

Hello Mrs. Rizzo,

We have heard that the issue regarding ending the International Program has been raised again by one of the trustees.

The TCDSB has policies and procedures in place that must be followed. Policy states a school community can only be surveyed every three years and it has only been two. Also requests need to be presented at board before November 1st if they are within the 3-year threshold.

We ask that school communities be treated equally and not allow some to jump or bypass policy.

Thank you for your attention.

Stay safe.

Mary Ma
