DELEGATION REGISTRATION FORM FOR BOARD, STANDING OR OTHER COMMITTEES

Brief Summary of the Topic of Deputation:

School financing- our school not included in any preliminary budget considerations (per CFO presentation 2 March 2022)

Equity- our student population requires special consideration and funding being provided for them is not being equitably allocated to the resources required.

Inclusion- MoE initiatives are not being actively resourced to our school after being requested numerous times and our population is suffering from the exclusion.

Action Requested:

1. Provide the actuals vs budgeted financial specifically for St. Josaphat CCS based on the "MoE funding formula" as well as the additional allocated funds due for CUAET qualified recipients, as it pertains to St. Josaphat population
2. Provide the equitable amount, or alternatively create a special reserve fund, for the monies to be used as they are meant to.
3. Make St. Josaphat a priority: rehire the retired principals p/t to help alleviate the stress on our administration and kids, and bring in the funding allocated for tutoring by the MoE to our school to support our students in the classrooms.
4. Lets work together to make a positive impact in our children's lives.
