

Appendix A: Examples of eligible project activities under the CVRIS-EDU

Promoting Occupant Health and Safety

- Installing fixed hand washing / sanitizing stations to meet needs that cannot be met by current washrooms.
- Installing fixed bottled water refilling stations to compensate for water fountains that have been disabled, or replacing water stations that can support safe, physically distant access to water.
- Safety retrofits and barriers (e.g. room/gym partitions) to reduce social interaction especially for open-concept areas.
- Reducing the number of touch points (e.g. automatic door openers and water faucets).

Improving Facility Condition

- Improving ventilation in buildings and portables, which could include:
 - Renewal and repair of existing heating, ventilation and air-conditioning (HVAC) units;
 - Installing mechanical ventilation in buildings where none currently exist;
 - Installing cooling / air conditioning units; and
 - Window repair or replacement for fresh air intake.
- Retrofitting or replacing (where it is more cost effective to do so) older portables with inadequate ventilation systems.
- Installation of new fixed bottled water filling stations and/or replacement of existing water filling stations.

Enhancing Physical Distancing

- Retrofit projects to support physical distancing and address over-crowding. For example:
 - Retrofitting used/unused classroom space to support physical distancing.
 - Creating cooling centers in schools where air conditioning does not currently exist to allow boards to maximize the use of classroom / non-classroom space (e.g., libraries and cafeterias) to facilitate physical distancing.
 - Installing / replacing moveable room partitions for open areas.
- Creation of separate entrances / exits with appropriate security enhancements, where not already in place, to support physical distancing.
- Creating new playground space to separate groups and promote additional outdoor programming (e.g., childcare or other).

Addressing Child Care Needs in School Facilities

- Retrofitting used/unused classroom space to support expansion of child care spaces.
- Extension of projects like those listed above – such as:

- improvements to ventilation.
- installing new or additional hand-washing stations, and/or washrooms.
- measures that support physical distancing or cohorting for children in child care centres based in school board facilities.
- creating sperate entrances / exits with appropriate security enhancements.
- creating new playground space to separate groups and promote outdoor programming.

Facilitating Distance Learning

- Fixed IT assets to support distance learning, such as network infrastructure, retrofits and upgrades, WIFI access points and broadband.
