A. EXECUTIVE SUMMARY

In February 2018, staff produced a report that reorganized and streamlined the Calendar of Annual Reports, and included Policy Metrics as part of the calendar. After a full year of following the calendar, staff are recommending minimal changes that best reflect the realities of data collection and report production and presentation at Board and Committee meetings.

Staff recommend minor revisions to the approved calendar of annual reports and policy metrics for 2019.

The cumulative staff time required to prepare this report was 16 hours.
