded to create resources that can be shared to build capacity within the schools to support students with Autism.

#### Goal Timeline:

2017/18, 2018/19, 2019/20

#### Intended Outcomes:

If students are explicitly taught strategies to be flexible in their thinking, to understand their emotions and to play cooperatively, then there will an improvement in their self-regulation skills. Using checklists and feedback from the teachers in the PAST program, the data will be tracked to measure success. This is a 3-year goal that will follow the group of Year 1 students. In addition, the committee's goal is to communicate with all classrooms what effective self-regulation techniques have been found in order to assist all students with Autism to reach their full potential.

Accountability Framework for Special Education 2016-17	
Exceptionality: Behaviour	Number of Students with this exceptionality: 188
Subgroup targeted: 126 Students in ISP class	
Goal (2016-17): Focus on social/emotional prerequisite skills for learning Reading, Writing and Mathematics through the development of social skills, self-esteem, self-advocacy and self-regulations skills.	Goal Timeline: September 2015 – June 2017
<p>Instructional Strategy:</p> <ul style="list-style-type: none"> <li>• Deliver <i>Stop Now And Plan (SNAP)</i> which is an evidence based behavioural model that provides a framework for teaching children struggling with behaviour issues effective emotional regulation, self-control and problem-solving skills in each Behavioural ISP</li> <li>• Provide designated in-services to both ISP Behaviour Teachers and Child &amp; Youth Workers which focus on training, monitoring and evaluation of the <i>Stop Now And Plan (SNAP)</i> program</li> <li>• Provide learning opportunities regarding classroom management, self-regulation, building positive rapport and increasing collaborative activities during unstructured times such as recess</li> <li>• Involve the Child Development Institute in the monitoring of the <i>Stop Now And Plan (SNAP)</i> program by observing Behaviour ISP Classrooms and providing feedback to Behaviour ISP staff</li> <li>• Devise individual measurable goals, develop specific strategies, evaluate progress on a weekly basis and revise or create new goals together with each student registered in a Behaviour ISP. These goals should be based upon concepts with the SNAP program</li> <li>• Provide support to assist in the development and consistency of tracking and revision of those individual measurable goals</li> <li>• Articulate the progress of the individual measurable goals to parents/ guardians of students in the Behaviour ISP</li> <li>• Upon request, provide the <i>Friends</i> program in Behaviour ISP Classes and/or classes in which students with behavioural identifications attend</li> <li>• Foster a Professional Learning Network through on-going e-mail communications amongst Behaviour ISP Teachers, CYWS and the Behaviour ISP Assessment and Program Teacher</li> </ul>	

- Support for the Behaviour ISP programs with the ISP Assessment and Program Teacher
- Develop a list of recommended classroom resources to support the development of social skills, self-esteem, self-advocacy and self-regulations skills
- Use JUMP Math
- Use Lexia Reading Programme
- Use Assistive technology (i.e. Smart Board, Premier, Co-writer, Draft Builder, Kurzweil and Dragon Naturally Speaking)

#### Data supporting Observations: (where available)

- EQAO data is insufficient due to extremely low numbers of students completing the standardized tests
- All 19 Behavioural ISPs have been monitored through the support of the Behavioural ISP APT and the school social worker
- IPRC reports, IEPs and report cards have been reviewed
- Individual measurable goals were developed for each student in a Behavioural ISP. Progress is monitored with the support of the School Social Worker and the Behaviour ISP APT. Progress with the individual measurable goals is reviewed with parents/ guardians through the regular teacher and parent communication as well as the annual IPRC.

#### Outcomes/Observations/Learning:

- Staff who provide support in all 19 Behavioural ISPs have been trained in *Stop Now And Plan (SNAP)*. Implementation has been monitored by the Behaviour ISP Assessment and Programing teacher and supported through the Child Development Institute. CDI has indicated that the programs are operating with fidelity. Four additional trainings were provided four Behavioural ISP staff (2 for teachers and 2 for CYWs). The number of students who utilize SNAP skills has increased as indicated in report cards.
- A professional Learning Network through was established with on-going e-mail communications amongst Behaviour ISP Teachers, CYWS and the Behaviour ISP Assessment and Program Teacher. The majority of Behaviour ISP staff have accessed this support.
- The *Friends* program was provided in two Behaviour ISP classes. Students appear less anxious and more prepared to focus on lessons.

- JUMP Math, the Lexia Reading Programme and Assistive technology are being used in each of the 19 Behaviour ISPs. EQUAO scores are insufficient to measure progress but report cards and IPRC reports indicate academic progress for most students.
- Levels of integration for students have increased which could lead to increased demission rates.

### Accountability Framework for Special Education 2017-18

Goal for 2017-18: Increase the capacity of classroom teachers and educational assistants to support the integration of students registered in a Behavioural ISP and/or support the self-regulation of students registered in a “regular” classroom setting.

Goal Timeline: September 2017 to June 2019

Intended Outcomes: Prior to the completion of the 2018/19 school year, “regular” classroom teachers and educational assistant will have increased opportunities to obtain evidence based knowledge and to develop evidence based strategies which support the self-regulation of students.

#### Instructional Strategies:

- Within at least 30 classrooms located in various schools across the TCDSB, in both the 2017/18 and 2018/19 school years, the Student Support Response Teams, (consisting of a Behaviour Intervention Teacher and a Child & Youth Worker, will support a student who is experiencing self-regulation difficulties). Their interventions will model evidence based strategies for the classroom teacher and if applicable, education assistant.
- Further develop staff knowledge of evidence based de-escalation strategies by providing a new CPI training format to increase the yearly number of TCDSB employees who are certified in Crisis Prevention Intervention (CPI).
- Prior to the completion of the 2018/19 school year, revise the format for Behavioural Support Plans which may be used in conjunction with Individual Education Plans (IEP)s or on their own to support, monitor and revise self-regulation strategies utilized in the “regular” classroom setting.
- The ISP Behaviour teacher and CYW will provide information to the rest of the staff on the principals and language of the SNAP programme so that they can reinforce the language and strategies in the regular classes and during unstructured times.
- ISP Behaviour teachers and CYWs will share the students’ individual measurable goals and specific strategies with each of the integrated teachers.

