

## Accountability Framework for Special Education 2017-18

**Exceptionality:** Behaviour

**Number of Students with this exceptionality:** 178

**Focus Subgroup:** 126 Students in ISP classes

**Goal (2017-18):** Increase capacity of students' social/emotional prerequisite skills for learning Reading, Writing and Mathematics through the development of social skills, self-esteem, self-advocacy and self-regulations skills.

**Goal Timeline:** September 2018 – June 2019

### **Instructional Strategies:**

- Deliver *Stop Now and Plan (SNAP)* which is an evidence based behavioural model that provides a framework for teaching children struggling with behaviour issues effective emotional regulation, self-control and problem-solving skills in each Behavioural ISP
- Provide designated in-services to both ISP Behaviour Teachers and Child & Youth Workers which focus on training, monitoring and evaluation of the *Stop Now and Plan (SNAP)* program
- Provide learning opportunities regarding classroom management, self-regulation, building positive rapport and increasing collaborative activities during unstructured times such as recess
- Involve the Child Development Institute in the monitoring of the *Stop Now and Plan (SNAP)* program by observing Behaviour ISP Classrooms and providing feedback to Behaviour ISP staff
- Devise individual measurable goals, develop specific strategies, evaluate progress on a weekly basis and revise or create new goals together with each student registered in a Behaviour ISP. These goals should be based upon concepts with the SNAP program
- Provide support to assist in the development and consistency of tracking and revision of those individual measurable goals
- Articulate the progress of the individual measurable goals to parents/ guardians of students in the Behaviour ISP
- Upon request, provide the *Friends* program in Behaviour ISP Classes and/or classes in which students with behavioural identifications attend for integration
- Foster a Professional Learning Network through on-going e-mail communications amongst Behaviour ISP Teachers, CYWs and the Behaviour ISP Assessment and Program Teacher

- Support for the Behaviour ISP programs with the ISP Assessment and Program Teacher
- Develop a list of recommended classroom resources to support the development of social skills, self-esteem, self-advocacy and self-regulation skills
- Use JUMP Math
- Use Lexia Reading Programme
- Use Assistive technology (i.e. Smart Board & use of Chromebooks for students along with smart projector, Premier, Co-writer, Draft Builder, Kurzweil and Dragon Naturally Speaking)

**Data supporting Observations:** (where available)

- EQAO data is insufficient due to extremely low numbers of students completing the standardized tests
- All 20 Behavioural ISPs have been monitored through the support of the Behavioural ISP APT and the school social worker
- IPRC reports, IEPs and report cards have been reviewed
- Individual measurable goals were developed for each student in a Behavioural ISP. Progress is monitored with the support of the School Social Worker and the Behaviour ISP APT. Progress with the individual measurable goals is reviewed with parents/ guardians through the regular teacher and parent communication as well as the annual IPRC.

**Outcomes/Observations/Learning:**

- Staff who provide support in all 20 Behavioural ISPs have been trained in *Stop Now and Plan (SNAP)*. Implementation has been monitored by the Behaviour ISP Assessment and Programing teacher and supported through the Child Development Institute. CDI has indicated that the programs are operating with fidelity. Four additional trainings were provided four Behavioural ISP staff (2 for teachers and 2 for CYWs). The number of students who utilize SNAP skills has increased as indicated in report cards.
- A professional Learning Network through was established with on-going e-mail communications amongst Behaviour ISP Teachers, CYWs and the Behaviour ISP Assessment and Program Teacher. The majority of Behaviour ISP staff have accessed this support.
- The *Friends* program was provided in two Behaviour ISP classes. Students appear less anxious and more prepared to focus on lessons.

- JUMP Math, the Lexia Reading Programme and Assistive technology are being used in each of the 20 Behaviour ISPs. EQAO scores are insufficient to measure progress but report cards and IPRC reports indicate academic progress for most students.
- Levels of integration for students have increased which could lead to increased demission rates.

### Accountability Framework for Special Education 2018-19

**Goal for 2018-19:** Increase the capacity of classroom teachers and educational assistants to support the integration of students registered in a Behavioural ISP and/or support the self-regulation of students registered in a “regular” elementary (or secondary) classroom setting.

**Goal Timeline:** September 2018 to June 2019

**Intended Outcome(s):** Prior to the completion of the 2018/19 school year, “regular” classroom teachers and educational assistants will have increased opportunities to obtain evidence based knowledge and to develop evidence based strategies which support the self-regulation of students. This can be accomplished by familiarization of classroom teachers with the *Zones of Regulation* program as well as with other student self-management strategies acquired during optional “lunch and learn” sessions.

#### **Instructional Strategies:**

- Within at least 30 classrooms located in various schools across the TCDSB, in both the 2017/18 and 2018/19 school years, the Student Support Response Teams, (consisting of a Behaviour Intervention Teacher and a Child & Youth Worker, will support a student who is experiencing self-regulation difficulties). Their interventions will model evidence based strategies for the classroom teacher and if applicable, education assistant.
- Further develop staff knowledge of evidence based de-escalation strategies by providing a new CPI training format to increase the yearly number of TCDSB employees who are certified in Crisis Prevention Intervention (CPI).
- Prior to the completion of the 2018/19 school year, revise the format for Behavioural Support Plans which may be used in conjunction with Individual Education Plans (IEP)s or on their own to support, monitor and revise self-regulation strategies utilized in the “regular” classroom setting.
- The ISP Behaviour teacher and CYW will provide information to the rest of the staff on the principles and language of the SNAP program so that they can reinforce the language and strategies in the regular classes and during unstructured times.
- ISP Behaviour teachers and CYWs will share the students’ individual measurable goals and specific strategies with each of the integrated teachers.

- The ISP Behaviour teachers and CYWs work collaboratively with the integrated teachers to evaluate the students' progress on a weekly basis and revise or create new goals and strategies together for each student.
- Working collaboratively the ISP Behaviour Teacher, CYW and the integrated teachers will develop a strategy of tracking and revising of those individual measurable goals and strategies.
