Achievement	Universal Design and Differentiated Instruction in Action	All Secondary Teachers	All Grade 9 classes now operate as de-streamed. There are many levels of learners in one class. Employing the Universal Design for Learning Framework creates opportunities for multiple entry points into the learning for students. By using firm goals and flexible means, more students have opportunities to achieve success. Using Differentiated Instruction strategies allows teachers to reach students who may need further support as well. The benefits of using a UDL Framework can be applied to secondary classrooms in both the intermediate and senior grades.	February 14, 2025	Secondary	50
