Name	Patricia Cunningham
Committee	Student Achievement and Well-Being
Date of Presentation	5/6/2021
Topic of Presentation	International Language Program Policy
Topic or Issue	The International Language Policy states that a survey sent to parents requires a 90% response rate for it to be considered viable.
Details	Setting a 90% response rate as a caveat means that even if 70% of our families responded, it wouldn't be enough and our voices wouldn't be heard. In essence more weight is put on the surveys that are not returned than those that are. At the end of the day, we as parents want our voices heard. Whatever the result may be, we want it to be our collective decision and not for the result to be based on a technicality.
Action Requested	Threshold to be reduced to a lower return rate (67%) for the results to be viable and 51% majority for the preferred selection. So on behalf of St. Francis Xavier, please lower the threshold and make it so we can have a say in our children's education.
