Future I&T Strategic plans

Toronto Catholic District School Board

Future Objectives

Data and Analytics
Smart Buildings
Personalized Learning
Artificial Intelligence

By 2022, we will build the foundation of the Digitally Enabled School by focusing on the following objectives

| Increase digital communications to improve parent and student engagement | Adopt modern workplace tools to free employee time for higher value work | Enhance cyber security to safeguard student and family privacy | Deploy foundational enterprise systems to drive efficiency and prepare for the future | Maximize technology funding to improve student and staff experiences |

WITNESS ● FAITH ● INNOVATION ● ACTION
