Brief Summary of the Topic of Deputation:

Notre Dame's gymnasium and combined stage facilities are not regulation size, requires renovation and repurposing of spaces. The school has many competitive sports teams, in addition to award winning drama and dance teams. The limited facilities are not conducive to optimizing the success of the teams. In addition, there is limit opportunities generally for girls to engage in physical activity and develop their skills.

Use of neighbouring school or public facilities results in sub-optimal scheduling, additional travel, and increased costs for the Notre Dame students. This introduces additional barriers to our female students in participating in sports and extra-curricular activities resulting in an inequitable educational opportunity.

Action Requested:

Invest in the Notre Dame facilities and resources to support student achievement with respect to physical education, and creative programs, increase student social engagement, and strength Health and Wellness (e.g., strategies for helping anxiety).
