Details	<p>I'm having a hard time understanding the reason why we are still talking about this. Director Gauthier and the staff of the Toronto Catholic District School Board all agreed to have St. Gregory, Nativity, Mother Cabrini, St. Marcellus and Our Lady of Sorrows remain status quo (unchanged) and that a possible location in the south/central Etobicoke area for a new elementary school to help alleviate enrollment pressure. The community is going through a changeover (old to young) and has been for a bit, so this should not be a shock that enrollment is just going to keep getting higher. It has been noted the enrollment is taking too much on St Gregory. Why is that instead of finding a solution to the problem that has been there for years, we are still talking about this boundary change? Is there a reason why we haven't found a solution and yet we keep going to back to this? Is there a hidden agenda behind all of this?</p> <p>In your report dated March 2, 2017 section 15.d Paragraph - D Evidence/Research/Analysis - 10 Traffic Report, you have listed that between 2012 and 2016, there were 26 personal injuries. 6 were pedestrian and 2 were cyclists. The times are between 8-9am and 3-6pm. The ages are 0-4, 5 were hurt and from the ages of 5-14, 10 were hurt. Is that not already too many children getting hurt?</p> <p>Let's move forward and start looking a solution for other generations. Enough time has been spent on not fixing the problem. Etobicoke needs a new school.</p>

Action Requested	That the Committee and the Board accept Director Gauthier's recommendation and to establishing a new elementary school. As well, an audit on to verify that all that are enrolled are within the school boundary.