- The ISP Behaviour teachers and CYWs work collaboratively with the integrated teachers to evaluate the students' progress on a weekly basis and revise or create new goals and strategies together for each student.
- Working collaboratively the ISP Behaviour Teacher, CYW and the integrated teachers will develop a strategy of tracking and revising of those individual measurable goals and strategies.

Accountability Framework for Special Education 2016-17	
Exceptionality: Blind and Low Vision (BLV)	Number of Students with this exceptionality: 54
Subgroup targeted: (e.g. in students with LI, those in LI closed classrooms) Students with BLV needs who receive Tier 3 support (i.e., weekly, direct instruction from a Specialist Teacher of the Blind) from the TDSB Vision Program.	
Goal(s) (2016-17): Regular classroom teachers and other school personnel who support learners with vision loss will engage in targeted professional learning to ensure student success in the inclusive classroom.	Goal Timeline: 2016 – 2017
Instructional Strategy: <ul style="list-style-type: none"> <li>• 1:1 professional learning provided by TDSB Vision Program staff (Itinerant Vision Teachers, Orientation &amp; Mobility Specialists).</li> <li>• Opportunities to observe specific instructional strategies employed by Vision Program personnel.</li> <li>• Modelling of disability-specific teaching strategies by Vision Program personnel.</li> <li>• Provision of accommodated materials (i.e., braille, tactile diagrams, enlarged print, digital formats) for classroom teachers.</li> <li>• Training and support on the use of assistive technology.</li> </ul>	
Data supporting Observations: (where available)	
Outcomes/Observations/Learning: <ul style="list-style-type: none"> <li>• Classroom teachers are able to deliver the regular curriculum with accommodations for the learner who is visually impaired.</li> <li>• Classroom teachers and school personnel feel more confident and comfortable interacting with a student who is visually impaired.</li> <li>• Classroom teachers are able to engage the learner who is visually impaired using the strategies and materials provided by Vision Program personnel.</li> </ul> Include student outcomes: Students have developed greater confidence in their daily classroom interactions.	
2017-18	
Goal for 2017-18: Classroom teachers of students who read braille who receive the most intensive support from the TDSB Vision Program will provide appropriate accommodations that	Goal Timeline: 2017 – 2018 School Year

enable the students to access the Ontario curriculum as independently as possible.	
<p>Data Supporting Observations:</p> <p>After receiving support from the TDSB Vision Program as outlined above in Instructional Strategies, classroom teachers will be surveyed regarding the 4 items listed below.</p>	
<p>Intended Outcomes:</p> <ul style="list-style-type: none"> <li>• Classroom teachers will demonstrate increased <ul style="list-style-type: none"> <li>(a) personal comfort level teaching a student who reads braille</li> <li>(b) frequency of consultation with Vision Program personnel</li> <li>(c) ability to assist students who are blind with some aspects of their assistive technology</li> <li>(d) understanding of the learning needs and essential accommodations for a learner who is blind</li> </ul> </li> </ul>	

<b>Accountability Framework for Special Education 2016-17</b>	
<b>Exceptionality</b> <b>Deaf/Hard of Hearing</b>	Number of Students with this exceptionality: 97 30 in ISP classes
Subgroup targeted: students with an identification of D/HH and/or those receiving Itinerant D/HH support	
<b>Goal(s) (2016-17):</b> 1. If teachers of D/HH students engage in collaborative inquiry to deepen their capacity to understand the learning needs of D/HH students who require <b>Hearing Assistance Technology (HAT)</b> , then teacher support of HAT use will increase. Progress will be measured by perceptual data (e.g., surveys, interviews) and behavioural data (e.g., classroom observations). 2. If D/HH students engage in collaborative inquiry to reflect upon their own learning profile, then consistent use of Hearing Assistive Technology will increase. Progress will be measured by perceptual data (e.g., surveys, interviews) and behavioural data (e.g., classroom observations).	<b>Goal Timeline:</b> <b>2016/2017</b> – collaborative inquiry
<b>Instructional Strategy:</b> <ul style="list-style-type: none"> <li>• Surveyed 74 D/HH students to explore and examine usage of Hearing Assistance Technology</li> <li>• Surveyed 53 teachers of D/HH students to explore and examine usage of Hearing Assistance Technology</li> <li>• Communicated Accountability Framework for Special Education (AFSE) goals to classroom teachers of D/HH students through consultation with Itinerant D/HH teachers</li> <li>• Provided appropriate professional development to parents and teachers who work with D/HH students in regular and ISP classes, and other Board staff.</li> </ul>	
<b>Data supporting Observations:</b> <ul style="list-style-type: none"> <li>• More than fifty percent of students identified as D/HH and/or those receiving itinerant support engaged in face-to face social networking and communication enrichment experiences, such as Girls' Talk and Boys' Club</li> </ul>	

- More than 100 students and their family members attended the annual D/HH family picnic
- Weekly newsletters were shared system-wide on supporting D/HH students in the regular class for Speech, Language and Hearing awareness month in May

**Outcomes/Observations/Learning:**

- 97% of students who responded to survey are in regular class placements
- 94% of teachers who responded to survey supported students in the regular classroom
- 100% of all D/HH student networking events (Girls' Talk, Boys' Club, annual D/HH family picnic) included parent participation and attendance

**Accountability Framework for Special Education 2017-18**

**Goal for 2017-18:**

By June 2018, review and analyze results from 2016-17 surveys (D/HH Student Survey and D/HH Teacher Survey) and based on results, identify one elementary and two high schools to track usage of Hearing Assistance Technology over two years.

