Purpose

The health and well-being of all students of the TCDSB is foundational to all children realizing their full potential, consistent with our Catholic Graduate Expectations and it is a key priority for all schools of the board. Consistent with our Catholic Social Teachings and the papal encyclical *Centesimus Annus (1996)*, this policy has a foundation in the tenet that, “*Our environmental ‘common goods’ are not only available for careful use and enjoyment today, but are held in trust for the use and enjoyment of future generations.*” Educating students on healthy active living practices and social responsibility in our eating habits is critical. Schools can teach students by modelling good choices and responsible practices. This policy identifies the nutritional standards for food and beverages sold in all schools of the TCDSB, in alignment with Ministry Policy Program Memorandum 150.

This policy applies to all schools of the TCDSB. The Director of Education is responsible for this policy.
