

General Feedback: Trustees	General Feedback: Staff
<p>That the Board create playground templates that schools can select one or two playground options from.</p>	<p>That the Board issue RFQ's for unit price contracts for various landscape elements (based on application frequency) to provide the best price for individual schools.</p>
<p>That funds be distributed between the wards in an equitable manner or per pupil.</p>	<p>That the name of the reserve fund be changed from Ward Priorities Playground Reserve to Ward Priorities School Ground Landscape Reserve to convey a broader description of the uses of the reserve for various school ground landscape improvements rather than just playground improvements.</p>
Application Process Feedback: Trustees	Application Process Feedback: Staff
<p>That it be made clearer that the funds may be divided between any number of applicants in a ward based on the consensus decision made by the Selection Committee.</p>	<p>That the Information Technology Department work with the Sustainable Outdoor Environment Supervisor to develop and create an online form (rather than .pdf form) for application submission, including a location where applicants can upload supporting documents. This will facilitate more efficient collection of information and processing of application data, dollar values and school contact information.</p>
	<p>That a more user-friendly document outlining the application process for the local Outdoor Committees be developed to provide additional resources to new committees.</p>

Selection Committee Feedback: Trustees	Selection Committee Feedback: Staff
<p>That CPIC representatives not be included in the Selection Committees as it is not their mandate; CSPC representatives could serve on Selection Committees.</p>	<p>That the Sustainable Outdoor Environment Supervisor and/or Sustainable Outdoor Environment Officer chair each Selection Committee Meeting for continuity between each meeting.</p>
<p>The better informed that a Trustee is on the feasible options for each applicant (as described by facilities staff), more informed decisions can be made on the best possible outcomes.</p>	<p>That the Sustainable Outdoor Environment Supervisor/Officer provide the Selection Committees with a brief summary of all applications in each ward prior to the selection meeting as well as a user-friendly document outlining the selection process for the members to reference prior to the meeting.</p>
	<p>That the Selection Committee Members be selected and meeting dates could be scheduled in coordination with the Sustainable Outdoor Environment Supervisor early in the Playground Reserve cycle.</p>
	<p>Playground Reserve allocations should be recorded in a standardized format and that results be communicated to all applicants (whether successful or not) and all Selection Committee members.</p>