**Goal Timeline: 3 year plan**

**2017/2018** – data collection

**2018/2019** – track implementation

**2019-2020** - track implementation

**Intended Outcomes:**

By June 2018:

- review and analyze results from 2016-17 surveys (D/HH Student Survey and D/HH Teacher Survey)
- establish a pilot program at one elementary school and two high schools that encourages use of Hearing Assistance Technology in elementary to track student usage in secondary

Accountability Framework for Special Education 2016-17				
Exceptionality Gifted			Number of Students with this exceptionality: 2119	
Subgroup targeted: 264 students with Giftedness, 2016-17 Grade 6 cohort				
Goal(s) 2016-17: Increase the percentage of students with Giftedness whose Self-Regulation and Organizational skills are rated as “excellent” on their Provincial Report Card. (Baseline: Grade 5 Term 1 Report Card.)			Goal Timeline: This is a 3-year goal: 2016-17 2017-18 2018-19	
Instructional Strategies: <ul style="list-style-type: none"><li>• Building capacity for Gifted Withdrawal and Congregated Program Teachers, through professional development activities (October 2016 Newsletter titled <i>Self-Regulation Skills</i>, distributed to all TCDSB staff;</li><li>• PD presentation on <i>Supporting the emotional health of students with Giftedness: How to recognize depression/anxiety and how to help</i> in December 2016; Supporting regular classroom teachers by offering a bank of IEP Accommodation comments for Gifted students.</li></ul>				
Data supporting Observations:				
2016/2017 Grade 6 Cohort	Baseline: Grade 5 Term 1 Provincial Report Card		2016/2017 Term 2 Grade 6 Provincial Report Card (264)	
	Organization	Self- Regulation	Organization	Self- Regulation
Excellent	63.3 %	60.6%	65.9%	65.2%
Excellent+Good	90.6%	92.8%	92.4%	93.6%
Outcomes/Observations/Learning: <ul style="list-style-type: none"><li>• Organization and self-regulation skills are have shown a slight increase.</li><li>• Continue to implement strategies to address anxiety/perfectionism in students with Giftedness.</li></ul>				
Accountability Framework for Special Education 2017-18				
Goal for 2017-18: Increase the percentage of students with Giftedness whose Self-Regulation and Organizational skills are rated as “excellent” on their Provincial Report Card.			Goal Timeline: This is a 3-year goal: 2016-17, 2017-18, 2018-19	

**Intended Outcomes:**

To increase and maintain the improvement of organization and self-regulation skills for this cohort through Grade 7 and 8 (by the end of 2018-19 school year) as evidenced in report card ratings to ensure successful transition into secondary school.

<b>ACCOUNTABILITY FRAMEWORK FOR SPECIAL EDUCATION 2016-17</b>	
Exceptionality <b>LANGUAGE IMPAIRMENT</b>	Number of Students with this exceptionality: 840
Subgroups targeted: <ol style="list-style-type: none"> <li>1. students in Language Impaired – Intensive Support Programs</li> <li>2. kindergarten and primary students board-wide at risk for oral language delays</li> </ol>	
<b>Goal(s) (2016-17):</b> 1) If LI-ISP teachers engage in a collaborative study, then they will deepen their capacity to understand the learning needs of students with LI and refine instruction to improve student learning and achievement. 2) If reading instruction for primary students with LI is directly focused on decoding and comprehension, then we can continue to reduce the achievement gap in primary literacy. Progress will be monitored by data collection regarding Empower Reading implementation and student achievement in the LI ISP, evidence-based interventions such as SKIPPA (Senior Kindergarten Intervention Program for Phonemic Awareness) and FIPPA (Focused Intervention Program for Phonemic Awareness).	<b>Goal Timeline:</b> 2016/2017 - Collaborative Inquiry
<b>Instructional Strategy:</b> Facilitated early intervention processes (e.g., SLP consultation to kindergarten classrooms; promotion of the board-wide Early Identification Strategy). Implemented strategic roll-out of FIPPA and SKIPPA for selected students in kindergarten and grade one. Delivered Kindergarten Language Program to SK students at risk for oral language and literacy delays. Collaborated with LI-ISP teachers and Accountability Framework committee to examine and develop indicators of functional oral language skills.	

Provided parents and teachers with information and professional development materials relevant for addressing oral language and literacy skills for students with LI.

**Data supporting Observations:**

- Thirty-six students participated in SKIPPA intervention. On pre- and post-testing, students increased by 22% in their knowledge of the number of phonemes and 100% in number of words on the SKIPPA Word Assessment Tool.
- Twenty-one students participated in the FIPPA intervention. On the Ekwall Oral Reading Levels, student scores increased 100% on pre- and post-measures. Scores for Grade 1 students increased 33% on the Ekwall Listening comprehension levels.
- Two hundred and fifty-six students attended the Kindergarten Language Program. At demission, forty-two students (16%) were recommended for an LI-ISP placement for grade one; further psychological assessment was recommended for eleven students (4.3%); and twenty-six students (10%) were recommended for a developmental assessment.
- Seventy-two percent of the LI-ISP teachers attended a two-day Professional Development Series. 65% of those surveyed reported positively that the Professional Development series was very applicable and that they would apply with their students something new that they learned.
- Forty-nine EAs and CYWs participated in *Conversation in the Classroom*, a half-day professional development workshop for Support Staff. Eighty-eight percent of those who attended completed a post-workshop survey. 72% indicated that they learned much from the series and 67% reported that they would apply with their students something new that they learned.
- Five teacher and Early Childhood Educator teams attended 4 modules of *ABC and Beyond*, a workshop for Early Years teams. Attendees rated the usefulness of each session on a 5 point scale with 1 being “not useful” and 5 being “very useful”, as follows, *Turn Book Reading into a Conversation*, - 4.6; *Make New Words Sparkle*, - 4.75; *Foster the Development of Print Knowledge* - 4.8; and *Build Phonological Awareness*, 5.

**Outcomes/Observations/Learning:**

- Both SK and grade 1 students improved in their phonemic awareness skills and Grade 1 students also improved in their decoding skills as a result of the SKIPPA and FIPPA interventions.
- Students who attended the KLP on average, improved from below average performance to low average performance on oral language measures over the course of the program.

