Notes:

- "Eligible Students" defined by MPAC as a child who is part of a English-Separate School Supporting household
- Catholic Service Factor is determined by dividing {the total number of TCDSB students who reside in Ward } by {the total number of Eligible Students who reside in Ward}
- Records with 0000 year of birth were filtered by Occupancy Status, using only those classified as a "Child, Boarder, Lodger, or Roomer". 36.5% of these records were reallocated to Elementary eligible students based on City of Toronto demographic trends from the 2011 Census (i.e. a minimum of 10% and a maximum of 63% of these records are elementary aged children - the midpoint between the minimum and maximum was used).
- MPAC data limitations:
 - Voluntary survey
 - Missing birth days (0000 year of birth - usually tenants)
 - Missing residents/residents not assessed (most recent MPAC Population Report shows 300,000 fewer residents)
 - Duplication of information for tenants
 - School support defaults to English-Public if ratepayer does not declare religion and school support
