**Rationale for St Monica Replacement School**

Significant residential intensification in the Yonge Eglinton area is creating enrolment pressures.

Surrounding schools do not have sufficient space to accommodate overflow from this area.

Potential joint venture opportunity.

Current building condition is in a poor state of repair at an anticipated 52% FCI by 2024

Site size of 1.2 acres cannot accommodate portable classrooms and has limited playspace for the growing student population.

## FORMER BUTTONWOOD CAPITAL PRIORITY SCHOOL PROFILE

Buttonwood School  
100 Allenhurst Dr, M9A 4K4, Etobicoke

### School Details

Trustee Ward: 2

Trustee: Markus de Domenico

EDC Review Area: CE01

Projected FCI (%): 66.06

### Rationale for Buttonwood (New Elementary/Secondary School)

Significant growth in both elementary and secondary panels in the Central Etobicoke area.

Existing right-sized TCDSB schools are oversubscribed and projected to remain so into the future.

Current building condition is in a poor state of repair at an anticipated 66% FCI by 2024.

The current capacity (380 pupil places) of the existing facility is not sufficient to accommodate oversubscription in the surrounding area schools.

OTG is based on 2018-2019 capacities.

Current Enrolment / OTG Capacity

935/480

Rationale for Loretto Abbey Addition and Retrofit  
School building is oversubscribed and operating at 195% with no excess capacity in the surrounding area.

Facility condition index projected to be 90% by 2024.

Heritage elements of the building make renewal and/or replacement very costly.

The current classroom configuration is below standard for a secondary facility.

Infirmary section of the building is not suitable for classroom use. A feasibility study has shown that a revised building configuration involving an addition and retrofit of existing spaces is more cost efficient than a replacement facility.

EDC Review Area: CE07

### Rationale for St Michael / St Paul Replacement school

A Pupil Accommodation Review (PAR) concluded in February 2017 with a Board approved recommendation to consolidate St. Michael and St. Paul into a new school to be constructed on the former Duke of York Site pending the Ministry approval of funding.

St. Michael is operating in two buildings with a low Ministry rated capacity due to four classrooms that are below standard size and configuration.

St. Paul has space to accommodate students however maintenance, upkeep and improvement to the building is limited due to extreme site conditions.