- The proportion of LI students with Level 3-4 EQAO Reading scores has improved over the years.
- The proportion of LI students with Level 3-4 EQAO Writing Grade 6 scores has increased over the years from 25% to 49%. The modal Grade 6 reading score is Level 2. In recent years, Level 3 - 4 scores have improved to 30%.

### ACCOUNTABILITY FOR SPECIAL EDUCATION 2017-18

#### Goal for 2017-18:

Administer functional speaking and listening measure in Fall 2017 and Spring of 2018 to LI- ISP teachers and classroom teachers of the LI students to explore the progress and the learning needs of students with LI so that teachers can increase their capacity to understand and refine instruction to improve student learning and achievement. Progress will be measured by perceptual data (e.g., surveys, interviews) and behavioural data (e.g., work samples, classroom observations). Survey results will inform goal setting for 2019/2020.

#### Goal Timeline: 3-year goal

2017/2018 – Data collection  
 2018-2019 – Data collection  
 2019-2020 -- Data Analysis

#### Intended Outcomes:

Over a two-year period, administer and collect twice yearly survey data on oral language measures for at least 80% of students in the LI-ISP classroom.

<b>Accountability Framework for Special Education 2016-17</b>	
Exceptionality Learning Disability	Number of Students with this exceptionality: 2778
Subgroup targeted: All students with LD identification	
<u>Reading:</u> If reading instruction for students with LD is directly focused on decoding and comprehension, we can continue to reduce the achievement gap.	Goal Timeline: This was a longer term goal: 2015-16, 2016- 17
Instructional Strategy: <ul style="list-style-type: none"> <li>• Empower Reading Intervention (Decoding/Spelling Grade 2-5 and 6-8; Comprehension/ Vocabulary Grade 2-5): offered in 71 TCDSB elementary schools.</li> <li>• Lexia Reading Intervention to support the learning of Decoding, Comprehension and Vocabulary: offered in 65 schools (73 Teachers and 5 APTs attended the October 2016 Lexia training).</li> <li>• Teacher survey conducted in March 2017: Most teachers report that the program effectively supports learning decoding and comprehension, and student's self confidence in students with LD.</li> <li>• Math instructions supported by a variety of interventions.</li> <li>• Students with LD are supported to learn self-advocacy skills.</li> </ul>	
Data supporting Observations: (where available) <u>Reading:</u> 56% of all Grade 6 LD students at level 3 and 4 (compared to 52% in the Province) OSSLT: 52% first time eligible students with LD were successful (50% in the Province)	
Outcomes/Observations/Learning: Continue to implement the above strategies to support students with LD.	
<b>Accountability Framework for Special Education 2017-18</b>	
Goal for 2017-18: <u>Math:</u> By the end of the school year increase teachers' understanding of LD and its impact on teaching and learning math, and increase their use of effective teaching strategies.	Goal Timeline: September 2017-June 2018
Intended Outcomes: Special Education and Regular Classroom Teachers participating in targeted PD sessions during the school year will become more knowledgeable and more effective in the use of appropriate teaching strategies and accommodations for teaching math to students with LD, as indicated by survey results regarding their practices at the end of the school year.	

<b>Accountability Framework for Special Education 2016-17</b>	
Exceptionality Mild Intellectual Disability	Number of Students with this exceptionality: 373
Subgroup targeted: All	
Goal: To create a framework to support the work of schools with students with the MID identification	Goal Timeline: 2016-17
Instructional Strategy: <ul style="list-style-type: none"> <li>• Collect resources and strategies to assist in supporting teachers who support students with this exceptionality.</li> <li>• Identify best practices to support the MID population at the elementary and secondary school levels</li> <li>• Develop a communication plan to disseminate information to staff working with MID populations.</li> </ul>	
Data supporting Observations: <ul style="list-style-type: none"> <li>• Students identified with MID do not generally write EQAO assessments</li> <li>• Committee is reviewing alternative learning skills and reporting mechanisms for this student population</li> </ul>	
Outcomes/Observations/Learning: Implementation of best practices and strategies in MID ISP classes and in Locally Developed courses to support students with MID.	
<b>Accountability Framework for Special Education 2017-18</b>	
Goal for 2017-18: Complete the MID Framework Template and identify strategies to support ongoing work. Share these strategies with schools and staff working with this student population.	Goal Timeline: September 2017-June 2018
Intended Outcomes: Improve outcomes for students identified with MID through responsive practices and program planning both for the elementary and secondary school levels.	

Accountability Framework for Special Education 2016-17	
Exceptionality: <b>Developmental Disability (DD)/ Multiple Exceptionalities (ME)</b>	Number of students (K – 12) with these as a primary exceptionality: Developmental Disability – 141 Multiple Exceptionalities – 182
Subgroup targeted: Students identified with Developmental Disability or Multiple Exceptionalities in a DD/ME Intensive Support Programs (ISP)	
Goal(s) (2016-17): Feedback from the collaborative inquiry suggests the focus should continue to be on functional literacy for students identified with DD-ME in ISP and having alignment across the system when developing the literacy skills for students in a DD-ME ISP.	Goal Timeline: 2016/17 2017/2018 – Professional development for teachers in elementary DD/ME ISPs focusing on functional literacy 2018/2019
<p>Instructional Strategy:</p> <ul style="list-style-type: none"> <li>• To continue to build capacity in the system through targeted Professional Development.</li> <li>• Two days of professional development for one DD-ME ISP teacher in every secondary school with an ISP class took place. Day one focused on functional literacy and day two focused on understanding challenging behaviours. Strategies presented were encouraged to be used in the classroom.</li> <li>• Supplemental functional literacy resources were purchased for secondary staff. These resources were distributed to secondary staff as part of the Professional Development plan.</li> </ul>	
<p>Data supporting Observations:</p> <p>83% of the secondary schools attended the two days of professional development. All secondary schools with ISP classes have received the resource <b>Enhance: Functional Literacy Resource</b>.</p>	
<p>Outcomes/Observations/Learning:</p> <ul style="list-style-type: none"> <li>• Teacher led professional development occurred to help build capacity with other DD-ME ISP teachers in secondary;</li> <li>• Positive feedback from participants in the professional development was received through a feedback form;</li> <li>• Age appropriate resources were made available to assist in instructional planning;</li> <li>• To continue to update the Pathway to Community Participation Framework draft document.</li> <li>• To update in order to share the Best Practice Guide for elementary DD-ME ISP teachers;</li> </ul>	

- To continue to research alternative report cards in other school boards to compare and contrast the alternative report card in our board;
- To support the implementation of an afterschool Professional Learning Network for DD-ME ISP teachers.

