

Elementary Principal Survey - Working from Home

The TCDSB Trustees have asked for a report from staff for this Thursday to investigate the impact of allowing staff working in your school delivering a program for the virtual school to work from home. We are restricting many visitors to your school to minimize contact and reduce the spread of the virus. Additional staff being present in your school during a pandemic is the issue that this trustee motion is trying to address. Please provide an answer to the following two questions by Tuesday, October 6th at 4:00p.m. Your valued feedback will inform our response to Trustees.

*** Required**

1. Question #1 Can you meet supervision requirements if you allow the teachers delivering a virtual program in your school to work from home? *

Mark only one oval.

Yes

No

2. #2. If your answer is “No” please include brief points as to why they should not be allowed to work from home? *
