Subject: St. Gregory Catholic School - Boundaries Review

Importance: High

To Whom It May Concern:

I would like to relay my concern and disapproval of the boundary changes that may be effecting St. Gregory. I do not believe it is in the best interest of the students to allow for a boundary change that promotes children of such young ages to cross a major highway to attend at elementary school on a daily basis. The safety of the children must come first and be of high priority to the TCDSB.