### Accountability Framework for Special Education 2017-18

#### Goal for 2017-18:

By the end of the school year, there will be increased teacher understanding and use of MEville to WEville to address the functional literacy of elementary students.

#### Goal Timeline:

2017/18, 2018/19

#### Intended Outcomes:

By the end of June 2019, elementary DD/ME ISP classes will be implementing strategies from the MEville to WEville functional literacy program. The goal will be measured through surveys, webinar participation and participation and sharing of best practices during professional development sessions. Student engagement will be increased in functional literacy activities based on surveys and classroom observations.

**EMPOWER™ Reading 2016-17**

Empower Reading™ is an evidence-based reading intervention program, which was developed by the Learning Disabilities Research Program at the Hospital for Sick Children. This program is based on 25 years of research in Canada and the United States.

The TCDSB has continued to offer Empower as an intervention for students in grades 2-5 who have demonstrated significant difficulties in decoding and spelling. Since 2013-14, TCDSB has also offered both a decoding and spelling program for students in grades 6-8, as well as a program focused on comprehension and vocabulary for students in grades 2-5. In 2016-17, 470 students participated in the Gr. 2-5 decoding/spelling program, 47 students participated in the Gr.6-8 decoding/spelling program, and 125 students in the Gr.2-5 comprehension/vocabulary program. Currently (2017-18) TCDSB has 64 active locations/schools providing Empower with many locations offering multiple programs.

Student performance has been measured in all programs through assessments of literacy that are appropriate to the specific decoding or comprehension intervention.

There were no major discrepancies between finding from the 2016-17 school year and those of previous years.

1. Results for students in gr. 2-5 Decoding/Spelling indicate that they made significant gains on:
  - All decoding and word recognition measures provided by SickKids; students answered almost all items on the “KeyWords” emphasized in Empower and up to 80% of the “Challenge Words” (which require students to generalize their decoding skills to new words).
  - The Blending and Segmenting Assessment (TCDSB phonemic awareness measures), with students answering up to 90% of items correctly by June.
  - The Running Record (TCDSB measure). On average these students were well below grade level at the beginning of the program and improvement was observed by June. (For example, there was an increase from 1% to 47% of Grade 2 students reading at grade level).

- Grade 2 and 3 students made the strongest gains in decoding, compared to Grades 4 and 5. This result suggests that students in Grade 4 through 5 have learned some literacy skills through instruction in their Regular or Special Ed classes, but not as much as they would have had they received instruction in Empower
  - While students made substantial progress in Empower, many continue to have reading test scores below grade level and will need ongoing support.
  - Results from transfer students in Hub schools are similar to those from other Empower students in the same schools. ISP students made gains similar to those of other students.
2. Results for students in gr. 6-8 Decoding/Spelling and gr. 2-5 Comprehension/Vocabulary indicate that:
- Gr. 6-8 Decoding/Spelling: Results from the SickKids Blending and Segmenting, and Running Record tests indicate substantial improvement over the course of the intervention.
  - Gr. 2-5 Comprehension/Vocabulary: Students improved on the Running Record, especially on the Comprehension component. The oral component of the Quick Comprehension Analysis (QCA) was administered to students in 7 classes at the beginning and end of Empower, revealing improved comprehension at the end of the program.
  - In addition, comprehension teachers completed an exit survey at the end of instruction suggesting that students improved substantially on all the comprehension strategies taught in Empower.
3. Carry-over classes:
- Empower programs are intended to be completed in one school year. However, for a variety of logistical reasons some Empower classes are not completed within the end of the school year and are “carried-over” into the following school year. Since instruction is interrupted by the long summer break, this raises the questions of whether students in carryover classes make the same gains as those who complete Empower in one school year. Data examined from classes that began in the 2015-16 school year and continued into 2016-17 school year indicates:
- Carryover students generally improved to the same extent or more than same year students.

- When there were differences between same-year and carry-over students, these differences were small.

#### 4. Motivation to Read:

Teachers indicate that students who receive Empower become more motivated to participate in class and enjoy reading more. In order to document these changes, students in selected gr.2-5 Decoding and Comprehension classes were administered interviews and surveys on their motivation to read. Interviews and surveys were administered in May 2017, which was towards the end of Empower intervention.

- Students generally had a moderate to good self-concept as a reader and understood the value of reading well.
- Students were aware of the importance of Empower strategies. Results suggest that this research may provide valuable insight into student confidence and interest in reading. It is suggested that the motivation protocol should be administered at the beginning and end of Empower instruction.

#### 5. Longer term (3 to 4 years post-intervention)

Student performance on Canadian Achievement Test (CAT) and EQAO was analyzed:

- Students who take CAT tests after completing Empower have better results than those who take it beforehand. Data indicates that 80% of students who took Empower in Grade 3 had low scores (stanines 1 to 3) on the Grade 2 CAT test; on the Grade 5 test, only 44% had low scores.
- In Grades 4 and 5, students who enrolled in Empower do so after participating in the Grade 3 EQAO but before the Grade 6 EQAO. For these students, the proportion of Level 1 scores decreased (31% to 12%) on the Grade 6 test relative to Grade 3.
- While most students improve on the Board and provincial measures, there is a proportion of students who will need further Special Education intervention. Empower teachers suggest that these students are often identified as having a Language Impairment or Learning Disability. Most students need reinforcement after Empower.

