		A Report on mental health and well-being was presented at the Student Achievement Committee meeting held on January 10, 2019. 		sense of interests and how the Communications Team can support a committee. I am always available to address any questions or concerns of the committee.
6	Report from the	Superintendent Wujek reported.
	Director of Education or Designate	This past Wednesday was registration day for kindergarten. Please note that several schools do have fixed boundaries. A parent can register their child in person and online. The registration process was contentious on a certain level but went smoothly overall.
		Grade 8 students may receive a redirection letter with approx. 10 days in which to respond so that secondary schools can confirm how many new students are coming to each school. The next step is a national registration night.
		With Input from parents, Ms. Sequeira and her department have prepared an online CSPC activities and financial reporting form. We are really trying to improve on our CSPC report card from a parent engagement perspective in preparation of our annual report of CSPC events and CSPC financial reporting. We are benchmarking school compliance. The online form is a huge step in being able to compile the data, to discuss with the Superintendents or CPIC, on what schools are spending their money on. The report will be broken down by trustee, ward and boundaries as well. CSPC chairs will log in, will complete, will submit, will get copies for their records, and the Board gets a copy for their records.
		The ongoing parent engagement workshop series will continue January 29, 2019 just before the OAPCE meeting. The role and responsibilities of the CSPC Treasurer especially with fundraising in schools. Online registration has been started and we have a dozen communities involved. Schools have viewed these workshops favourably, however, we do think there is a gap between registration and awareness. Reminder emails were sent out today, as well as reminders to principals.
		I provided in December the background on feedback of the Parent Engagement Reports and I was looking for input from CPIC and OAPCE. It is a tight timeline as this Report will be presented to the Student Achievement Committee on February 7, 2019.
		M. Sequeira: The CSPC Reporting Template contains: List of activities parents were engaged; Needs of community; How much money was raised and How much money was spent.
		The tool will be flexible so that we can remove sensitive items and work together to improve parent engagement. There will be a part to assess what are their needs to break down barriers preventing parents being involved. One form will facilitate all the different departments and committees. The objective is to streamline the information and only ask for the information once.
		The Workshop on the 29th will not be videotaped, but the PowerPoint presentation will be made available. The information on the PowerPoint is more about the need to gather the information needed centrally. It will be about finances, openly reporting, and full accounting of funds, how they are spent and how to report on funds spent. The session is one hour in length and the goal is to promote consistency across the board.
7	Financial Report	CPIC Treasurer reported.
	from the Treasurer	An overview of spending (attached as Appendix "A") as reported by the TCDSB for December 2018 was provided and discussed by the members.

	the goal is to get it done by the end of the school year. The subcommittee will be engaged with TCDSB Communications for further assistance.
	9.7 Communications and Dissemination Planning Subcommittee: Report from our January 7, 2019 Meeting Minutes is attached as Appendix "B"
	Material from the CPIC conference and meetings were video-taped. We would like to know from the TCDSB Communications Staff if there is somewhere online that we can host these video clips?
	We are also looking at creating a CPIC video promo piece, which can include three interviews along with content captured at some of the other events - the 'draft' video was shown during the recess.
	The inventory of CPIC promotional material was provided and we are looking at preparing a budget for member approval for promotional materials for TCDSB and CPIC events.
	The review and recommendations of the CPIC Website is still pending.
	A four-question survey was sent to all members as to the contents of the proposed Member Ward Kit. We received nine responses and ask the remaining members to complete this survey. "What would you want in a ward kit to assist you in your role in CPIC?" Please provide your feedback.
	9.8 CPIC/OAPCE/TCDSB Visioning Subcommittee:
	We are requesting that members rescind the previous forming this Subcommittee. The Constitution does provide for the Chair to represent this committee on external committees. The external committee will review parent involvement objectives of OAPCE and CPIC with the purpose to align these parent engagement committees. The Chair will ensure that members are kept abreast of the deliberations.
	Motion 18/01-05 MOVED THAT the Toronto Catholic PIC members rescind Motion #18/12-06 and delegate the Chair to represent this committee on the external visioning committee and report back to members on the deliberations.
	Mover: G. Feldman W2 Seconded: J. Fiorante W3  Carried
10 Reports from Parent Members: Ward Representatives	Ward 1: The Ward Representatives have been going out to schools in the Ward 1 community because parent engagement is low. It is important to identify what the parent's challenges in this Ward are, what has been done to reduce them and what is the history, and what we can take to community partners to resolve. We have created a survey form (Appendix "C"), and the template can be shared with all Ward active CSPCs. The form is our attempt to identify the issues or challenge a CSPC maybe facing to provide the background on these challenges, the latest attempt, to present the problem, and to suggest solutions. This will identify schools that have similar challenges so that we can resolve them together. We would like to involve the Ward 1 Trustee so that we can work together to resolve this issue? The idea came from the Waterloo Catholic School Board, where they submitted it to the Ministry as part of the parent consultation. Problems would be identified in the parents' words.  Superintendent Wujek: See Policy A33 with regards to where you should take your concerns. We would like to investigate some other ways that Staff can assist the Ward 1 representatives.
11 New Business and	11.1 Faith In Our Child (FIOC) Update:
Motions Arising Therefrom	Mary Laframboise explained the role of FIOC and reviewed the proposed monthly FIOC Workshop series for the school year 2018-2019.
