Name	Rita Marrari
Committee	Corporate Affairs Strategic Planning and Property
Date of Presentation	4/12/2018
Topic of Presentation	New School for Nativity of Our Lord
Topic or Issue	Nativity of Our Lord requests to be moved up the Capital Priorities list for a replacement school with integrated daycare.
Details	As a former student, I was surprised by the condition of the school when it came time to register my twin boys for FDK. I assumed that, with the addition of the JK/SK wing in 2012, upgrades had been completed to the original building. I was therefore surprised to discover many original fittings (i.e. bathrooms, water fountains) from when I attended Nativity. The current deferred maintenance is more than \$4 million and there are many deficiencies that pose safety risks to our students including windows that close unexpectedly (resulting in at least 1 injury), 50-year old asbestos tiles and no fire sprinkler system. Nativity has recently been chosen as the site for a new daycare scheduled to be built as yet another addition. The community would be better served by building a fully integrated daycare/new building rather than yet another add-on wing to the school.
Action Requested	Continued study of feasibility of a new school for Nativity of Our Lord