February 15, 2018

## **LEXIA Intervention**

Lexia Reading is a web-based reading intervention, which focuses on:

- Foundational reading development for students pre-K to Grade 5, and
- Reading development for struggling readers in Grades 5-12.

This evidence-based individualized reading intervention provides explicit, systematic, structured practice on the essential reading skills of:

- Phonological Awareness,
- Phonics,
- Structural Analysis,
- Automaticity/Fluency,
- Vocabulary, and
- Comprehension

Students practice and learn these skills by interacting with the online program, as well as by receiving teacher-led Lexia lessons and paper-based practice activities. Students can access Lexia Reading from school, home, public library, etc.

TCDSB implements Lexia as a Tier 2 and Tier 3 intervention to facilitate the development of reading skills for students. Through SBSLT endorsement, students are eligible for Lexia implementation if they are significantly below grade level in their reading skills, **AND** who are:

- identified as Exceptional (primarily LD or LI), **OR**
- assessed as LD or LI or referred for assessment, **OR**
- discussed by SBSLT and have an IEP

The Lexia Reading software also delivers norm-referenced performance data and analysis for each individual student, through the software application. Teachers use the data to track achievement and tailor instruction.

Students currently enrolled in *Empower™ Reading: Decoding and Spelling* are not eligible for Lexia Reading implementation. However, former Empower students who require additional support are eligible if endorsed by SBSLT.

In the Fall of 2016-17 schools were invited to apply for their eligible students. 285 centrally available licenses were distributed to students with LD or LI learning profile or

identification (46 schools received licenses). In late September 2016, 285 licenses were distributed and training was provided by Lexia to teachers who would be using the program throughout the year. In October 2016, 74 teachers and 5 APTs participated in that training.

In March 2017, a teacher survey was conducted and teachers using Lexia were asked to fill it out. Results are below:

- 62 teachers completed the survey – however, not all teachers responded to every question.
- Most teachers started using the software in Fall 2016 (61%) – 24% started before that date
- 70% of all teachers responding attended the training in October 2016
- 54% of teachers have accessed the training on-demand videos under the resources tab
- 59% of teachers are using the software with Primary-aged students
- 90% are using the software with Junior-aged students
- 46% are using the software with Intermediate-aged students
- Most common formal identifications for students using the software are Learning Disabled and Language Impaired:

Answer Choices	Responses	
Learning Disability	76.27%	45
Attention/Hyperactivity Deficit Disorder (ADHD)	32.20%	19
Language Impairment	62.71%	37
Behavioral difficulties	16.95%	10
Emotional difficulties (ex. Anxiety, depression)	8.47%	5
Other	22.03%	13

- The most commonly used Lexia components include Lexia Skill Builders (63% Often or Always) and Lexia Lessons (57% Often or Always) – Lexia Instructional Connections are used 34% of the time Often or Always)
- Most commonly used devices are desktops and laptops:

Answer Choices	Responses	
Desktop/Laptop	86.44%	51
Bring Your Own Device (BYOD)	15.25%	9
Netbook	30.51%	18
Other	35.59%	21

- 50% of the teachers responding to the survey indicate that their students gained, on average, 3-4 levels
- 27% indicated that their students gained 1-2 levels
- 23% indicated that their students gained 5 or more levels
- Most staff found logging-in and accessing program components easy:

	Not at all easy	(no label)	(no label)	Very easy	Total	Weighted Average
a) Register your students in the program?	0.00% 0	11.48% 7	26.23% 16	62.30% 38	61	3.51
b) For students to log onto the program?	0.00% 0	6.56% 4	24.59% 15	68.85% 42	61	3.62
c) Access the resources (skills builders, lexia lessons, certificates, etc.)	0.00% 0	6.67% 4	18.33% 11	75.00% 45	60	3.68

- 59% of teachers reported that they had not experienced difficulties when using the program – 41% did report difficulties
- 56% of students have experienced no difficulties when using the program
- Most teachers report that the software is effective support student decoding and comprehension:

	Not at all	(no label)	(no label)	Very effective	Total	Weighted Average
a) reading decoding skills	1.69% 1	0.00% 0	32.20% 19	66.10% 39	59	3.63
b) reading comprehension	1.72% 1	10.34% 6	43.10% 25	44.83% 26	58	3.31

- Most teachers provided very positive reports regarding all aspects of the Lexia program:

	Not at all	(no label)	(no label)	Very much so	Total	Weighted Average
a) How useful is it?	0.00% 0	4.92% 3	18.03% 11	77.05% 47	61	3.72
b) How engaging is it for the students?	0.00% 0	6.56% 4	31.15% 19	62.30% 38	61	3.56
c) Does it allow for differentiated instruction?	0.00% 0	6.56% 4	21.31% 13	72.13% 44	61	3.66
d) Does it allow for scaffolding?	0.00% 0	1.64% 1	22.95% 14	75.41% 46	61	3.74

- 90% of all teachers would recommend their school purchase more licenses for Lexia – 10% were not sure
- The greatest student gains appear to be in the areas of decoding and self-confidence:

	Not at all	(no label)	(no label)	Very much	Total	Weighted Average
Decoding skills	0.00% 0	10.00% 6	45.00% 27	45.00% 27	60	3.35
Comprehension skills	3.28% 2	14.75% 9	59.02% 36	22.95% 14	61	3.02
Reading fluency	0.00% 0	25.00% 15	51.67% 31	23.33% 14	60	2.98
Written responses to reading	6.56% 4	42.62% 26	39.34% 24	11.48% 7	61	2.56
Behaviour	5.00% 3	25.00% 15	46.67% 28	23.33% 14	60	2.88
Confidence	0.00% 0	6.56% 4	45.90% 28	47.54% 29	61	3.41
Attention	1.69% 1	15.25% 9	52.54% 31	30.51% 18	59	3.12
Independence	0.00% 0	8.33% 5	55.00% 33	36.67% 22	60	3.28
Computer skills	1.67% 1	16.67% 10	41.67% 25	40.00% 24	60	3.20

of Planning and Facilities

L. Noronha

Executive Superintendent  
of Business Services and  
Chief Financial Officer

## A. EXECUTIVE SUMMARY

The Pastoral Plan theme developed for 2018-2021 is “*Rooted in Christ: we Belong, we Believe, we Become*”, and was presented at the Student Achievement and Well Being, Catholic Education and Human Resources Committee meeting held February 1, 2018. A Trustee motion that considered additional elements to the Pastoral Plan was referred to staff. This report outlines recommendations that could inform consideration of this motion.

