

Secondary Principal Survey - Working from Home

The TCDSB Trustees have passed a motion and asked for a report from staff for this Thursday. The contents of the report are to investigate whether it is possible for staff to work from home when not delivering their adapted program in a face-to-face model. We realize that the afternoon session is all done virtually at secondary with no students present in the teacher's classroom. We also realize that schools have created a study hall to allow for students to stay at school to complete their learning in the afternoon. Please provide an answer to the following four questions by Tuesday, October 6th at 4:00p.m. Your valued feedback will inform our response to Trustees.

1. #1. Are you able to allow your staff to work from home and deliver the afternoon program to students?

Mark only one oval.

Yes

No

2. 2. Can your Student Supervisor(s) address supervision requirements associated with your afternoon study hall for your students?

Mark only one oval.
