Notice of Motion

Moved by Angela Kennedy and seconded by Garry Tanuan

Whereas Senator O'Connor and St John Paul II are over-subscribed Secondary Schools

Whereas both schools have regional programmes i.e. Gifted and French Immersion which could be housed in any school since these programmes **should be** available to any student.

Whereas in some cases, students in eligible feeder schools have been denied access to their community school for regular programming i.e. St Timothy and St Gerald

Whereas St Patrick and Blessed Mother Theresa are under-enrolled Secondary Schools

Whereas there is a need for fair and equitable distribution of programmes across the board **that** will benefit everyone and is the ideal model

Therefore be it resolved that the Board of Trustees request a report that will provide details **RE:** the feasibility of relocating the French immersion programme and the gifted programme from Senator O'Connor to St Patrick and from St John Paul II to Blessed Mother Theresa.

Submitted by Angela Kennedy and Garry Tanuan