*The cumulative staff time required to prepare this report was 28 hours.*

## B. PURPOSE

1. At the Student Achievement and Well Being, Catholic Education and Human Resources Committee on Thursday, February 1, 2018, the Board approved the next Pastoral Plan for 2018-2021. Arising out of the discussion, a motion was approved for staff to return with a supplemental report:

*The Pastoral Plan to include our TCDSB NCC team working closely with the various Toronto Archdiocese Lay Ministry groups headed by Bishop Kasun and the creation of the Congregation for the Defense of the Faith and Pastoral Care Program for administrators, chaplaincy, faculty, and staff sub-committees.*

*Other points for addition are:*

1. *CMIC service trips*
2. *Components of:*
  - a. *Mercy and forgiveness, and Sacrament of Reconciliation*
  - b. *The sacrament of Holy Communion (there is certainly plenty on Eucharist i.e. Mass itself)*
  - c. *Helping each person to form and develop their own relationship with God, or as it is often described, ongoing encounter with Jesus, to ensure the growth of faith.*

*That communication of the Pastoral Plan 2018-2021 be expanded to reach out to City Councilors, MPs, MPPs and local newspapers.*

## C. BACKGROUND

1. TCDSB's Multi-Year Strategic Plan maintains Living our Catholic Values as one of its strategic direction and priorities. The three-year Pastoral Plan is designed to support that goal through curriculum links and special events that celebrate our Catholic faith unique to the TCDSB.
2. The theme for the next three-year Pastoral Plan, ***“Rooted in Christ: we Belong, we Believe, we Become”***, was proposed and further developed at the Nurturing our Catholic Community Steering Committee meeting held November 1, 2017. This committee is made up of representatives from various stakeholder groups in the Board. The theme was then presented to the Student Achievement and Well Being, Catholic Education and Human Resources Committee on Thursday, February 1, 2018.
3. The new Pastoral Plan will be launched at a special event on May 9, 2018, during Catholic Education Week. His Eminence Cardinal Thomas Collins will be invited to speak on the theme for the new Plan at a special prayer service that afternoon. For this special launch:
  - a. Representatives from all TCDSB schools, including administrators and teachers/chaplains, senior staff, Trustees, Parishes, the Archdiocese of Toronto, parents, students and other Catholic partners will be invited to attend.
  - b. The morning session, *Spotlight on Your School*, will focus on the culminating celebration for our Year of the School, showcasing some of the projects that were developed by students and staff across the Board.
4. Resources will be developed to further reinforce the connections between the Pastoral Plan and the virtues of the month, the Catholic Graduate Expectations and Catholic Teachings, which have been widely used by TCDSB schools for many years. These resources will be updated annually to reflect the specific focus for each year of this Pastoral Plan.

## D. EVIDENCE/RESEARCH/ANALYSIS

1. **With respect to the first part of the motion related to Budget:** To support the launch of the new Pastoral Plan and its three-year implementation, a

budget of \$100,000 was approved at the Corporate Services and Strategic Planning Committee on December 13, 2017.

2. **In dealing with the part of the motion related to working with Toronto Archdiocese lay ministry groups:** In the Archdiocese of Toronto, there are associations distinct from institutes of consecrated life and societies of apostolic life. In these associations, the Christian faithful, laypersons together with clerics, strive to foster a more perfect life, to promote public worship or Christian doctrine, or to exercise other works of the apostolate such as initiatives of evangelization, and works of piety or charity, for example.

From time to time, the TCDSB works with lay ministry groups of the Archdiocese of Toronto, in schools and through its Nurturing our Catholic Community (NCC) central staff team to implement initiatives that support staff and families, and continue to nurture the important relationship between home, parish and school as the foundation for Catholic education. *The Rosary Apostolate* and *Faith in Our Child* are examples of lay ministry groups that collaborate with the TCDSB.

The NCC central staff team will set meetings with staff in the Bishop's office, and the Catholic Pastoral Centre for the purpose of sharing resources and information, as well as a greater engagement in the Pastoral Plan through these groups.

3. **With respect to the part of the motion related to the creation of a Congregation for the Defence of the Faith:** Pope Paul III founded The Congregation for the Doctrine of the Faith in 1542 to defend the church from heresy. Today, it is the body responsible for promoting and defending Catholic doctrine, with its headquarters at the Palace of the Holy Office just outside Vatican City. The congregation employs an advisory board including cardinals, bishops, priests, lay theologians, and canon lawyers. The Congregation for the Defence of the Faith remains a function of the Vatican, although its teachings may be applicable to Religious education in Catholic school boards. For example: teaching about the Trinity; Mary, Mother of God and Church; the Holy Eucharist; the Apostolic Succession are common practices in our schools.

The TCDSB's internal NCC team meets weekly to prepare activities, initiatives, celebrations, and professional development that support the MYSP's strategic direction and priority of Living our Catholic Values. As

required, the team provides accompaniment, resources and direction at the local and system levels for matters that pertain to Catholic Faith and teachings. Catholic Faith resources are shared in a comprehensive format on the TCDSB's public and internal websites; they can be accessed through a link found on the Board's homepage.

