Public Session
 Private Session
 Three (3) Minutes

Name	Mandy Kulic
Committee	Student Achievement and Well-Being Catholic Education Human Resources
Date of Presentation	11/7/2019
Topic of Presentation	EMF Radiation & Children Safety
Topic or Issue	Cumulative EMF exposure at St. Gregory's Catholic school, especially for children.
Details	New Proposed Freedom Mobile Cellular Towers within 100m of St.Gregory's Catholic School in addition to the Rogers tower at 122 Vassar and the concern of the current always on WIFI policy. Aggregate EMF exposure levels need to be validated.
Action Requested	<ol style="list-style-type: none"> 1) 3rd party, qualified EMF testing for safety validation of aggregate EMF exposure levels at ST. Gregory's school to confirm the levels are not exceeding City of Toronto's Prudent Avoidance policy safety standard. 2) Visible position and or support by the TCDSB to help stop new proposed cellular towers that will increase our children's EMF exposure. 3) Relocation support for students/families who will elect to exit St.Gregory's school/parish if the new proposed towers get approved. These families will require placement in a TCDSB optional attendance school locally and in mid school year vs transferring to public board or relying on lottery/September only registration timelines that is not supportive. 4) Re-assessment of best WIFI policies in elementary schools to best minimize EMF exposure based on ALARP principles - as low as reasonably possible options) as adopted by Canadian elementary schools.
