Name	Chris Jarvis
Committee	Special Education Advisory Committee
Date of Presentation	4/18/2018
Topic of Presentation	Diabetes at School
Topic or Issue	Children with diabetes and their families still do not have a policy and procedure for school staff to guide them in the safe inclusion of children with type 1 diabetes in schools.
Details	The ministry has put out PPM 161 to give guidance and direct every school board in Ontario to create and update diabetes policies for their staff. The issue is exacerbated by over 50% of school staff and students who vastly misunderstand the disease, leaving these students who already have daily challenges with their health to overcome obstacles without proper support and more vulnerable to the dangers. The resulting variations in blood sugars inhibit the students learning and often exclude students from participating in school trips and require parents to sacrifice their jobs to ensure safety for their child.
Action Requested	Form a committee to develop a policy and procedure for the TCDSB that supports the daily needs and safety of children with diabetes and includes a compliance factor. Include parents and industry professionals in the development and meet the standards outlined in PPM 161 with a target of implementing Sept 2018.