The internal NCC team provides advice to school and other central staff on matters that require perspective through a Catholic lens, and often works closely with other Board departments such as Student Success, Equity and Inclusivity, Guidance, Social Worker Services, Mental Health and Well Being, Psychology, to name a few. The team also works closely with the Archdiocese of Toronto and with the Institute for Catholic Education.

4. **In dealing with the part of the motion related to the creation of a Pastoral Care Program:** The NCC central staff team will continue to collaborate with the Archdiocese Centre for Pastoral Care to gain greater insights into providing continued pastoral care for administrators, chaplaincy, faculty and staff sub-committees.

It is noted that many other TCDSB departments promote care and well-being for the TCDSB community, including, but not limited to:

- Safe and Caring Schools,
- Special Services (Psychology, Mental Health and Well Being, Social Work, Autism),
- Equity, Diversity and Indigenous Education,
- Student Success.

TCDSB routinely engages in facilitating central opportunities for pastoral care through events such as:

- annual symposium on Pastoral Care for secondary school staff
- Year of the School symposium focusing on the importance of creating a safe and inclusive environment in our schools.
- Stop the Stigma (elementary and secondary)

5. **With respect to the part of the motion related to Catholic Missions in Canada (CMIC) Service Trips:** Catholic Missions in Canada seeks to sustain and extend the Catholic Faith in isolated, poor and hard-to-reach mission areas in Canada. Catholic Missions promotes national awareness on

the needs of our Canadian missions and raises funds to sustain the work of evangelization.

Through its Catholic Student Leadership Department, student leadership service trips have been instrumental in facilitating the exploration of Catholic social teachings for our students. In collaboration with external organizations, service trips have included visiting Kenya, Tanzania, and the Philippines, to name a few. Discussions with CMIC will begin, through the Catholic Student Leadership Department, in order to explore the possibility of service trips in isolated, poor and hard-to-reach mission areas in Canada.

6. **In relation to the part of the motion that calls for inclusion of Additional Components in the 2018-21 Pastoral Plan:** These components are to be interwoven throughout the three-year Pastoral Plan and, in particular, during the years of we Belong and we Believe. It is a goal of Nurturing our Catholic Community and of the Pastoral Plan *“Rooted in Christ”*, that we continue to invite all in relationship with our Lord Saviour Jesus Christ, through the action items outlined in, but not limited to, the new Pastoral Plan.
7. **With respect to the part of the motion that deals with communication of the Pastoral Plan to reach out to City Councillors, MPs, MPPs and local newspapers:** The following communications vehicles will be utilized to share the new Pastoral Plan with the TCDSB community:
  - The official launch of the new Plan on May 9, 2018, preceded by invitations to the launch
  - Direct email to schools
  - Letter to pastors
  - Presentation to CPIC and OAPCE
  - Media outreach
  - Online Director’s Bulletin
  - E-News
  - Website (public site as well as employee portal)
  - Weekly Wrap Up
  - Social media (Twitter, Instagram)
  - In-service for Religion Reps and Chaplaincy Leaders
  - Presentations to Principals and System Leaders
  - Promotional materials such as posters, pop up banners, flyers

Communication of the Pastoral Plan will also include information shared with and invitations sent to City Councillors, MPPs, MPs, and local newspapers.

## **E. ACTION PLAN**

### **Staff will:**

1. Explore further collaboration with lay ministry groups in the Archdiocese of Toronto through the Bishop's office.
2. Continue with the model of promoting the Catholic Faith and teachings, whereby the NCC central staff team provides accompaniment, resources and direction at the local and system level for matters that pertain to Catholic Faith and teachings, and provides advice to school and other central staff on matters that require perspective through a Catholic lens.
3. Continue with the current model of Pastoral Care, whereby the NCC central staff team collaborates with other TCDSB departments to promote care and well-being for all.
4. Collaborate with Catholic Missions in Canada (CMIC), through the Catholic Student Leadership Department, in order to explore the possibility of service trips in isolated, poor and hard-to-reach mission areas in Canada.
5. Communicate the Pastoral Plan as indicated in Comment #7 above.
6. Implement the above actions at no additional cost to the Board, operating within the allocated budget of the new Pastoral Plan.

## **F. CONCLUDING STATEMENT**

This report is for the consideration of the Board.

## STUDENT ACHIEVEMENT AND WELL BEING PENDING LIST TO MARCH 1, 2018

#	Date Requested & Committee/Board	Report Due Date	Destination of Report Committee/Board	Subject	Delegated To
1	Sep-07 Student Achievement	TBD	Regular Board	Report regarding information on accessibility, ownership, costs, payment, permission, storage and usage of photographs taken by CPIC representative(s) at Board events ( <b>Inquiry from Trustee Andrachuk</b> )	Director of Education
2	Nov-17 Student Achievement	TBD	Regular Board	Report from the Governance and Policy Committee on the updated Anaphylaxis policy together with the response to the delegation and a copy of the presentation at the same time ( <b>Review of Anaphylaxis Policy, Protocol and Guidelines</b> )	Associate Director Academic Affairs
3	Jan-18 Student Achievement	TBD	Regular Board	Report regarding feasibility study for a “Kiss and Ride” program including implementation protocols, review of capacity for drop off and walk areas in close proximity to the school and recommendations for drop off for Primary grade students at school. The study would also include protocols for the “Walking School Bus”, already taking place as a special annual event in a number of	Associate Director Planning and Facilities

#	Date Requested & Committee/Board	Report Due Date	Destination of Report Committee/Board	Subject	Delegated To
				<p>schools, with recommendations for implementation for communities wishing to initiate such a program. Implementation for “Kiss and Ride” and/or the “Walking School Bus” would be determined through discussion and consultation with the local community by the School CSAC. Support and guidance would be provided by the Board as required.</p> <p>Report to include the active transportation initiative and any additional relevant transportation information including that of the City of Toronto that would improve the safety of students. (<b>Consideration of Motion from Trustee Andrachuk regarding “Kiss and Ride” and/or the “Walking School Bus” Feasibility Study</b>)</p>
